## NOTICE TO INVESTORS

The distribution of the Draft Letter of Offer, this Letter of Offer, the Abridged Letter of Offer, Application Form and Rights Entitlement Letter and the issue of Rights Entitlement (collectively “**Issue Material**”) and Rights Equity Shares to persons in certain jurisdictions outside India may be restricted by legal requirements prevailing in those jurisdictions. Persons into whose possession this Letter of Offer, the Abridged Letter of Offer or Application Form may come are required to inform themselves about and observe such restrictions. Our Company is making this Issue on a rights basis to the Eligible Equity Shareholders and will electronically dispatch through email and physical dispatch through speed post this Letter of Offer / Abridged Letter of Offer and Application Form and Rights Entitlement Letter only to Eligible Equity Shareholders who have a registered address in India or who have provided an Indian address to our Company. Further, this Letter of Offer will be provided, through email and speed post, by the Registrar on behalf of our Company to the Eligible Equity Shareholders who have provided their Indian addresses to our Company or who are located in jurisdictions where the offer and sale of the Rights Equity Shares is permitted under laws of such jurisdictions and in each case who make a request in this regard. Investors can also access the Draft Letter of Offer, this Letter of Offer, the Abridged Letter of Offer and the Application Form from the websites of the Registrar, our Company, the Lead Managers, SEBI and the Stock Exchanges.

No action has been or will be taken to permit the Issue in any jurisdiction where action would be required for that purpose. Accordingly, the Rights Entitlements or Rights Equity Shares may not be offered or sold, directly or indirectly, and the Draft Letter of Offer, this Letter of Offer, the Abridged Letter of Offer or any offering materials or advertisements in connection with the Issue may not be distributed, in whole or in part, in any jurisdiction, except in accordance with legal requirements applicable in such jurisdiction. Receipt of the Draft Letter of Offer, this Letter of Offer or the Abridged Letter of Offer will not constitute an offer in those jurisdictions in which it would be illegal to make such an offer and, in those circumstances, the Draft Letter of Offer, this Letter of Offer and the Abridged Letter of Offer must be treated as sent for information purposes only and should not be acted upon for subscription to the Rights Equity Shares and should not be copied or redistributed. Accordingly, persons receiving a copy of the Draft Letter of Offer, this Letter of Offer or the Abridged Letter of Offer or Application Form should not, in connection with the issue of the Rights Equity Shares or the Rights Entitlements, distribute or send the Draft Letter of Offer, this Letter of Offer or the Abridged Letter of Offer to any person outside India where to do so, would or might contravene local securities laws or regulations. If the Draft Letter of Offer, this Letter of Offer or the Abridged Letter of Offer or Application Form is received by any person in any such jurisdiction, or by their agent or nominee, they must not seek to subscribe to the Rights Equity Shares or the Rights Entitlements referred to in the Draft Letter of Offer, this Letter of Offer, the Abridged Letter of Offer or the Application Form.

Any person who makes an application to acquire the Rights Entitlements or the Rights Equity Shares offered in the Issue will be deemed to have declared, represented, warranted and agreed that such person is authorised to acquire the Rights Entitlements or the Rights Equity Shares in compliance with all applicable laws and regulations prevailing in his jurisdiction. Our Company, the Registrar, the Lead Managers or any other person acting on behalf of our Company reserves the right to treat any Application Form as invalid where they believe that Application Form is incomplete or acceptance of such Application Form may infringe applicable legal or regulatory requirements and we shall not be bound to allot or issue any Rights Equity Shares or Rights Entitlement in respect of any such Application Form. Neither the delivery of this Letter of Offer nor any sale hereunder, shall, under any circumstances, create any implication that there has been no change in our Company’s affairs from the date hereof or the date of such information or that the information contained herein is correct as at any time subsequent to the date of this Letter of Offer or the date of such information.

Neither the delivery of the Draft Letter of Offer, this Letter of Offer, the Abridged Letter of Offer, Application Form and Rights Entitlement Letter nor any sale hereunder, shall, under any circumstances, create any implication that there has been no change in our Company’s affairs from the date hereof or the date of such information or that the information contained herein is correct as at any time subsequent to the date of the Draft Letter of Offer, this Letter of Offer and the Abridged Letter of Offer and the Application Form and Rights Entitlement Letter or the date of such information.

**LEGAL, BUSINESS, TAX AND RELATED MATTERS CONCERNING THE OFFER OF EQUITY SHARES. IN ADDITION, NEITHER OUR COMPANY NOR THE LEAD MANAGERS IS MAKING ANY REPRESENTATION TO ANY OFFEREE OR PURCHASER OF THE EQUITY SHARES REGARDING THE LEGALITY OF AN INVESTMENT IN THE EQUITY SHARES BY SUCH OFFEREE OR PURCHASER UNDER ANY APPLICABLE LAWS OR REGULATIONS.**

#### **NO OFFER IN THE UNITED STATES**

The Rights Entitlements and the Rights Equity Shares have not been and will not be registered under the Securities Act or the securities laws of any state of the United States and may not be offered or sold in the United States of America or the territories or possessions thereof (“**United States**”), except in a transaction not subject to, or exempt from, the registration requirements of the Securities Act and applicable state securities laws. The offering to which this Letter of Offer relates is not, and under no circumstances is to be construed as, an offering of any Rights Equity Shares or Rights Entitlement for sale in the United States or as a solicitation therein of an offer to buy any of the Rights Equity Shares or Rights Entitlement. There is no intention to register any portion of the Issue or any of the securities described herein in the United States or to conduct a public offering of securities in the United States. Accordingly, this Letter of Offer / Abridged Letter of Offer and the enclosed Application Form and Rights Entitlement Letters should not be forwarded to or transmitted in or into the United States at any time. In addition, until the expiry of 40 days after the commencement of the Issue, an offer or sale of Rights Entitlements or Rights Equity Shares within the United States by a dealer (whether or not it is participating in the Issue) may violate the registration requirements of the Securities Act.

Neither our Company nor any person acting on our behalf will accept a subscription or renunciation from any person, or the agent of any person, who appears to be, or who our Company or any person acting on our behalf has reason to believe is in the United States when the buy order is made. Envelopes containing an Application Form and Rights Entitlement Letter should not be postmarked in the United States or otherwise dispatched from the United States or any other jurisdiction where it would be illegal to make an offer, and all persons subscribing for the Rights Equity Shares Issue and wishing to hold such Equity Shares in registered form must provide an address for registration of these Equity Shares in India. Our Company is making the Issue on a rights basis to Eligible Equity Shareholders and the Letter of Offer / Abridged Letter of Offer and Application Form and Rights Entitlement Letter will be dispatched only to Eligible Equity Shareholders who have an Indian address. Any person who acquires Rights Entitlements and the Rights Equity Shares will be deemed to have declared, represented, warranted and agreed that, (i) it is not and that at the time of subscribing for such Rights Equity Shares or the Rights Entitlements, it will not be, in the United States, and (ii) it is authorized to acquire the Rights Entitlements and the Rights Equity Shares in compliance with all applicable laws and regulations.

Our Company reserves the right to treat any Application Form as invalid which: (i) does not include the certification set out in the Application Form to the effect that the subscriber is authorised to acquire the Rights Equity Shares or Rights Entitlement in compliance with all applicable laws and regulations; (ii) appears to us or our agents to have been executed in or dispatched from the United States; (iii) where a registered Indian address is not provided; or (iv) where our Company believes that Application Form is incomplete or acceptance of such Application Form may infringe applicable legal or regulatory requirements; and our Company shall not be bound to allot or issue any Rights Equity Shares or Rights Entitlement in respect of any such Application Form.

Rights Entitlements may not be transferred or sold to any person in the United States.

The Rights Entitlements and the Equity Shares have not been approved or disapproved by the US Securities and Exchange Commission (the “**US SEC**”), any state securities commission in the United States or any other US regulatory authority, nor have any of the foregoing authorities passed upon or endorsed the merits of the offering of the Rights Entitlements, the Equity Shares or the accuracy or adequacy of this Letter of Offer. Any representation to the contrary is a criminal offence in the United States.

The above information is given for the benefit of the Applicants / Investors. Our Company and the Lead Managers are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Letter of Offer. Investors are advised to make their independent investigations and ensure that the number of Rights Equity Shares applied for do not exceed the applicable limits under laws or regulations.

## ENFORCEMENT OF CIVIL LIABILITIES

The Company is a Public Limited (Listed) Company under the laws of India and all the Directors and all Executive Officers are residents of India. It may not be possible or may be difficult for investors to affect service of process upon the Company or these other persons outside India or to enforce against them in courts in India, judgments obtained in courts outside India. India is not a party to any international treaty in relation to the automatic recognition or enforcement of foreign judgments.

However, recognition and enforcement of foreign judgments is provided for under Sections 13, 14 and 44A of the Code of Civil Procedure, 1908, as amended (the “**Civil Procedure Code**”). Section 44A of the Civil Procedure Code provides that where a certified copy of a decree of any superior court (within the meaning of that section) in any country or territory outside India which the Government of India has by notification declared to be a reciprocating territory, is filed before a district court in India, such decree may be executed in India as if the decree has been rendered by a district court in India. Section 44A of the Civil Procedure Code is applicable only to monetary decrees or judgments not being in the nature of amounts payable in respect of taxes or other charges of a similar nature or in respect of fines or other penalties. Section 44A of the Civil Procedure Code does not apply to arbitration awards even if such awards are enforceable as a decree or judgment. Among others, the United Kingdom, Singapore, Hong Kong and the United Arab Emirates have been declared by the Government of India to be reciprocating territories within the meaning of Section 44A of the Civil Procedure Code.

The United States has not been declared by the Government of India to be a reciprocating territory for the purposes of Section 44A of the Civil Procedure Code. Under Section 14 of the Civil Procedure Code, an Indian court shall, on production of any document purporting to be a certified copy of a foreign judgment, presume that the judgment was pronounced by a court of competent jurisdiction unless the contrary appears on the record; but such presumption may be displaced by proving want of jurisdiction.

A judgment of a court in any non-reciprocating territory, such as the United States, may be enforced in India only by a suit upon the judgment subject to Section 13 of the Civil Procedure Code, and not by proceedings in execution. Section 13 of the Civil Procedure Code, which is the statutory basis for the recognition of foreign judgments (other than arbitration awards), states that a foreign judgment shall be conclusive as to any matter directly adjudicated upon between the same parties or between parties under whom they or any of them claim litigating under the same title except where:

- The judgment has not been pronounced by a court of competent jurisdiction;
- The judgment has not been given on the merits of the case;
- The judgment appears on the face of the proceedings to be founded on an incorrect view of international law or a refusal to recognize the law of India in cases where such law is applicable;
- The proceedings in which the judgment was obtained are opposed to natural justice;
- The judgment has been obtained by fraud; and/or
- The judgment sustains a claim founded on a breach of any law in force in India.

A suit to enforce a foreign judgment must be brought in India within three years from the date of the judgment in the same manner as any other suit filed to enforce a civil liability in India. It is unlikely that a court in India would award damages on the same basis as a foreign court if an action is brought in India. In addition, it is unlikely that an Indian court would enforce foreign judgments if it considered the amount of damages awarded as excessive or inconsistent with public policy or if the judgments are in breach of or contrary to Indian law. A party seeking to enforce a foreign judgment in India is required to obtain prior approval from the Reserve Bank of India to repatriate any amount recovered pursuant to execution of such judgment. Any judgment in a foreign currency would be converted into Rupees on the date of such judgment and not on the date of payment and any such amount may be subject to income tax in accordance with applicable laws. The Company cannot predict whether a suit brought in an Indian court will be disposed of in a timely manner or be subject to considerable delays.

## PRESENTATION OF FINANCIAL INFORMATION

### Certain Conventions

All references to “India” contained in this Letter of Offer are to the Republic of India and its territories and possessions and all references herein to the “Government”, “Indian Government”, “GoI”, Central Government” or the “State Government” are to the Government of India, central or state, as applicable.

Unless otherwise specified or the context otherwise requires, all references in this Letter of Offer to the ‘US’ or ‘U.S.’ or the ‘United States’ are to the United States of America and its territories and possessions.

Unless otherwise specified, any time mentioned in this Letter of Offer is in Indian Standard Time (“IST”). Unless indicated otherwise, all references to a year in this Letter of Offer are to a calendar year.

A reference to the singular also refers to the plural and one gender also refers to any other gender, wherever applicable.

Unless stated otherwise, all references to page numbers in this Letter of Offer are to the page numbers of this Letter of Offer.

### Financial Data

Unless stated otherwise or the context otherwise requires, the financial information and financial ratios in this Letter of Offer has been derived from our Financial Statements. For details, please see “*Financial Information*” on page 148. Our Company’s financial year commences on April 01 and ends on March 31 of the next year. Accordingly, all references to a particular financial year, unless stated otherwise, are to the twelve (12) month period ended on March 31 of that year.

The GoI has adopted the Indian accounting standards (“**Ind AS**”), which are converged with the International Financial Reporting Standards of the International Accounting Standards Board (“**IFRS**”) and notified under Section 133 of the Companies Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (the “**Ind AS Rules**”).

The Restated Consolidated Financial Statements of our Company, its Subsidiaries for the Financial Years ended March 2023, 2022 and 2021 prepared in accordance with Ind AS as prescribed under Section 133 of Companies Act read with the Ind AS Rules and other the relevant provisions of the Companies Act and restated in accordance with the SEBI ICDR Regulations and the Guidance Note on Reports in Company Prospectuses (revised), 2019, issued by the ICAI. Our Company publishes its financial statements in Indian Rupees.

In this Letter of Offer, any discrepancies in any table between the total and the sums of the amounts listed are due to rounding off and unless otherwise specified all financial numbers in parenthesis represent negative figures. Our Company has presented all numerical information in this Letter of Offer in “lakh” units or in whole numbers where the numbers have been too small to represent in lakh. One lakh represents 1,00,000 and one million represents 1,000,000.

There are significant differences between Ind AS, US GAAP and IFRS. We have not provided a reconciliation of the financial information to IFRS or US GAAP. Our Company has not attempted to also explain those differences or quantify their impact on the financial data included in this Letter of Offer, and you are urged to consult your own advisors regarding such differences and their impact on our financial data. Accordingly, the degree to which the financial information included in this Letter of Offer will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting policies and practices, Ind AS, the Companies Act and the SEBI ICDR Regulations. Any reliance by persons not familiar with these accounting principles and regulations on our financial disclosures presented in this Letter of Offer should accordingly be limited. For further information, see “*Financial Information*” on page 148.

Certain figures contained in this Letter of Offer, including financial information, have been subject to rounded off adjustments. All figures in decimals (including percentages) have been rounded off to one or two decimals. However, where any figures that may have been sourced from third-party industry sources are rounded off to other than two decimal points in their respective sources, such figures appear in this Letter of Offer rounded-off to such number of decimal points as provided in such respective sources. In this Letter of Offer, (i) the sum or percentage change of certain numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a

column or row in certain tables may not conform exactly to the total figure given for that column or row. Any such discrepancies are due to rounding off.

### Currency and Units of Presentation

All references to:

- “Rupees” or “₹” or “INR” or “Rs.” are to Indian Rupee, the official currency of the Republic of India;
- “USD” or “US\$” or “\$” are to United States Dollar, the official currency of the United States of America; and
- “Euro” or “€” are to Euros, the official currency of the European Union.
- "LKR", the official currency of Sri Lanka.

Our Company has presented certain numerical information in this Letter of Offer in “lakh” or “Lac” units. One lakh represents 1,00,000 and one million represents 1,000,000. All the numbers in the document have been presented in lakh or in whole numbers where the numbers have been too small to present in lakh. Any percentage amounts, as set forth in “*Risk Factors*”, “*Our Business*”, “*Management’s Discussion and Analysis of Financial Conditions and Results of Operation*” and elsewhere in this Letter of Offer, unless otherwise indicated, have been calculated based on our Restated Consolidated Financial Information.

### Exchange Rates

This Letter of Offer contains conversions of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Indian Rupee and other foreign currencies:

Currency	Exchange rate as on		
	March 31, 2023	March 31, 2022	March 31, 2021
1 USD	82.22	75.80	73.53
1 Euro	89.61	84.66	86.10
1 LKR	0.25	0.25	0.36

### Industry and Market Data

Unless stated otherwise, industry and market data used in this Letter of Offer has been obtained or derived from publicly available information as well as industry publications and sources. Industry publications generally state that the information contained in such publications has been obtained from publicly available documents from various sources believed to be reliable. The data used in these sources may have been reclassified by us for the purposes of presentation. Data from these sources may also not be comparable. Accordingly, investment decisions should not be based solely on such information. Such data involves risks, uncertainties and numerous assumptions and is subject to change based on various factors, including those discussed in “*Risk Factors*” on page 24, this Letter of Offer.

The extent to which the market and industry data used in this Letter of Offer is meaningful depends on the reader’s familiarity with and understanding of the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which the business of our Company is conducted, and methodologies and assumptions may vary widely among different industry sources.

## FORWARD - LOOKING STATEMENTS

This Letter of Offer contains certain “forward-looking statements”. Forward looking statements appear throughout this Letter of Offer, including, without limitation, under the chapters titled “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” and “*Industry Overview*”. Forward-looking statements include statements concerning our Company’s plans, objectives, goals, strategies, future events, future revenues or financial performance, capital expenditures, financing needs, plans or intentions relating to acquisitions, our Company’s competitive strengths and weaknesses, our Company’s business strategy and the trends our Company anticipates in the industries and the political and legal environment, and geographical locations, in which our Company operates, and other information that is not historical information. These forward-looking statements generally can be identified by words or phrases such as “aim”, “anticipate”, “believe”, “continue”, “can”, “could”, “expect”, “estimate”, “intend”, “likely”, “may”, “objective”, “plan”, “potential”, “project”, “pursue”, “shall”, “seek to”, “will”, “will continue”, “will pursue”, “forecast”, “target”, or other words or phrases of similar import. Similarly, statements that describe the strategies, objectives, plans or goals of our Company are also forward-looking statements. However, these are not the exclusive means of identifying forward-looking statements.

All statements regarding our Company’s expected financial conditions, results of operations, business plans and prospects are forward-looking statements. These forward-looking statements include statements as to our Company’s business strategy, planned projects, revenue and profitability (including, without limitation, any financial or operating projections or forecasts), new business and other matters discussed in this Letter of Offer that are not historical facts. These forward-looking statements contained in this Letter of Offer (whether made by our Company or any third party), are predictions and involve known and unknown risks, uncertainties, assumptions and other factors that may cause the actual results, performance or achievements of our Company to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or other projections.

Actual results may differ materially from those suggested by the forward-looking statements due to risks or uncertainties associated with our expectations with respect to, but not limited to, regulatory changes pertaining to the industry in which our Company operates and our ability to respond to them, our ability to successfully implement our strategy, our growth and expansion, the competition in our industry and markets, technological changes, our exposure to market risks, general economic and political conditions in India and globally which have an impact on our business activities or investments, the monetary and fiscal policies of India, inflation, deflation, unanticipated turbulence in interest rates, foreign exchange rates, equity prices or other rates or prices, the performance of the financial markets in India and globally, changes in laws, regulations and taxes, incidence of natural calamities and/or acts of violence. Important factors that could cause actual results to differ materially from our Company’s expectations include, but are not limited to, the following:

- Changes in government policies and the regulatory frameworks supporting renewable energy development;
- Decline in market electricity prices;
- We may not have adequate insurance to cover the hazards of our business;
- We may be unable to keep pace with technical and technological developments in our industry;
- Changes in weather conditions, which may affect wind patterns;
- Economic, political and social developments in India and other jurisdictions in which we operate;
- Risks arising from interest rate and currency rate fluctuations;
- Changes in legislation governing the tax regimes under which we operate.

For further discussion of factors that could cause the actual results to differ from our estimates and expectations, see “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” beginning on pages 24, 113 and 215, respectively, of this Letter of Offer. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

We cannot assure investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Forward-looking statements reflect the current views of our Company as of the date of this Letter of Offer and are not a guarantee of future performance. These statements are based on the management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which

these forward-looking statements are based on reasonable assumptions, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. Neither our Company, our Directors, our Promoters, the LMs, the Syndicate Member(s) nor any of their respective affiliates or advisors have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with the SEBI ICDR Regulations, our Company and the Lead Managers will ensure that investors are informed of material developments from the date of this Letter of Offer until the time of receipt of the listing and trading permissions from the Stock Exchange.

## SUMMARY OF THIS LETTER OF OFFER

The following is a general summary of the terms of this Issue, and should be read in conjunction with and is qualified by the more detailed information appearing in this Letter of Offer, including the sections titled “*Risk Factors*”, “*The Issue*”, “*Capital Structure*”, “*Objects of the Issue*”, “*Our Business*”, “*Industry Overview*”, “*Outstanding Litigation and Material Developments*” and “*Terms of the Issue*” on pages 24, 74, 82, 85, 113, 100, 230 and 248 respectively.

### 1. Summary of Industry

Power is among the most critical components of infrastructure, crucial for the economic growth and welfare of nations. Sources of power generation range from conventional sources such as coal, lignite, natural gas, oil, hydro and nuclear power to viable non-conventional sources such as wind, solar, and agricultural and domestic waste. Electricity demand in the country has increased rapidly and is expected to rise further in the years to come. In order to meet the increasing demand for electricity in the country, massive addition to the installed generating capacity is required.

For further details, please refer to the chapter titled “*Industry Overview*” at page 100 of this Letter of Offer.

### 2. Summary of primary Business

We are an Indian independent renewable energy-based power generation company focused on developing, owning and operating a diversified portfolio of renewable energy power plants. Currently our portfolio includes wind energy. As of March 31, 2023, our aggregate installed capacity is 402.3 Mega Watt (MW). We have expanded our business by acquiring operating and development renewable energy assets from third parties and by developing greenfield projects. We have a diverse customer base with a mixture of off-take arrangements. Our customers include State utilities, private commercial and industrial consumers. We have 45 customers in total and out of the same only 2 are state owned utilities and remaining are commercial and industrial customers.

For further details, please refer to the chapter titled “*Our Business*” at page 113 of this Letter of Offer.

### 3. Our Promoters

The Promoters of our Company are Janati Bio Power Private Limited, Nivedana Power Private Limited, Syandana Energy Private Limited and SVL Limited.

SEPC *vide* its letter dated September 24, 2022 had requested our Company for reclassification from the promoter category to the public category, in view of its change in management and control pursuant to restructuring of debts under the “*Prudential Framework for Resolution of Stressed Assets*”. Our Company had made an application dated November 30, 2022 to the Stock Exchanges under Regulation 31A of the SEBI Listing Regulations seeking reclassification of SEPC to public category. BSE Limited and National Stock Exchange of India Limited have *vide* their letters dated June 28, 2023, each have approved the reclassification of SEPC Limited from the promoter category to the public category. Therefore, as of date of this Letter of Offer, SEPC Limited is not one of the Promoters of our Company.

For further details please see chapter titled “*Our Promoters*” beginning on page 143 of this Letter of Offer.

### 4. Objects of the Issue

The Net Proceeds are proposed to be used in the manner set out in the following table:

		(₹ in lakhs)

	<b>Net proceeds from the Issue</b>	<b>22,768.30</b>

^Our Company had availed a term loan from Yes Bank Limited for an amount aggregating to ₹ 5,000 lakhs which was repayable in 39 quarterly instalments commencing from December 2016 and ending on June 2026. In the Draft Letter of Offer, our Company had disclosed that it proposed to utilize an aggregate amount of ₹ 1,500 lakhs from the Net Proceeds towards full or partial re-payment or prepayment of the secured loans availed by our Company from Yes Bank Limited. However, on July 28, 2023, our Company has repaid the entire amount outstanding against the secured loan availed from Yes Bank Limited aggregating to ₹1,349.08 lakhs. The repayment of the loan has been made through an unsecured loan which was availed from Gamma Green Power Private Limited, one of the Subsidiaries of our Company. Therefore, a portion of the proceeds of the Issue shall be utilised towards repayment of unsecured loan amounting to ₹ 1,500 lakhs availed from Gamma Green Power Private Limited.

For further details, please see chapter titled “Objects of the Issue” beginning on page 85 of this Letter of Offer.

## 7. Risk Factors

The top ten operating risks associated with our Company have been provided below:

- 1) Due to the seasonal nature of the industry we operate in, we may not be able to achieve complete utilisation of the windmills owned and operated by our Company, which in turn could materially and adversely affect our business, prospects, financial condition and results of operation;
- 2) Our operating projects are located in four states in India and expanding into other states poses risks;
- 3) Net Worth of certain of our Subsidiaries has experienced consistent fall in the preceding three years. Further, two of our Subsidiaries, namely Amrit Environmental Technologies Private Limited and Orient Green Power D.O.O are no longer operational. Our Subsidiary, Orient Green Power (Maharashtra) Private Limited has been struck off and therefore is no longer in existence and, Amrit Environmental Technologies Private Limited has defaulted in repayment of a loan availed from IL&FS Financial Services Limited;
- 4) One of our Subsidiaries, Amrit Environmental Technologies Private Limited, has defaulted in repayment of a loan availed from IL&FS Financial Services Limited. In the event any adverse actions are taken against our Subsidiary in view of the default, our reputation, business, financial condition and results of operation could be adversely affected;
- 5) Our business is working capital intensive. If we experience insufficient cash flows to meet required payments on our debt and working capital requirements, there may be an adverse effect on our operations;
- 6) We may not be able to obtain, renew or maintain our statutory and regulatory permits and approvals required to operate our businesses on time or at all. Any failure to renew the approvals that have expired or apply for and obtain the required approvals, licenses, registrations or permits, or any suspension or revocation of any of the approvals, licenses, registrations and permits that have been or may be issued to us, may adversely affect our operations;
- 7) We conduct a significant portion of our development activities and operations through certain of our Subsidiaries and through third party developers, over which we may not have full control. 100% of our revenue on a consolidated basis, was contributed by our Subsidiaries, during the Financial Years ended March 31, 2023, March 31, 2022 and March 31, 2021. Further, out of our 9 Subsidiaries, 4 of our Subsidiaries have contributed 0% to the consolidated revenue of our Company in the preceding three Fiscals. The realization of any of the risks inherent in our operations conducted through certain of our Subsidiaries and third party developers and other factors may lead to disputes, loss of deposits paid and may affect the operations of our Company and our Subsidiaries and, as a result, our financial condition and results of operations may be materially and adversely affected;
- 8) The Equity Shares of one of our Promoters, Janati Bio Power Private Limited have been pledged as collateral security in favor of Barclays Bank PLC (Catalyst Trusteeship Limited acting as a security trustee on behalf of Barclays Bank PLC). Our business, financial condition and results of operations may be adversely affected in the event of enforcement of the pledge provided by our Promoter;
- 9) Our Company and our Subsidiaries have availed a significant amount of loans from our lenders. Any default in repayment of these loans, could significantly impact our business operations, results of operation and financial condition; and
- 10) We have incurred losses in the recent past. Further, we have a low profit margin and our business is significantly dependent upon loans availed by our Company from our Promoters, Subsidiaries and third parties. Continuous financial losses incurred by us may be perceived adversely by external parties such as clients and bankers, which could affect our reputation, business, financial condition and results of operation and affect our ability to repay the loans availed by our Company.

Please see the chapter titled “*Risk Factors*” beginning on page 24 of this Letter of Offer.

## SECTION II - RISK FACTORS

*An investment in the Equity Shares involves a high degree of risk. You should carefully consider all the information in this Letter of Offer, including the risks and uncertainties described below, before making an investment in the Equity Shares. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Issue including the merits and risks involved. The risks described below are not the only ones relevant to us, our Equity Shares, the industry or the segment in which we operate. Additional risks and uncertainties, not presently known to us or that we currently deem immaterial may arise or may become material in the future and may also impair our business, results of operations and financial condition. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations, cash flows and financial condition could be adversely affected, the trading price of our Equity Shares could decline, and as prospective investors, you may lose all or part of your investment. You should consult your tax, financial and legal advisors about particular consequences to you of an investment in this Issue. The financial and other related implications of the risk factors, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are certain risk factors where the financial impact is not quantifiable and, therefore, cannot be disclosed in such risk factors.*

*To obtain a complete understanding, you should read this section in conjunction with the sections “Industry Overview”, “Our Business” and “Management’s Discussion and Analysis of Financial Position and Results of Operations” on pages 100, 113 and 215 of this Letter of Offer, respectively. The industry-related information disclosed in this section has been derived from publicly available documents from various sources believed to be reliable, but their accuracy and completeness are not guaranteed and their reliability cannot be assured. Neither our Company, nor any other person connected with the Issue, including the LM, has independently verified the information in the industry report or other publicly available information cited in this section.*

*This Letter of Offer also contains forward-looking statements that involve risks, assumptions, estimates and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and, in the section titled “Forward-Looking Statements” on page 17 of this Letter of Offer.*

*Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section. Unless the context requires otherwise, the financial information of our Company has been derived from the Restated Consolidated Financial Information, prepared in accordance with Ind AS and the Companies Act and restated in accordance with the SEBI ICDR Regulations.*

*Materiality:*

*The Risk Factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality of Risk Factors:*

- *Some events may not be material individually but may be found material collectively;*
- *Some events may have material impact qualitatively instead of quantitatively; and*
- *Some events may not be material at present but may have a material impact in future.*

*The financial and other related implications of risks concerned, wherever quantifiable have been disclosed in the risk factors mentioned below. However, there are risk factors where the impact may not be quantifiable and hence, the same has not been disclosed in such risk factors. The numbering of the risk factors has been done to facilitate ease of reading and reference and does not in any manner indicate the importance of one risk over another.*

*In this Letter of Offer, any discrepancies in any table between total and sums of the amount listed are due to rounding off.*

*In this section, unless the context requires otherwise, any reference to “we”, “us” or “our” refers to Orient Green Power Company Limited.*

*The risk factors are classified as under for the sake of better clarity and increased understanding.*

## INTERNAL RISK FACTORS

### BUSINESS RELATED RISKS

- 1. The Net Proceeds will be utilized by our Company and our Subsidiaries towards repayment or prepayment of loans availed by our Company and our Subsidiaries and accordingly, the utilization of the Net Proceeds will not result in creation of any tangible assets. Further, our Promoters have significant control over the Company and have the ability to direct our business and affairs; their interests may conflict with your interests as a shareholder.***

Our Company proposes to utilize the Net Proceeds towards repaying certain secured and unsecured loans availed by our Company and our Subsidiaries from our Promoter, Janati Bio Power Private Limited and other lenders. The details of the loans identified to be repaid or prepaid using the Net Proceeds by our Company and our Subsidiaries have been disclosed in the section titled “*Objects of the Issue*” on page 85 of this Letter of Offer. While we believe that utilization of Net Proceeds for repayment of secured and unsecured loans would help us to reduce our cost of debt and enable the utilization of our funds for further investment in business growth and expansion, the pre-payment of loans will not result in the creation of any tangible assets for our Company or our Subsidiaries. Additionally, Janati Bio Power Private Limited, has vide its letter dated September 7, 2022 confirmed that the application money due from it in lieu of its Rights Entitlements, can be adjusted towards the unsecured loan outstanding as of March 31, 2023, amounting to ₹ 15,150 lakhs, proposed to be repaid or pre-paid pursuant to this Issue. Accordingly, the utilization of Net Proceeds for repayment or pre-payment of unsecured loans to Janati Bio Power Private Limited would not result in an actual cash flow from our Company to our Promoter. Further, a portion of the Net Proceeds shall be utilized towards repayment of loans availed by our Subsidiaries and therefore to such extent, our Company will not be able to access and utilize the Net Proceeds and accordingly, there will not be a direct cash flow against such objects in our Company.

Furthermore, after the completion of the Issue, our Promoters will hold approximately 32.48% of the paid-up equity share capital of our Company assuming full subscription to the Rights Entitlement in the Issue. Our Promoters have *vide* their letters each dated January 12, 2023 undertaken to subscribe, jointly and/ or severally to the full extent of their Rights Entitlement and subscribe to the full extent of any Rights Entitlement that may be renounced in their favour by any other Promoters of our Company. So long as the Promoters have a majority holding, they will be able to elect the entire Board and control most matters affecting us, including the appointment and removal of the officers of our Company, our business strategy and policies and financing. Further, the extent of the Promoters’ shareholding in our Company may result in the delay or prevention of a change of management or control of our Company, even if such a transaction may be beneficial to the other shareholders of our Company.

- 2. Due to the seasonal nature of the industry we operate in, we may not be able to achieve complete utilisation of the windmills owned and operated by our Company, which in turn could materially and adversely affect our business, prospects, financial condition and results of operation.***

We are engaged in the business of generation of power using wind energy and therefore our business is subject to seasonal variations. Due to the inherent nature of this business and uncertainty of factors such as machine availability, wind availability, grid availability and air density factor, *etc.*, we may not be able to achieve complete capacity utilisation of the windmills owned and operated by us. Therefore, the installed capacity is not expected to provide the same generation throughout the year for our Company.

The various factors that affect the generation of power are machine availability, wind availability, grid availability and air density factor. While, machine availability is the only controllable factor wherein the expertise/efficiency of management plays a key role, however our windmills are subject to risks relating to break down maintenance which may in turn result in underutilization. Wind availability and air density factors are climate driven and such factors could impact the power generation. The generation during the peak season will be high and will reduce significantly during the lean season. Grid availability refers to the necessary infrastructure made available for transmitting the electricity generated to the power grid and is highly dependent upon the state governments/state owned discoms.

Historically, our wind farms located in India usually reach peak electricity output in the months of May to September, and lowest electricity output in the months of December to February. If the seasonal variations and fluctuations in wind conditions of these areas do not conform to our historical observations or do not

correspond to our assumptions, it may result in unexpected fluctuations in the electricity output and also significantly affect our capacity utilization. While any such material instances have not occurred in the past, in the event any such events occur, our results of operations could be adversely affected. Similarly, extreme wind or weather conditions, particularly those affecting multiple wind farms, could reduce our operational efficiency and electricity production, which could have a material adverse effect on our business, financial condition or results of operations.

**3. Our operating projects are located in four states in India and expanding into other states poses risks.**

Our operations have been geographically concentrated in the states of Andhra Pradesh, Gujarat, Karnataka and Tamil Nadu due to the potential for wind power availability, favourable incentives for renewable energy companies, attractive tariff structures and a shortage of electricity supply. A break-up of the state-wise revenues earned on a consolidated basis has been provided below:

*(₹ in lakhs)*

Name of the State/ Region	Fiscal 2023	Fiscal 2022	Fiscal 2021
<b>Revenue from Sale of Power</b>			
Tamil Nadu	17,758	17,564	17,342
Andhra Pradesh	2,118	3,244	3,106
Gujarat	2,212	2,138	1,868
Karnataka	86	789	862
<b>Total Indian Operations (i)</b>	<b>22,174</b>	<b>23,735</b>	<b>23,178</b>
Croatia, Europe (ii)	1,777	1,974	1,776
<b>Total Revenue from Sale of Power(A)=(i+ii)</b>	<b>23,951</b>	<b>25,709</b>	<b>24,954</b>
<b>Other Operating Revenues (REC &amp; GBI)</b>			
Tamil Nadu	1,453	4,706	3
Andhra Pradesh	213	318	311
Gujarat	214	330	207
<b>Total Other Operating Revenues- (B)</b>	<b>1,880</b>	<b>5,354</b>	<b>521</b>
<b>TOTAL REVENUE - (A)+(B)</b>	<b>25,831</b>	<b>31,063</b>	<b>25,475</b>

Our business is significantly dependent on the general economic condition and activity in the states in which we operate, and the central, state and local government policies relating to renewable energy. Although investment in the renewable energy sector in the areas in which we operate has been encouraged, there can be no assurance that this will continue.

This concentration of business subjects us to various risks, including but not limited to:

- weather condition in these states;
- seasonal variations in the demand of electricity in the states;
- vulnerability to change in laws, policies and regulations of the political and economic environment;
- perception by our potential customers that we are a regional power generation company which hampers us from competing for large and complex projects at the national level; and
- limitation on our ability to implement the strategy to our operations in the states where we intend to conduct business.

Existing and potential competitors to our businesses in these states may increase their focus on these states, which could reduce our market share. The concentration of our operations heightens our exposure to adverse developments related to competition, as well as economic, political, demographic and other changes, which may adversely affect our business prospects, financial conditions and results of operations. We cannot assure you that adverse developments associated with the regions will not impact on our business. If we are unable to mitigate the concentration risk, we may not be able to develop our business as planned and our business, financial condition and results of operation could be adversely affected.

We may expand geographically to other states with characteristics similar to the states in which we currently operate. We may not gain acceptance or be able to take advantage of expansion opportunities outside our current markets. This may place us at a competitive disadvantage and limit our growth opportunities. We face additional risks if we undertake projects in other geographic areas in which we do not possess the same level of familiarity. We may be affected by various factors, including but not limited to:

- adjusting our development and operational methods to different geographic areas and to comply with different legal and regulatory requirements;
- obtaining the necessary government and other approvals in time or at all;
- finding reputable turn-key contractors;
- attracting customers in a market in which we do not have significant experience; and
- hiring sufficiently experienced employees and absorbing increased management costs.

Further, our competition may have a significant foothold over such geographies. If we undertake any expansion, we may not be able to successfully manage some or all of these risks, which may have a material adverse effect on our revenues, profits and financial condition.

4. ***Net Worth of certain of our Subsidiaries has experienced consistent fall in the preceding three years. Further, two of our Subsidiaries, namely Amrit Environmental Technologies Private Limited and Orient Green Power D.O.O are no longer operational. Our Subsidiary, Orient Green Power (Maharashtra) Private Limited has been struck off and therefore is no longer in existence and Amrit Environmental Technologies Private Limited has defaulted in repayment of a loan availed from IL&FS Financial Services Limited.***

Some of our Subsidiaries have a negative Net Worth in the preceding three years, details of which are as under:

(₹ in lakhs)

Name of the entity	Net Worth		
	March 31, 2023	March 31, 2022	March 31, 2021
Amrit Environmental Technologies Private Limited	(8,049)	(7,842)	(6,857)
Beta Wind Farm Private Limited	(13,315)	(11,670)	(15,266)
Gamma Green Power Private Limited	(10,865)	(12,470)	(12,143)

There can be no assurance that the Net Worth of our Subsidiaries will further decline in any future periods, or that there may not be an adverse effect on our reputation or business as a result of such fall in revenue or Net Worth. Further, our Subsidiary, Amrit Environmental Technologies Private Limited, which was earlier engaged in the business of generation and sale of electric power using renewable energy sources, is no longer operational, due to the increase in fuel prices causing its business to become unviable and the projects for which Orient Green Power (Maharashtra) Private Limited and Orient Green Power D.O.O. were formed did not materialise and therefore the said subsidiaries are not operational. Further, the Ministry of Corporate Affairs has vide an email dated June 13, 2023 informed our Company that the application for strike off of our Subsidiary, Orient Green Power (Maharashtra) Private Limited has been approved and therefore the said Subsidiary has been struck off and is no longer in existence. Our Company holds 74% and 64% of shareholding in Amrit Environmental Technologies Private Limited and Orient Green Power D.O.O, respectively and our Company held 100% of shareholding in Orient Green Power (Maharashtra) Private Limited, therefore cessation of operations of our Subsidiaries will also indirectly impact our financial statements and results of operations. A summary of the financial and performance indicators of Amrit Environmental Technologies Private Limited, Orient Green Power D.O.O and Orient Green Power (Maharashtra) Private Limited for the financial years ended March 31, 2023, March 31, 2022 and March 31, 2021 have been provided below:

<sup>^</sup>The Ministry of Corporate Affairs has vide an email dated June 13, 2023 informed our Company that the application for strike off of our Subsidiary, Orient Green Power (Maharashtra) Private Limited has been approved and therefore the said Subsidiary has been struck off and is no longer in existence.

<sup>\*</sup>The financial statements for the FY 2023 of our erstwhile Subsidiary, Orient Green Power (Maharashtra) Private Limited have not been audited on account of its strike off.

Further, our Subsidiary, Amrit Environmental Technologies Private Limited has defaulted in making repayment of a term loan of ₹ 2,652 lakhs which was availed from IL&FS Financial Services Limited (“**IL&FS**”), and our Company had provided a corporate guarantee for the Loan and pledged 23% of its shareholding held in one of its Subsidiary, Beta Wind Farm Private Limited. IL&FS has filed an insolvency petition before Hon’ble National Company Law Tribunal, having its bench at Chennai against our Company to recover the said loan, and the matter is currently pending. Cessation in operations and defaults committed by our Subsidiary may have an adverse effect on our reputation and creditworthiness. Our lenders, on account of the default and cessation of operations of Amrit Environmental Technologies Private Limited, might become hesitant in granting us further assistance or in the event an adverse order is passed against us in the insolvency petition, we may be forced to repay the amount due towards the loan availed by Amrit Environmental Technologies Private Limited or dispose the pledged shareholding in our Subsidiary, Beta Wind Farm Private Limited. In the event, we fail to make payment towards the term loan, our failure may be perceived as a default by our other lenders and consequently it may cause cross-defaults and our lenders may take actions as per the loan arrangements executed with us. While, any of the above mentioned events have not occurred in the past, occurrence of any of the above-mentioned events may adversely impact our cash flows, financial condition and results of operations.

**5. One of our Subsidiaries, Amrit Environmental Technologies Private Limited has defaulted in repayment of a loan availed from IL&FS Financial Services Limited. In the event any adverse actions are taken against our Subsidiary in view of the default, our reputation, business, financial condition and results of operation could be adversely affected.**

Our Subsidiary, Amrit Environmental Technologies Private Limited has defaulted in making repayment of a term loan of ₹ 3,900 lakhs which was availed from IL&FS Financial Services Limited (“**IL&FS**”), the default made in repayment amounts to ₹ 2,652 lakhs. Further, our Company proposes to utilise an aggregate amount of ₹ 1,500 lakhs from the Net Proceeds towards making part repayment of the term loan availed by Amrit Environmental Technologies Private Limited from IL&FS. The term loan was availed by AETPL from IL&FS was required to be repaid in June 2019. Our Company had also extended a corporate guarantee to secure the term loan availed by AETPL. However, AETPL, halted its business operations due to the increase in fuel prices causing its business to become unviable, defaulted in making payment towards the principal sum of ₹ 2,652 lakhs and IL&FS approached the National Company Law Tribunal against the Company for recovering the dues. Presently, IL&FS has agreed to the proposal made by our Company and subsequently, IL&FS and our Company have filed a joint memo before National Company Law Tribunal, Chennai (“**NCLT, Chennai**”) agreeing to a one-time settlement of ₹ 3,000 lakhs. The matter has been disposed off by NCLT, Chennai on October 18, 2022, however the proposal is pending final approval from National Company Law Tribunal, Mumbai. Considering the recoverable amounts from sale of subsidiary and other sources, our Company is proposing to utilize ₹ 1,500 lakhs of the net proceeds of this issue towards part repayment of the loan taken from IL&FS. While we believe that utilization of Net Proceeds for repayment of the said loan would help us to repay the loan availed by AETPL, however the repayment of loans will not result in the creation of any tangible assets or reducing any liability on a standalone basis for

our Company. For further details, please see “*Objects of the Issue- Part repayment of secured loans including interest availed from lenders by Amrit Environmental Technologies Private Limited (“AETPL”), one of the subsidiaries of the Company*” on page 92 of the LOF. A summary of the financial and performance indicators of our Subsidiary, for the financial years ended March 31, 2023, March 31, 2022 and March 31, 2021 have been provided below:

*(₹ in lakhs, except share data)*

S. No.	Particulars	March 31, 2023	March 31, 2022	March 31, 2021

Any adverse orders passed against us in the matter could affect our business reputation, divert management attention, and result in a material adverse effect on our business prospects and financial performance and on the trading price of the Equity Shares. For further details, please see “*Outstanding Litigation and Material Developments*” on page 230 of the LOF.

**6. *Our business is working capital intensive. If we experience insufficient cash flows to meet required payments on our debt and working capital requirements, there may be an adverse effect on our operations.***

Our business requires a significant amount of working capital which is based on certain assumptions, and therefore, any change of such assumptions would result in changes to our working capital requirements. In many contracts, significant amounts of working capital are required to finance the purchase of services and materials, the performance and maintenance and other work on our projects before payment is received from clients. Our working capital requirements may increase due to an increase in the size of our operations and the increase in credit period of any of our consumers. In addition, we may need to incur additional indebtedness in the future to satisfy our working capital requirements. The expenditure incurred by us towards maintenance of windmills during the Fiscals ended March 31, 2023, March 31, 2022 and March 31, 2021, were ₹ 5,129 lakhs, ₹ 5,128 lakhs and ₹ 5,086 lakhs respectively which constituted, 18.42%, 17.27%, and 15.80% of our total expenses for such periods, respectively.

Delays in monthly payments or sale of REC certificates from our clients and traders may increase our working capital requirements. We may file a claim for compensation of the loss that we incurred pursuant to our contracts but settlement of disputes generally takes time and financial and other resources, and the outcome is often uncertain. While, one of our Subsidiaries, Beta Wind Farm Private Limited having 129.3 MW of its capacity registered under REC scheme has opted out of the scheme and the same does not have any significant impact on the revenues of the company, however delayed payments from our clients and traders can have a significant impact on our revenues, financial condition and results of operations.

The trade receivables and unbilled revenues as at the Financial Years ended March 31, 2023, March 31, 2022 and March 31, 2021 were ₹ 11,277 lakhs, ₹ 16,532 lakhs and ₹ 10,779 lakhs respectively, which constitutes 47.2%, 64.3% and 43.2% of our revenue from sale of power for such periods respectively.

In general, we may make provisions for bad debts, based primarily on ageing and other factors such as special circumstances relating to specific clients. There can be no assurance that the payments will be remitted by our clients to us on a timely basis or that we will be able to efficiently manage the level of bad debt arising from such payment practice. The bad debts and provisioning for expected credit losses for the Financial Years ended March 31, 2023, March 31, 2022 and March 31, 2021, were ₹ 645 lakhs, ₹ 704 lakhs and ₹ 1,364 lakhs respectively, which constitutes 5.72%, 4.26% and 12.65% of trade receivables for such periods respectively.

Our working capital position is therefore also dependent on the financial position of our clients. All of these factors may result in increases in the amount of our receivables and short-term borrowings. Continued increases in working capital requirements may have an adverse effect on our financial condition and results of operations.

7. ***We may not be able to obtain, renew or maintain our statutory and regulatory permits and approvals required to operate our businesses on time or at all. Any failure to renew the approvals that have expired or apply for and obtain the required approvals, licenses, registrations or permits, or any suspension or revocation of any of the approvals, licenses, registrations and permits that have been or may be issued to us, may adversely affect our operations.***

We have various plants located in different parts of the country and abroad which are subject to regulatory authorities of State Government as well as the Central Government, there can be no assurance that the consents or other approvals required from third parties, which include central, state and local governmental bodies, in connection with the running, operation and maintenance of these plants will be issued or granted to us in a timely manner or at all. It is possible that some plants located in areas that will require significant infrastructure support, including roads, electrical power, telecommunications, water and waste treatment. We may be dependent on third parties, including local authorities, to facilitate in obtaining these approvals and also provide such services. Any delay or failure by any third party to provide such additional services (where we depend on them) or a failure to obtain any required consents and approvals on acceptable terms or in a timely manner may affect our ability to operate our plants.

Even after we have obtained the required licenses, permits and approvals, our operations are subject to continued review and the governing regulations may change. Further, certain of our contractors and other counterparties are required to obtain approvals, licenses, registrations and permits with respect to the services they provide to us. We cannot assure you that such contractors or counterparties have obtained and will maintain the validity of such approvals, licenses, registrations and permits. We cannot assure you that we or any other party will be able to obtain or comply with all necessary licenses, permits and approvals required for our power plants in a timely manner to allow for the uninterrupted construction or operation of our power plants, or at all.

Furthermore, our government approvals and licenses, including environmental approvals are subject to numerous conditions, some of which are onerous and require us to incur substantial expenditure, specifically with respect to compliance with environmental laws. We cannot assure you that the approvals, licenses, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change, we may incur increased costs, be subject to penalties and suffer a disruption in our operations, any of which could materially and adversely affect our business and results of operations. Any failure to renew the approvals that have expired or apply for and obtain the required approvals, licenses, registrations or permits, or any suspension or revocation of any of the approvals, licenses, registrations and permits that have been or may be issued to us, may adversely affect our operations.

8. ***We conduct a significant portion of our development activities and operations through certain of our Subsidiaries and through third party developers, over which we may not have full control. 100% of our revenue on a consolidated basis, was contributed by our Subsidiaries, during the Financial Years ended March 31, 2023, March 31, 2022 and March 31, 2021. Further, out of our 9 Subsidiaries, 4 of our Subsidiaries have contributed 0% to the consolidated revenue of our Company in the preceding three Fiscals. The realization of any of the risks inherent in our operations conducted through certain of our Subsidiaries and third party developers and other factors may lead to disputes, loss of deposits paid and may affect the operations of our Company and our Subsidiaries and, as a result, our financial condition and results of operations may be materially and adversely affected.***

We generally seek to enter into collaborations with domestic and international players in the respective fields as part of our efforts to expand our business. We are entirely dependent upon our Subsidiaries for our business operations and 100% of our revenue on a consolidated basis, was contributed by our Subsidiaries, during the Financial Years ended March 31, 2023, March 31, 2022 and March 31, 2021. We are dependent upon Bharath Wind Farm Limited, Vjetro Elektrana Crno Brdo d.o.o, Clarion Wind Farm Private Limited, Beta Wind Farm Private Limited and Gamma Green Power Private Limited for running our business and operations. Details of the revenue earned by the aforementioned Subsidiaries and the percentage of revenues contributed by such Subsidiaries on a consolidated basis, during the Financial Years ended March 31, 2023, March 31, 2022 and March 31, 2021 has been provided below:

<sup>^</sup>The financial statements for the FY 2023 of our erstwhile Subsidiary, Orient Green Power (Maharashtra) Private Limited have not been audited on account of its strike off.

The success of our business collaboration depends significantly on the satisfactory performance by our partners of their contractual and other obligations. These arrangements involve a number of risks, including:

- Disputes with partners and minority shareholders in connection with the performance of each party's obligations under the relevant arrangements;
- Failure of our third party developers to fulfill their contractual obligations to obtain licenses and approvals;
- Financial difficulties encountered by a partner affecting its ability to perform its obligations under contracts with us;
- Conflicts between the policies and objectives adopted by partners and those by us;
- Partners having economic or business interests inconsistent with ours; and
- Partners that follow inconsistent business processes, internal controls and internal control over financial reporting than we follow.

Further, certain our Subsidiaries have incurred loss and negative Net Worth, in the past, details of which are provided below:

In the event, our Subsidiaries continue to earn losses and negative Net Worth, they may not be able to contribute to our revenues for a prolonged period of time, which may have a negative impact on our cash flows and financial statements. We are significantly dependent upon the continued operations of our Subsidiaries and losses incurred by them may impact their operations and thereby indirectly impact our business and financial condition. The realization of any of these risks and other factors may lead to disputes, loss of deposits paid and may affect the operations of our Company and our Subsidiaries and, as a result, our financial condition and results of operations may be materially and adversely affected.

9. ***There have been fluctuations in the net profit after tax of our Company in the past. Occurrence of any such fluctuations in the future could have an adverse impact on results of operations and financial conditions.***

There have been fluctuations in the net profit of our Company in the preceding three years. The details of the Net Profit after tax reported in the Restated Consolidated Financial Statement for the Fiscals 2023, 2022 and 2021 as follows:

(in ₹ Lakhs)

Particulars	Fiscal 2023	Fiscal 2022	Fiscal 2021
Net (loss) / profit after tax	3,333	3,578	(5,701)

The reasons for fluctuation in net profit have been provided below:

#### **Fiscal 2023 compared to Fiscal 2022**

Consolidated profit after tax for the Fiscal 2023 was ₹ 3,333 Lakhs as compared to a profit after tax of ₹ 3,578 Lakhs for the Fiscal 2022, representing decrease in profit by 7% due to following reasons:-

Fiscal 2023 witnessed decrease in profit after tax by ₹ 245 Lakhs on account of decrease in total income and Exceptional items by ₹ 2,501 Lakhs and ₹ 498 Lakhs respectively. Also, reduction in total expenditure by ₹ 1,854 Lakhs.

Decrease in total income by ₹ 2,501 Lakhs is mainly due to lower wind availability during the Fiscal 2023 and absence of one time income of ₹ 2,466 Lakhs (of Fiscal 2022) that arose from to resumption in REC trading. And increase in other income by ₹ 2,731 Lakhs during Fiscal 2023 is on account of interest waivers received, liability writeback and gain on mutual fund investments.

Decrease in Exceptional item of ₹ 498 Lakhs between Fiscal 2023 and Fiscal 2022 and are not comparable as such. But the decrease is due to differential tariff claim of ₹ 2,441 lakhs made during Fiscal 2022 and increase in profit on sale of assets by ₹ 1,927 Lakhs in Fiscal 2023.

Reduction in Total expenditure by ₹ 1,854 Lakhs is mainly due to decrease in interest expenses by ₹ 1,337 lakhs and decrease in depreciation by ₹ 567 Lakhs. Decrease in interest expenses is primarily on account of repayment of principal obligations and reduction in interest rates. And decrease in depreciation is on account of certain windmills completing their useful life.

### **Fiscal 2022 compared to Fiscal 2021**

Consolidated profit after tax for the Fiscal 2022 was ₹ 3,578 Lakhs as compared to a loss after tax of ₹ 5,701 Lakhs for the Fiscal 2021, representing increase in profit by 163%.

Fiscal 2022 witnessed increase in profit after tax by ₹ 9,726 Lakhs on account of increase in Total income and Exceptional items by ₹ 5,395 Lakhs and ₹ 1,988 Lakhs respectively. Also, reduction in total expenditure by ₹ 2,343 Lakhs.

The increase in total income is primarily on account of resumption in Renewable Energy Certificate (REC) trading post the set aside order passed by the Appellate Tribunal for Electricity (APTEL) on the revision of floor and forbearance prices by Central Energy Regulatory Commission (CERC) contributing to ₹ 4,802 Lakhs which includes the RECs accrued aggregating to ₹ 2,466 Lakhs pertaining to Fiscal 2021 and an increase in the revenue from sale of power by ₹ 755 Lakhs due to increased power generation.

Increase in Exceptional items is primarily on account of income towards differential tariff claim of ₹ 2,441 Lakhs made by one of the subsidiaries and net gain on modification of one of the lease arrangements amounting to ₹ 123 Lakhs. Besides, the profit on sale of assets is comparatively lower by ₹ 512 Lakhs.

Reduction in Total expenditure by ₹ 2,343 Lakhs is mainly due to decrease in interest expenses by ₹ 1,655 lakhs, decrease in depreciation by ₹ 237 Lakhs and decrease in other expenses of ₹ 419 Lakhs. Decrease in interest expenses is primarily on account of repayment of principal obligations and reduction in interest rates. And decrease in depreciation is on account of certain windmills completing their useful life. Decrease in other expenses is predominantly on account of reduction in Expected Credit Loss (ECL) provision.

There can be no assurance that such fluctuation in our net profit will not occur in any future periods, or that there will not be an adverse effect on our reputation or business as a result of such fluctuation. Fluctuation in our financial statements may be perceived adversely by external parties such as customers, bankers, and suppliers, which could affect our reputation, results of operations and financial condition. For further details, please refer to “*Variation in Net Profit after Tax - Management’s Discussion and Analysis of Financial Position and Results of Operations*” and “*Restated Financial Statements*” on pages 223 and 148.

**10. *The Equity Shares held by one of our Promoters, Janati Bio Power Private Limited have been pledged as collateral security in favor of Barclays Bank PLC (Catalyst Trusteeship Limited acting as a security trustee on behalf of Barclays Bank PLC). Our business, financial condition and results of operations may be adversely affected in the event of enforcement of the pledge provided by our Promoter.***

Our Promoter, Janati Bio Power Private Limited *vide* an unattested pledge agreement dated June 17, 2022 executed with Barclays Bank PLC (Catalyst Trusteeship Limited acting as a security trustee on behalf of Barclays Bank PLC) has pledged 29.15 % of its paid-up Equity share capital amounting to 21,88,08,809 Equity Shares held by our Promoter for securing the loan availed by SVL Limited. Further, Janati Bio Power Private Limited *vide* an unattested pledge agreement dated January 27, 2022, executed with Axis Trustee Services Private Limited has also pledged 12.63% of its paid-up Equity share capital amounting to 9,48,00,000 Equity Shares for securing the loan availed by an associate company of our Promoter, out of which Janati Bio Power Private Limited is currently holding 2,50,00,000 Equity Shares aggregating to 3.33%. In terms of the said pledge agreements, the pledge of the securities confers the banks with the right to *inter alia* attend general meetings of our Company, exercise voting rights in respect of the pledged securities, receive and retain any and all dividends, interest, and other distributions paid in respect of the pledged securities, receive notices issued to shareholders and open and operate a designated demat account in connection with the pledged securities.

Our Subsidiary, Amrit Environmental Technologies Private Limited has defaulted in making repayment of a term loan of ₹ 2,652 lakhs which was availed from IL&FS Financial Services Limited (“IL&FS”). Our Company had provided a corporate guarantee for the Loan and pledged 23% of its shareholding held in one of its Subsidiary, Beta Wind Farm Private Limited. IL&FS has filed an insolvency petition before Hon’ble National Company Law Tribunal, having its bench at Chennai against our Company to recover the said loan. Our Company had submitted a one-time settlement proposal with IL&FS for repayment of the loan and the same has been recommended by IL&FS before NCLT. The matter has been disposed off by NCLT, Chennai on October 18, 2022, however the proposal is pending final approval from National Company Law Tribunal, Mumbai. We cannot assure you that our Company or any of our Subsidiaries would be able to repay their debts, in part of full, or at all. Any failure by our Company or our Subsidiaries to service our indebtedness or otherwise perform our obligations under our financing agreements entered with our lenders or which may be entered into by our Company, could trigger cross default provisions, penalties, acceleration of repayment of amounts due under such facilities which may cause an adverse effect on our business, financial condition and results of operations.

\*Our Company has repaid the term loan availed from Yes Bank Limited on July 28, 2023. The said term loan has been repaid through an unsecured loan availed from one our Subsidiaries, Gamma Green Power Private Limited.

We cannot assure you that (i) with our low profit and revenue margin, we would be effectively able to service our debt obligations on time and would not commit any defaults in repayment of loans and the interest involved; (ii) our Promoters and our Subsidiaries will continue to operate and carry out their business activities effectively; and (iii) since the loans advanced to our Company by our Promoters and Subsidiaries are unsecured in nature, our Promoters and Subsidiaries will not seek repayment of such loans. Occurrence of any of the aforementioned events would adversely affect our ability to maintain adequate cash flows to meet our working capital requirements and run our business in an effective manner. For instance, our Subsidiary, Amrit Environmental Technologies Private Limited has defaulted in making repayment of a term loan of ₹ 2,652 lakhs which was availed from IL&FS Financial Services Limited (“IL&FS”), in which our Company had provided a corporate guarantee for the Loan and pledged 23% of its shareholding held in one of its Subsidiary, Beta Wind Farm Private Limited. \*Represents positive net worth

There can be no assurance that our Promoters will not incur negative net worth and losses in any future periods, or that there may not be an adverse effect on our reputation or business as a result of such losses.

- 14. We rely on key customers which include government and private entities. In the fiscal year ended March 31, 2023, 54% and 84% of our consolidated revenues from our wind business, was derived from the sale of electricity to our top five customers and top ten customers, respectively. An inability or failure by such customers to meet their contractual commitments or insolvency or liquidation of our customers could have a material adverse effect on our business, financial position and results of operations. In addition, we may be subject to additional regulatory or other scrutiny associated with commercial transactions with government owned or controlled entities and agencies.**

We depend on sales of electricity to certain key customers, and our operations are highly dependent upon such customers' fulfilling their contractual obligations under our PPAs. In the fiscal year ended March 31, 2023, 54% and 84% of our consolidated revenues from our wind business, was derived from the sale of electricity to our top five customers and top ten customers, respectively. Further, as at March 31, 2023, March 31, 2022 and March 31, 2021 break-up of the number of customers and the percentage of our customers, which qualified as our top five and top ten customers have been provided below:

Particulars	March 31, 2023		March 31, 2022		March 31, 2021	
	Number of customers	Percentage of total customers (%)	Number of customers	Percentage of total customers (%)	Number of customers	Percentage of total customers (%)
Top 5 Customer	45	11%	44	11%	49	10%
Top 10 Customer	45	22%	44	23%	49	20%

The revenues earned by our Company from its top-five and top-ten customers for the Fiscals ended March 31, 2023, March 31, 2022 and March 31, 2021, have been provided below:

Particulars	FY 22-23		FY 21-22		FY 20-21	
	Amount (₹ in lakhs)	Percentage (%)	Amount (₹ in lakhs)	Percentage (%)	Amount (₹ in lakhs)	Percentage (%)
Top 5 Customer	12,812	54%	13,459	52%	13,389	53%
Top 10 Customer	20,000	84%	20,961	82%	20,869	82%

Our customers may not comply with their contractual payment obligations or may become subject to insolvency or liquidation proceedings during the term of the relevant contracts, and the credit support received from such customers may not be sufficient to cover our losses in the event of a failure to perform. An inability or failure by such customers to meet their contractual commitments or insolvency or liquidation of our customers could have a material adverse effect on our business, financial position and results of operations.

In addition, in the fiscal year ended March 31, 2023, 16.80% of our consolidated revenues from our wind business was derived from the sale of electricity to government entities or agencies such as state electricity boards. There may be delays associated with collection of receivables from government owned or controlled entities. Our operations involve significant working capital requirements and delayed collection of our receivables could materially and adversely affect our liquidity and results of operations. In addition, we may be subject to additional regulatory or other scrutiny associated with commercial transactions with government owned or controlled entities and agencies.

- 15. We generally rely on transmission lines and other transmission facilities that are owned and operated by government or public entities.**

Consistent with industry practice, we depend on electric transmission lines owned and operated by government or public entities to deliver the electricity we sell. Some of our projects have limited access to transmission and distribution networks. We may not be able to secure access to the available transmission and distribution networks at reasonable prices or at all. Moreover, in the event of a failure in the transmission facilities, we may lose revenues. Transmission limitations may cause us to curtail our production of electricity, impairing our ability to fully capitalize on a particular projects' potential. Any such failure could have a material adverse effect on our business, financial condition and results of operations.

- 16. In addition to the existing indebtedness our Company or our Subsidiaries, may incur further indebtedness**

*during the course of business. We cannot assure that our Company or our Subsidiaries would be able to service the existing and/or additional indebtedness.*

As on March 31, 2023 the total fund based indebtedness of our Company is ₹ 17,511 lakhs and our Subsidiaries is ₹ 92,499 lakhs. The details of the loans availed by our Company and our Subsidiaries have been provided below:

^During April 2023, one of our Subsidiaries, Beta Wind Farm Private Limited received a loan of ₹ 70,363 lakhs from Indian Renewable Energy Development Agency Limited (“IREDA”) towards refinancing the existing term loan and working capital facilities. In addition to the refinancing, additional term loan facility amounting to ₹ 490 lakhs has been received from IREDA. On account of the refinancing, the loans appearing in the aforementioned table against Beta Wind Farm Private Limited have been repaid by our Subsidiary.

\*Our Company has repaid the term loan availed from Yes Bank Limited on July 28, 2023. The said term loan has been repaid through an unsecured loan availed from one our Subsidiaries, Gamma Green Power Private Limited.

\*\*During July 2023, one of our step down Subsidiaries, Clarion Wind Farm Private Limited received a loan of ₹ 5,590 lakhs from HDFC Bank Limited towards refinancing of the existing term loan facilities. On account of the refinancing, the loans appearing in the aforementioned table against Clarion Wind Farm Private Limited have been repaid by our step down Subsidiary.

\*\*\* During July 2023, Gamma Green Power Private Limited received a sanction of a term loan of ₹ 2,240 Lakhs from City Union Bank. The loan shall be utilized towards repayment of existing secured term loan obligations and certain group loan obligations. Out of the said sanction, Rs. 1,240 lakhs was disbursed on July 31, 2023 and the remaining proceeds shall be disbursed upon completion of documentation.

In addition to the indebtedness for the existing operations of our Company or our Subsidiaries, may incur further indebtedness during the course of their business. The level of our indebtedness could have several important consequences, including but not limited to the following: (i) a significant portion of our cash flow may be used towards repayment of our existing debt, which will reduce the available cash flow to fund our expenditures and other general corporate requirements; (ii) defaults of payment and other obligations under our financing arrangements may result in an event of default, acceleration of our repayment obligations and enforcement of related security interests over our assets; (iii) a substantial portion of our long term indebtedness is subject to floating rates of interest. Fluctuations in market interest rates may require us to pay higher rates of interest and will also affect the cost of our borrowings; and (iv) our ability to obtain additional financing in the future or renegotiate or refinance our existing indebtedness on terms favourable to us may be limited, which may impact our growth plans. We cannot assure you that our Company or our Subsidiaries will be able to obtain further loans at favourable terms. Increased borrowings, if any, may adversely affect our debt-equity ratio and our ability to borrow at competitive rates. In addition, we cannot assure you that the budgeting of our working capital requirements for a particular year will be accurate. There may be situations where we may under-budget our working capital requirements, which may lead to delays in arranging additional working capital requirements, loss of reputation, levy of liquidated damages and can cause an adverse effect on our cash flows.

Any failure to service the indebtedness of our Company or our Subsidiary or otherwise perform our obligations under our financing agreements entered with our lenders or which may be entered into by our Company or our Subsidiary, could trigger cross default provisions, penalties, acceleration of repayment of amounts due under such facilities which may cause an adverse effect on our business, financial condition and results of operations.

- 17. We depend on a limited number of Wind Energy Generator (“WEG”) suppliers and other suppliers and some of the parts are proprietary in nature and has to be sourced from OEMs only. If we are unable to manage our purchases of replacement parts and WEGs at prices acceptable to us or if the prices of replacement parts and WEGs increase significantly, profit margins of our wind power business may decrease and our results of operations would be materially and adversely affected.**

The purchase cost of WEGs and replacement parts represents approximately 70% of the overall cost of building a wind farm. The expenses incurred by us towards WEG maintenance and replacements parts during the Fiscals 2023, 2022 and 2021 are provided below:

(₹ in lacs)				
S. No.	Particulars	March 31, 2023	March 31, 2022	March 31, 2021
1.	WEG maintenance	4,621	4,754	4,800
2.	Replacement parts (stores and spares)	508	374	286

There are a limited number of qualified WEG suppliers in India, and the price, supply and delivery lead times of WEGs largely depend on the market demand. In the past, worldwide demand for WEGs exceeded the supply, which led to delivery delays and price increases for WEGs and other necessary equipment. We are exposed to any changes in the market prices of WEGs when we negotiate new supply agreements, and the price trend of WEGs has a direct effect on our results of operations. If we are unable to manage our purchases of WEGs and replacement parts at prices acceptable to us or if the prices of WEGs and replacement parts increase significantly, profit margins of our wind power business may decrease, and our results of operations would be materially and adversely affected. We also cannot assure you that our WEG suppliers will not delay delivery to us or prioritize delivery to other market participants, including our competitors. Even though we would expect our suppliers to compensate us for delays in delivery or other delays to perform their contractual obligations, we cannot assure you that such compensation would be adequate to cover the shortfall in revenue. Although we seek to expand and diversify our supplier base, our reliance on a few WEG suppliers and our existing limited relationships with other suppliers exposes us to certain risks, including the loss of any of these suppliers, the inability to find replacement suppliers at commercially acceptable terms, or an adverse change in the terms of our existing contractual agreements with our suppliers. The occurrence of any such events could delay our commercial operation, which in turn could materially and adversely affect our business, financial condition or results of operations.

- 18. Our wind farms’ commercial viability and profitability depend on wind and associated weather conditions, as well as our ability to assess such conditions when selecting new wind farm sites. Consequently, our business is subject to seasonal and cyclical volatility due to which there may be fluctuation in our revenue from operations, which may adversely affect our business.**

Our wind power business generates revenue primarily from the sale of electricity generated by our wind farms. The amount of electricity generated by, and the profitability of, our wind farms depend on climatic conditions, particularly wind conditions, which can vary dramatically across the seasons and between locations of our wind farms, and are also subject to general climatic changes and changing weather patterns.

Currently, WEGs will only begin to operate when wind speeds reach a certain minimum (approximately three to four meters per second), and must be disconnected when wind speeds exceed a certain maximum (approximately 25 meters per second). Therefore, if wind speeds are outside these limits, the electricity output from our wind farms will decrease or cease. During the project development phase and before construction of any wind farm, we conduct wind tests to evaluate the site’s potential installed capacity, and we base our core operational and financial assumptions and investment decisions on the tests’ findings. We cannot assure you that the actual climatic conditions at any particular project site will conform to the assumptions that we made during the project development phase and, as a result, we cannot guarantee that our wind farms will be able to meet their anticipated electricity output in the future.

Historically, our wind farms located in India usually reach peak electricity output in the months of May to September, and lowest electricity output in the months of December to February, which lead to seasonal fluctuation in the usage of power by our customers, with higher sales volumes and usage during the first half of the year, i.e., from April until September. These seasonal variations in consumer demand subject our sector to a considerable degree of volatility. As a result, our revenue and profits may vary during different quarters of the Financial Year and certain periods may not be indicative of our financial position for a full

Financial Year or future quarters or periods and may be below market expectations. Furthermore, since our business is seasonal in nature, we are vulnerable to non-availability of adequate resources to respond to the increased demand of power during the peak season. In the event, we are unable to source adequate resources and effectively respond to the increased demand, we may face the risk of losing our customers to our competitors which could lead to significant reduction in our customer base. If the seasonal variations and fluctuations in wind conditions of these areas do not conform to our historical observations or do not correspond to our assumptions, it may result in unexpected fluctuations in the electricity output of such wind farms and consequently, our results of operations. Similarly, extreme wind or weather conditions, particularly those affecting multiple wind farms, could reduce our operational efficiency and electricity production, which could have a material adverse effect on our business, financial condition or results of operations. Our inability to effectively and in a timely manner respond to the above-mentioned events might affect our brand image and our ability to capitalize the opportunities which such spurred demand offers for our business and in turn could adversely affect our cash flows, financial condition and business operations.

**19. *The operation of our power projects may face significant opposition from local communities and other parties, which may adversely affect our results of operations and financial condition.***

The operation of our projects may face opposition from the local communities where these projects are located and from special interest groups. In particular, local communities may oppose our land acquisitions and power projects due to various reasons including the perceived negative impact such activities may have on the environment.

There could be instances in the future where we have been forced to relocate our plant due to opposition from the local communities. Such opposition by local communities, non-governmental organizations and other parties which may lead to relocation of the project may delay project implementation and adversely affect our results of operations and financial condition.

**20. *We are subject to additional risks as a result of our international expansion strategy that may materially affect our financial results.***

Although the majority of our operations are in India, we also derive revenue from our wind assets in Europe. We expect that our operations will continue to expand in these countries due to our belief that we can obtain attractive rates of return, including by capitalizing on regulatory incentives that improve tariff yield and tax benefits, and where our decentralized, smaller plant business model is suitable for the local environment and electricity market and globally in other markets that meet these criteria. In addition, we believe we are ideally positioned to take advantage of growth opportunities in the European and South Asian markets given our experience and expertise in operating wind energy power plants in India. However, we face a number of risks associated with our expansion into new countries that may materially and adversely impact on our business, financial condition and results of operations. These include, but are not limited to, compliance with and changes in laws and regulations applicable to foreign corporations, the absence, loss or non-renewability of favorable treaties or similar agreements with foreign tax authorities, or political, social and economic instability. In addition, we may be at a competitive disadvantage with certain of our competitors who have more experience in these jurisdictions until we have hired experienced staff and/or gained the relevant operating experience.

**21. *In the past, there have been instances of delayed or erroneous filing of certain forms which were required to be filed as per the reporting requirements under the Companies Act, 1956 and Companies Act, 2013 to RoC by our Company and our Subsidiaries.***

In the past, there have been certain instances of delay and/or non-filing of statutory forms as per the reporting requirements under the Companies Act, 1956 and Companies Act, 2013 with the RoC, which have been subsequently filed by payment of an additional fee as specified by RoC by our Company and our Subsidiaries. Further, there have been instances of erroneous filings of statutory forms with RoC as per the reporting requirements laid down under the Companies Act 1956 and Companies Act, 2013 by our Subsidiaries. No show cause notice in respect to the above has been received by our Company or our Subsidiaries till date and except as stated in this Letter of Offer, no penalty or fine has been imposed by any regulatory authority in respect to the same. The occurrence of instances of delayed or erroneous filings in future may impact our results of operations and financial position.

**22. *We operate in a highly competitive industry and an inability to compete effectively may lead to a lower***

***market share or reduced operating margins.***

We operate in a competitive environment. The principal factors affecting competition include: price; customer relationships; technical excellence or differentiation; service quality; health, safety and environmental standards and practices; financial strength; breadth of technology and technical sophistication and risk management awareness and processes. The level of competition also varies depending on the sector or business vertical, as well as the size, nature and complexity of the project and the geographical region in which the project is to be implemented.

We compete both against international and domestic companies operating in our industry. Some of our international competitors may have greater financial and other resources and better access to capital than we do, which may enable them to compete more effectively for large scale project awards. Competitors may, whether through consolidation or growth, present more credible integrated and/or lower cost solutions than we do, causing us to win fewer tenders as we may lack the pre-qualification criterion required in certain sectors of our business. If we do not succeed in being awarded the contracts for projects, we could fail to increase, or maintain, our volume of order intake and operating revenues. There can be no assurance that we can continue to effectively compete with our competitors in the future, and the failure to compete effectively could have a material adverse effect on our business, financial condition and results of operations. Moreover, the competitive nature of the industry may result in lower prices for our services and decreased gross profit margins, either of which may materially adversely affect our profitability.

***23. An inability to obtain sufficient funding in the future could result in the delay or abandonment of our expansion and diversification strategies and may have a material adverse effect on our business and results of operations.***

Our future expansion and diversification plans are dependent on various circumstances, including business developments, new business or investment opportunities or unforeseen contingencies. We may require additional external funding to meet our expenditure plans related to expansion and diversification plans, including borrowings or sale of equity or debt securities. An inability to obtain sufficient funding in the future could result in the delay or abandonment of our expansion and diversification strategies. In addition, if we raise additional funds through incurrence of debt, our interest and debt repayment obligations will increase, and we may be subject to additional covenants, which could limit our ability to access cash flow from operations and/or other means of financing. Our ability to arrange financing and the costs of such financing are dependent on numerous factors, including general economic and capital market conditions, credit availability from banks, investor confidence, the continued success of our current projects and other laws that are conducive to our raising capital in this manner. We cannot assure that we will be able to raise adequate financing to fund future capital requirements on acceptable terms, in time or at all. Any failure to obtain sufficient funding could result in the delay or abandonment of our development and expansion plans and would have a material adverse effect on our results of operations and financial condition.

***24. There are outstanding litigations involving our Company, our Promoters and our Subsidiaries which, if determined adversely, may adversely affect our business and financial condition.***

As on the date of this Letter of Offer, our Company, our Promoters and our Subsidiaries are involved in certain legal proceedings. These legal proceedings are pending at different levels of adjudication before various courts and tribunals. The amounts claimed in these proceedings have been disclosed to the extent ascertainable and include amounts claimed jointly and/or severally from us and/or other parties, as the case may be. We cannot assure you that these legal proceedings will be decided in favour of our Company, our Promoters and our Subsidiaries, as the case may be, or that no further liability will arise out of these proceedings. We may incur significant expenses in such legal proceedings and we may have to make provisions in our financial statements, which could increase our expenses and liabilities. Any adverse decision may adversely affect our business, results of operations and financial condition.

A summary of the pending tax proceedings and other material litigations involving our Company, our Promoters and our Subsidiaries are provided below:

- 25. *Our operations are subject to various operational risks that could expose us to material liabilities, loss in revenues and increase in expenses. We may also be subject to liability claims arising from defects in services provided by us.***

Our operations are subject to hazards inherent in operation of large equipments, such as risk of equipment failure, work accidents, including hazards that may cause injury and loss of life, severe damage to and destruction of property and equipment, and environmental damage. Project sites often put our employees and others in close proximity with mechanized equipment, moving vehicles, high platforms and highly regulated materials. On many sites we are responsible for the safety of our workforce and must implement safety procedures. If we fail to implement such procedures or if the procedures we implement are ineffective, our employees and others may be injured. Unsafe work sites also have the potential to increase employee turnover, increase the cost of a project to our clients, and raise our operating costs. Any of the foregoing could result in financial losses, which could have a material adverse effect on our business, results of operations and financial condition. Although we endeavour to provide adequate insurance coverage and a safe working environment to all our employees, we cannot rule out the possibility of future accidents at our project sites. Any liability in excess of our insurance limits could result in additional costs, which would reduce our profits and adversely affect our business and results of operations. For further information, see “*Our Business*” on page 113 of this Letter of Offer.

- 26. *We depend on certain senior managers and key employees and our inability to retain such senior managers and employees or to adequately replace them or hire additional qualified employees could adversely affect our ability to achieve our objectives and business strategy, and thereby have a material adverse effect on our business and financial performance.***

Our operating and execution capability is substantially attributable to the role played by a group of our senior management and key employees. Although we have strengthened our team by recruiting several high-level executives and employees who bring experience in administration and development, together with, in many cases, renewable energy industry specialists, our future success depends significantly on the full involvement of these key executives and employees and our ability to continue to retain and recruit high-level personnel. We do not carry key man insurance. Furthermore, competition for qualified personnel with relevant expertise in India is intense due to the scarcity of qualified individuals in the rapidly growing renewable energy industry, and in particular the wind power sectors. We may need to offer higher compensation and other benefits to attract and retain key personnel. Our retention efforts include selecting the right people in our hiring process through adequate screening and through hiring individuals with relevant experience, providing opportunities for employees to share knowledge with one another through training sessions and presentations and offering an attractive, competitive salary and benefits package. In addition, we also offer a performance and potential-based career growth plan aimed at retaining talented employees based on performance goals.

Our inability to retain such key executives and employees, or, alternatively to adequately replace them or hire qualified new executives and employees as our business grows, could adversely affect our ability to achieve our objectives and business strategy, and thereby have a material adverse effect on our business, financial condition or results of operations.

**27. As the securities of our Company are listed on Stock Exchanges in India, our Company is subject to certain obligations and reporting requirements under the SEBI Listing Regulations. Any non-compliances/delay in complying with such obligations and reporting requirements may render us liable to prosecution and/or penalties.**

The Equity Shares of our Company are listed on BSE and NSE, therefore we are subject to the obligations and reporting requirements prescribed under the SEBI Listing Regulations. There have been instances in the past wherein, our Company has failed to comply with the requirements of the SEBI Listing Regulations in a timely manner.

Our Company endeavours to comply with all such obligations/reporting requirements, there may be non-disclosures/delayed/erroneous disclosures and/or any other violations which might have been committed by us, and the same may result into Stock Exchanges and/or SEBI imposing penalties, issuing warnings and show cause notices against us and/or taking actions as provided under the SEBI Act and Rules and Regulations made there under and applicable SEBI Circulars. Any such adverse regulatory action or development could affect our business reputation, divert management attention, and result in a material adverse effect on our business prospects and financial performance and on the trading price of the Equity Shares.

**28. The Statutory Auditors of our Company have included emphasis of matters in the Restated Consolidated Financial Statements.**

The Statutory Auditors of our Company have included the following material emphasis of matters in the Restated Consolidated Financial Statements for the preceding three years:

“(i) Considering the stay granted by the Hon’ble Supreme Court of India on the order issued by Central Electricity Regulatory Commission (‘CERC’) on reduction of floor price, and based on the legal opinion obtained, the Group is confident of favourable decision on the appeal with Hon’ble Supreme Court against APTEL (Appellate Tribunal for Electricity at New Delhi) order and realisation of difference of Rs. 500 per REC aggregating to Rs. 2,071 Lakhs in respect of receivables as on 31st March 2017. Nevertheless, for the delay in recovering the said amount, the group has made provision of Rs. 497 lakhs for expected credit losses till March 31, 2023.

(ii) Considering the regulatory developments in Andhra Pradesh during FY 2019-20, the group (through M/s. Beta Wind Farm Private Limited, one of the subsidiaries) could not proceed with Phase III power project. The capital advances in this regard could not be recovered from the vendor owing to their financial position. These advances are supported by a comfort letter issued by M/s. SVL Limited. The net advances receivable by the group are Rs.4,000 lakhs. Out of the same, Rs. 1,150 lakhs were recovered during the year and the remaining Rs. 2,850 lakhs are expected to be recovered within one year. Considering the expected credit losses recognized, this arrangement does not result in any further impairment to the group.”

Further, the reports issued by the Statutory Auditor under the paragraphs 3(xxi) and 4 of the Companies (Auditor’s Report) Order, 2020 have raised the following qualifications in the Audited Financial Statements for the preceding three years:

Qualification	Name of the company falling under the Group

Statutory dues that were not deposited on account of disputes*	BETA Wind Farm Private Limited Orient Green Power Company Limited Clarion Wind Farm Private Limited Bharat Wind Farm Limited
Default in repayment of loan or other borrowing <sup>#</sup>	Amrit Environmental Technologies Private Limited

<sup>^</sup>This qualification has been described in detail under Risk Factor number 51.

\*This qualification includes taxation disputes of our Company and Subsidiaries, which have been disclosed in detail under Risk Factor number 23.

<sup>#</sup>This qualification has been described in detail under Risk Factor number 5.

There can be no assurance that any similar remarks, or matters of emphasis will not form part of our audit reports for the future fiscal periods, which could subject us to additional liabilities due to which our reputation and financial condition may be adversely affected.

**29. Revenues from our business are exposed to market electricity prices and a decline in market electricity prices below anticipated levels could have a material adverse effect on our business and financial performance.**

Remuneration for electricity sold by certain of our projects depends, in part, on market prices for electricity. Market prices may be volatile and are affected by various factors, including the cost of raw materials used as sources of energy, average rainfall levels, the cost of power plant construction, the technological mix of installed generation capacity and user demand.

In certain cases, we may enter into long-term agreements for the purchase and sale of electricity at a benchmark price. If the market price for electricity rises above anticipated levels, we may be unable to supply electricity to customers who are willing to pay a higher price, which will disadvantage our business in relation to our competitors. In certain other cases, the price we may charge for our electricity are set by regulatory entities and/or by the governments through a tariff system. There can be no assurance that the market price for electricity will remain at levels that would enable us to maintain profit margins at our desired rates of return. A decline in market prices below anticipated levels in these cases could have a material adverse effect on our business, financial condition and results of operations.

**30. Our Company has experienced negative cash flow in the past and may continue to do so in the future, which could have a material adverse effect on our business, prospects, financial condition, cash flows and results of operations.**

Our Company has experienced negative net cash flow in operating, investing and financing activities in the past, the details of which are provided below:

(₹ in lacs)

\*indicates positive cash flow

We may incur negative cash flows in the future which could have a material adverse effect on our business, prospects, results of operations and financial condition.

**31. We do not own any trade names or trademarks. We may be unable to adequately protect our intellectual property. Furthermore, we may be subject to claims alleging breach of third party intellectual property rights. Any litigation related to our intellectual property could be time consuming and costly.**

We do not own any copyright, trademark, trade name or other intellectual property right in or to the names or logos, including the “” logo and the “Orient Green Power Company Limited or “Orient Green Power” trade names or trademarks with the Trade Mark Registry. We do not enjoy the statutory protections accorded to a registered trademark include sentence on application to register new logo. There can be no assurance that we will be able to register the trademark and the logo or that third parties will not infringe on our intellectual property, causing damage to our business prospects, reputation and goodwill. We may need to litigate in order to determine the validity of such claims and the scope of the proprietary

rights of others. Any such litigation could be time consuming and costly and the outcome cannot be guaranteed. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect its intellectual property.

**32. To expand our renewable energy business, we must find, and obtain control of suitable operating sites, which are in limited supply. Any failure to identify and obtain access to suitable parcels of land may reduce the number of renewable energy projects that we can undertake and thereby materially and adversely affect our business, prospects, financial condition and results of operation.**

The viability of wind power projects is dependent on the wind patterns, which vary based on location and time. Our ability to execute future wind farm projects will depend on our ability to identify and obtain access to suitable parcels of land for development of wind farms. Our ability to obtain access to suitable parcels of land can be affected by a variety of factors, including, among others, location, weather pattern, the willingness of landowners to sell, lease or develop the land, the cost of acquiring or leasing the land, the availability and cost of financing and obtaining governmental permits and approvals for the development of wind farms. Some of those factors are beyond our control. Any failure to identify and obtain access to suitable parcels of land for development of any of our projects in a timely manner may reduce the number of wind farm projects that we can undertake and thereby materially and adversely affect our business, prospects, financial condition and results of operation.

**33. Risks inherent to power sector could materially and adversely affect our business, financial condition and results of operations.**

Power sector have certain risks which are generally beyond our control and include:

- political, regulatory, fiscal, monetary and legal actions and policies that may adversely affect the viability of power projects, and have an adverse effect on our future projects;
- changes in government and regulatory policies relating to the power sector (including withdrawal of fiscal or other incentives which may have been provided by the government);
- adverse changes in demand for, or the price of, power generated or distributed;
- the willingness and ability of consumers to pay for the power produced by projects we are engaged on;
- increased costs due to changes in environmental regulations;
- potential defaults under financing arrangements of project companies and their equity investors;
- failure of third parties such as contractors, O&M contractors, sub-contractors and others to perform on their contractual obligations in respect of projects we are engaged on;
- adverse fluctuations in interest rates or currency exchange rates;
- economic, political and social instability (such as creation of new state boundaries in India) or occurrences such as natural disasters, armed conflict and terrorist attacks, particularly where projects are located or in the markets they are intended to serve; and
- delay in obtaining/renewing regulatory or environmental clearances and suspension or cancellation due to non-conformity with conditions stipulated under the clearance.

<sup>^</sup>The Ministry of Corporate Affairs has vide an email dated June 13, 2023 informed our Company that the application for strike off of our Subsidiary, Orient Green Power (Maharashtra) Private Limited has been approved and therefore the said Subsidiary has been struck off and is no longer in existence.

<sup>#</sup>The financial statements for the FY 2023 of our erstwhile Subsidiary, Orient Green Power (Maharashtra) Private Limited have not been audited on account of its strike off.

In addition, any significant change in plans of our clients or change in our relationship with these existing clients may affect our business prospects. Furthermore, we are dependent on our client's financial condition, as any adverse change in their financial condition may affect the financing and consequently the implementation of the projects. In the event the our clients are adversely affected, our results of operations and financial condition could be materially and adversely affected.

**34. We rely on third-party suppliers and our in-house team to maintain our key equipment. Any failure of our operations and maintenance contractors or personnel to provide adequate operations and maintenance services, or our inability to hire or retain qualified operations and maintenance personnel, could have a material adverse effect on our business and financial performance.**

Our WEG suppliers are contractually obligated to provide operational and maintenance services for a set time period after each WEG enters into operation, pursuant to which they undertake to conduct (i) scheduled and unscheduled maintenance in accordance with day-to-day operational guidelines and maintenance routines and (ii) component repair or replacement. After the expiration of supplier maintenance, we may subcontract operations and maintenance to third parties or use our in-house team. In addition, our operations also rely on computer information and communications technology and related systems in order to operate properly. During the Fiscal 2023, Fiscal 2022 and Fiscal 2021, 18%, 17% and 16% of our total expenditure, constituted the expenditure incurred by us for operation and maintenance of our equipment. A break-up of the expenses incurred by us towards operation and maintenance of our equipment during the Fiscal 2023, Fiscal 2022 and Fiscal 2021 has been provided below:

Category of expense	Fiscal 2023	Fiscal 2022	Fiscal 2021
WEG maintenance	4,621	4,754	4,800
Consumption of stores and spares	508	374	286
<b>Total</b>	<b>5,129</b>	<b>5,128</b>	<b>5,086</b>

(₹ in lacs)

The maintenance and management of our equipment is critical for timely and continued supply of power to our customers. Our WEG suppliers and other third-party suppliers assist us in timely maintenance of our equipment and also carry out repairs on our equipment, however we cannot assure you that we would be able to timely contact our WEG suppliers or other third-party suppliers to maintain our equipment, on an urgent basis. Our operations could be disrupted if we do not successfully manage relationships with our

WEG suppliers, if they do not perform or are unable to perform agreed-upon services, or if they are unwilling to make their services available to us at reasonable prices. If our WEG suppliers, do not perform their service obligations, it could adversely affect our reputation, business, financial condition and results of operations. If the third-party suppliers or our in-house operations and maintenance team were to fail to provide inspection, maintenance or repair works for our key equipment and systems in a timely manner or at all, our power generation and business operation could be interrupted or delayed, possibly without warning. In addition, we may be unable to hire or retain qualified operations and maintenance personnel. The occurrence of any of these events could have a material adverse effect on our business, financial condition or results of operations.

- 35. *We may not be able to identify or correct defects or irregularities in title to the land upon which we own or intend to develop our power projects. Any decision to acquire land based on inaccurate, incomplete or dated information may result in risks and liabilities associated with acquiring and owning such parcels of land.***

There may be various legal defects and irregularities in title to the lands on which we currently own or intend to develop our renewable energy projects, which we may not be able to fully identify or assess. Our rights in respect of these lands may be compromised by improperly executed, unregistered or insufficiently stamped conveyance instruments in the property's chain of title, unregistered encumbrances in favor of third parties, rights of adverse possessors, ownership claims of family members of prior owners, or other defects that we may not be aware of. Any defects or irregularities of title may result in loss of development rights over land, which will prejudice the success of our power projects and may require us to write off substantial expenditures in respect of a project. Any inability to identify defects or irregularities of title, and any inability to correct any such defects or irregularities of title may have an adverse effect on our business, financial condition and results of operations. Any decision to acquire land based on inaccurate, incomplete or dated information may result in risks and liabilities associated with acquiring and owning such parcels of land.

- 36. *Nearby objects may interfere with our wind farms, which could affect the operational performance of our WEGs and have a material adverse effect on our business and financial performance.***

The operational performance of our wind farms depends on wind speeds and other climatic conditions at the relevant site. However, objects such as buildings, trees or other WEGs near our wind farms, especially in more built-up areas, may reduce our wind resources due to the disruption of wind flows, known as "wake effects." During the wind farm development process, we typically assess at least one wind season's wind data to complete a preliminary feasibility study on a proposed wind site. After the preliminary feasibility study is complete, we also conduct a more thorough analysis of a particular location including wind conditions, climate, topography, wind variability and potential for future construction in a given area. Although we exercise care when selecting our wind farm sites, in certain instances, we may only acquire land underlying our WEG pylons and the nearby infrastructure. Subsequent development on nearby land could have a negative wake effect on our wind farms. Such developments may reduce the operational performance of our wind farms, which could have a material adverse effect on our business, financial condition or results of operations.

- 37. *Changes in technology may render our current technologies obsolete or require us to make substantial capital investments.***

Although we attempt to maintain the latest international technology standards, the technology requirements for businesses in the power sector are subject to continuing change and development. Some of our existing technologies and processes in the power business may become obsolete, performing less efficiently compared to newer and better technologies and processes in the future. The cost of upgrading or implementing new technologies, upgrading our existing equipment or expanding capacity could be significant and could adversely affect our results of operations. Failure to respond to current and future technological changes in the renewable energy industry in an effective and timely manner may have a material adverse effect on our business, financial condition or results of operations.

- 38. *Our business is seasonal in nature.***

We have historically experienced seasonal fluctuation in the usage of power by our customers, with higher sales volumes and usage during the first half of the year, *i.e.*, from April until September. These seasonal variations in consumer demand subject our sector to a considerable degree of volatility. As a result, our

revenue and profits may vary during different quarters of the Financial Year and certain periods may not be indicative of our financial position for a full Financial Year or future quarters or periods and may be below market expectations. Since our business is seasonal in nature, we are vulnerable to non-availability of adequate resources to respond to the increased demand of power during the peak filing season. In the event, we are unable to source adequate resources and effectively respond to the increased demand, we may face the risk of losing our customers to our competitors which could lead to significant reduction in our customer base. Our inability to effectively and in a timely manner respond to the above-mentioned events might affect our brand image and our ability to capitalize the opportunities which such spurred demand offers for our business and in turn could adversely affect our cash flows, financial condition and business operations.

**39. We do not own certain premises used by us. Disruption of our rights as licensee/ lessee or termination of the agreements with our licensors/ lessors would adversely impact our manufacturing operations and, consequently, our business.**

Our Directors and our Key Management Personnel may take or block actions with respect to our business, which may conflict with the best interests of our Company or that of minority shareholders.

**44. Our Company has extended corporate guarantee with respect to loan facilities availed by our Subsidiaries. Any defaults committed by our Subsidiaries or invocation of the guarantee extended by our Company may adversely affect our business operations and financial condition.**

Our Company has extended corporate guarantee for our Subsidiaries namely, Beta Wind Farms Pvt Limited, Clarion Wind Farm Private Limited, VjetroElektrana Crno Brdo d.o.o, Croatia, Gamma Green Power Limited and Amrit Environmental Technologies Private Limited for an amount aggregating to ₹ 93,608 lakhs in favour of various lenders with respect to the loan facilities availed by our Subsidiaries. The details of the corporate guarantees as on the date of filing of this letter of offer have been provided below:

S. No.	Name of the Subsidiary	Name of the lender in favour of whom corporate guarantee has been issued	Nature of facility	Amount of guarantee provided (₹ in lakhs)
1.	Beta Wind Farm Private Limited^	Indian Renewable Energy Development Agency Limited (IREDA)	Term loan facility	72,121
2.	Clarion Wind Farm Private Limited*	HDFC Bank Limited	Term loan facility	6,087
3.	Vjetroelektrana Crno Brdo d.o.o, Croatia	Export Import Bank of India	Term loan facility	7,500
4.	Gamma Green Power Private Limited**	SREI Infrastructure Finance Limited	Term loan facility	4,000
5.	Amrit Environmental	IL&FS Financial Services P Ltd	Term loan facility	3,900

S. No.	Name of the Subsidiary	Name of the lender in favour of whom corporate guarantee has been issued	Nature of facility	Amount of guarantee provided (₹ in lakhs)
	Technologies Private Limited			

*^During April 2023, one of our Subsidiaries, Beta Wind Farm Private Limited received a loan of ₹ 70,363 lakhs from Indian Renewable Energy Development Agency Limited (“IREDA”) towards refinancing the existing term loan and working capital facilities. In addition to the refinancing, additional term loan facility amounting to ₹ 490 lakhs has been received from IREDA.*

*\*During July 2023, one of our step down Subsidiaries, Clarion Wind Farm Private Limited received a loan of ₹ 5,590 lakhs from HDFC Bank Limited towards refinancing of the existing term loan facilities.*

*\*\* During July 2023, Gamma Green Power Private Limited received a sanction of a term loan of ₹ 2,240 Lakhs from City Union Bank. The loan shall be utilized towards repayment of existing secured term loan obligations and certain group loan obligations. Out of the said sanction, Rs. 1,240 lakhs was disbursed on July 31, 2023 and the remaining proceeds shall be disbursed upon completion of documentation.*

In the event the business and operations of any of our Subsidiaries deteriorates and if they commit a default in payment of principal or interest due to the lenders, the corporate guarantee extended by our Company may get invoked.

On the occurrence of any of the above-mentioned situations, the lenders might demand repayment of the outstanding amounts under the said facilities sanctioned to our Subsidiaries. In the event, we are unable to repay the outstanding amount in a timely manner or at all, the lenders may enforce the restrictive covenants or consequences of defaults which in turn may affect our further borrowing abilities thereby adversely affecting our business and operations.

**45. Our Company has extended certain unsecured loans to certain of our Subsidiaries. Any defaults committed by our Subsidiaries in repayment of such loans may adversely affect our business operations and financial condition.**

Our Company has extended unsecured loans to certain of our Subsidiaries, the details of which are provided below:

S. No.	Name of the Subsidiary	Date of sanction	Amount of unsecured loan extended (₹ in lakhs)	Interest rate, if any	Amount outstanding as at March 31, 2023 (₹ in lakhs)
1.	Amrit Environmental Technologies Private Limited <sup>^</sup>	1-4-2011	2,077	Prevailing SBI MCLR However, the same is not charged on a prudent basis.	2,068
2.	Orient Green Power (Europe) B.V. Netherlands	1-4-2010	2,468	4% simple interest.	1,265
<b>Total</b>			<b>4,545</b>		<b>3,333</b>

*^Since, Amrit Environmental technologies Private Limited, is no longer in operation, a provision has been created in our books of accounts, in respect of this loan.*

While, our Subsidiary, Amrit Environmental Technologies Private Limited, has committed a default in repayment of the unsecured loan granted by our Company to the Subsidiary, we cannot assure you that Orient Green Power (Europe) B.V. Netherlands, will be able to repay the loan extended to it. In the event any of our Subsidiaries commit a default in repayment of interest or the principal amount due on these loans, our Company may not be able to recover such loans from our Subsidiaries, which might affect our financial condition thereby leading to shortage of resources for our business and lack of adequate working capital to undertake new projects or complete our ongoing projects. Therefore, any such default by our Subsidiaries may adversely affect our business, financial condition and results of operations.

**46. One of our Subsidiaries, namely, Bharath Wind Farm Limited, may have conflicts of interest as they are engaged in similar business and may compete with us.**

One of our Subsidiaries, namely, Bharath Wind Farm Limited, is engaged in the same industry segment as our Company. Although the product portfolio offered by our Subsidiary differs from our Company, however there might be conflicts of interest in future. We have not entered into any non-compete agreements with such Subsidiary and there can be no assurance that such Subsidiary will not compete with our existing business or any future business that we might undertake or that we will be able to suitably resolve such a conflict without an adverse effect on our business and financial performance.

**47. Any conflict of interest which may occur between our business and any other similar business activities pursued by our Promoters could have a material adverse effect on our business and results of operations.**

As of the date of this Letter of Offer, some of our Promoters are engaged in business activities similar to our business, thereby causing a conflict of interest between our Company and our Promoters. We have not entered into a non-compete arrangement with him to address such conflicts. We cannot assure you that a conflict will not arise, or that we will be able to suitably resolve any such conflict without an adverse effect on our business or operations.

**48. We have certain contingent liabilities and our financial condition and profitability may be adversely affected if any of these contingent liabilities materialize.**

For the Financial Years ended March 31, 2023, March 31, 2022 and March 31, 2021, our contingent liabilities and commitments (to the extent not provided for) as disclosed in the notes to our Restated Consolidated Financial Information aggregated to ₹ 2,483 lakhs, ₹ 1,933 lakhs and ₹ 14,262 lakhs respectively. The details of our contingent liabilities as per Restated Consolidated Financial Information as at and for the Financial Years ended on March 31, 2023, 2022 and 2021 are as follows:

(₹ in lakhs)

For further details of contingent liability, see the section titled — “Financial Information” on page 148 of this Letter of Offer. Furthermore, there can be no assurance that we will not incur similar or increased levels of contingent liabilities in the future.

**49. We have in past entered into related party transactions and we may continue to do so in the future.**

As of March 31, 2023, March 31, 2022 and March 31, 2021, we have entered into several related party transactions with our Promoters, our Subsidiaries relating to our operations, details of which have been provided below:

^As certified by M/s. Piyush Kothari & Associates, Chartered Accountants, vide their certificate dated July 29, 2023.

In addition, we have in the past also entered into transactions with other related parties. For further details, please see the section titled “*Financial Information*” at page 148 of this Letter of Offer.

While we believe that all our related party transactions have been conducted on an arm’s length basis, we cannot assure you that we may not have achieved more favourable terms had such transactions been entered into with unrelated parties. There can be no assurance that such transactions, individually or taken together, will not have an adverse effect on our business, prospects, results of operations and financial condition, including because of potential conflicts of interest or otherwise. In addition, our business and growth prospects may decline if we cannot benefit from our relationships with them in the future.

**50. The agreements executed by our Company and our Subsidiaries with lenders for financial arrangements contain restrictive covenants for certain activities and if we or our Subsidiaries are unable to get their approval, it might restrict our scope of activities and impede our growth plans.**

We and our Subsidiaries have entered into agreements for our borrowings with certain lenders. These borrowings include secured fund based and non-fund based facilities. These agreements include restrictive covenants which mandate certain restrictions in terms of our business operations such as change in capital structure, formulation of any scheme of amalgamation or reconstruction, declaring dividends, further expansion of business, granting loans to directors, repaying unsecured loans/inter corporate deposits availed from Promoters and third parties, undertake guarantee obligations on behalf of any other borrower including subsidiaries, which require our Company and our Subsidiaries to obtain prior approval of the lenders for any of the above activities. We cannot assure you that our lenders will provide us or our Subsidiaries with these approvals in the future.

Further, some of the financing arrangements include covenants which mandate us and our Subsidiaries to maintain total outside liabilities and total net worth up to a certain limit and certain other liquidity ratios. A default under one of these financing agreements may also result in cross-defaults under other financing agreements and result in the outstanding amounts under such financing agreements becoming due and payable immediately. This might have an adverse effect on our cash flows, business, results of operations and financial condition.

**51. Our Company has availed certain unsecured loans from our Promoters and Subsidiaries, which are recallable in nature. Further, 100% of outstanding unsecured loan are callable in nature.**

As on March 31, 2023, our Company has outstanding unsecured loans aggregating to ₹ 26,393 lakhs, which have been extended by our Promoters, Janati Bio Power Private Limited and SVL Limited and our Subsidiaries, namely Beta Wind Farm Private Limited, Gamma Green Power Private Limited, Clarion Wind Farm Private Limited and Bharath Wind Farm Limited which may be recalled at any time. 100% of outstanding unsecured loan availed by us are callable in nature. The details of the loans availed has been provided below:

<b>Total</b>		<b>1,00,000</b>				<b>26,393</b>	<b>28,360</b>	<b>1,967</b>

\*Out of the aggregate amount of borrowings of ₹1,374 Lakhs which has been availed from Gamma Green Power Private Limited, an amount of ₹1,365 lakhs has been utilised towards repayment/ prepayment of the loan availed by our Company from Yes Bank Limited.

We cannot assure you that our Promoter will not demand repayment of unsecured loans extended to us prior to the aforementioned time period or after the expiry of such period. In the event, our Promoter seeks a repayment of any these unsecured loans, our Company would need to find alternative sources of financing, which may not be available on commercially reasonable terms, or at all. If we are unable to arrange for any such financing arrangements, we may not have adequate working capital to carry out the operations or complete our ongoing operations. Therefore, any such demand may adversely affect our business, financial condition and results of operations.

**52. Certain of our Subsidiaries do not have clear title over the properties owned by them. Our Subsidiaries may be unable to adequately protect such properties from unauthorized claims, which might adversely affect our operations on a consolidated basis.**

Our Subsidiaries namely, Beta Wind Farm Limited, Gama Green Power Limited and Clarion Wind Farm Private Limited have purchased certain properties from our *erstwhile* Promoter, SEPC Limited and our Subsidiary, Bharath Wind Farm Limited, respectively which are yet to be registered in the name of our Subsidiaries. Accordingly, our Subsidiaries do not enjoy the statutory protections accorded to a registered title holder of a property and there can be no assurance that our Subsidiaries will be able to register the properties in their names within a reasonable time or at all. The details of such properties have been provided below:

Name of the Subsidiary/ Step Down Subsidiary	Description of Property	Gross value of the property (₹ in lakhs)	Reason for not being held in name of our Subsidiaries
Beta Wind Farm Limited	Land admeasuring 9.58 acres in Munduvelampatti village – 642 206, Tamil Nadu, India.	36	Beta Wind Farm Limited is in the process of registering the 9.58 acres of the land in its name.
Clarion Wind Farm Private Limited	Land Parcels admeasuring 27.28 acres in Levingipuram village - 627 114, 6.07 acres in Kambaneri Pudikudi village -627 751, 15.67 acres in veerasigamani village 627 862, 1.82 acres in Serndamangalam village – 627 857 and 16.53 acres in Ariyanayagipuram village 627 862.^	77	Clarion Wind Farm Private Limited is in the process of registering these land parcels in its name.
Gamma Green Power Limited	67.44 acres of vacant Land parcels located at Keelaveeranam Village, Tirunelveli District – 627 861, Tamil Nadu, India.	163	The 159.48 acres of land was purchased by Gamma Green Power Limited pursuant to a memorandum of understanding executed with our <i>erstwhile</i> Promoter, SEPC Limited for installing wind energy generators. Since our <i>erstwhile</i> Promoter, SEPC Limited, failed to install the wind mills, our Subsidiary decided to dispose off the said land. As at March 31, 2023, 92.04 acres was disposed by our Subsidiary and the balance 67.44 acres is expected to be disposed during 2023-24.

^As per the Audited Financial Statements of our Company/subsidiaries for the Financial Year 2023.

In the event of encroachment by third parties over the properties, our Subsidiaries may need to litigate third parties, and without registering the properties in their names, they may have to prove the validity of their rights and claims over such properties. Any such litigation could be time consuming and costly and the outcome cannot be guaranteed and could adversely affect our operations on a consolidated basis.

- 53. *Our operations are subject to a variety of environmental laws and regulations including those relating to hazardous materials. Any failure to comply with applicable environmental laws and regulations could have an adverse effect on our financial condition and results of operations.***

Our operations are subject to numerous environmental protection laws and regulations, which are complex and stringent. The construction, operation and maintenance of power plants, raw materials used in the development of power plants, the impact of noise pollution from construction activities and transportation at our project sites are subject to various environmental laws and regulations. In the event that such regulations become more stringent, such as increasing the requirements for obtaining approvals or meeting government standards, this could result in changes to the infrastructure necessary for power projects and their technical requirements, increasing the costs related to changing construction methods in order to meet government standards and increasing penalties for non-compliance. Furthermore, we may incur significant expenditure relating to operating methodologies and standards in order to comply with applicable environmental laws and regulations.

In addition, our projects may involve the handling of hazardous materials, which, if improperly handled or disposed of, could subject us to civil and criminal liabilities. Further certain environmental laws provide for joint and several liability for remediation of releases of hazardous substances, rendering a person liable for environmental damage without regards to negligence or fault on the part of such person. In addition to potential liabilities that may be incurred in satisfying these requirements, we may be subject to claims alleging personal injury or property damage as a result of alleged exposure to hazardous substances. We are also subject to regulations dealing with occupational health and safety. Such laws and regulations may expose us to liability arising out of the conduct of operations or conditions caused by others, or for our own acts. Sanctions for failure to comply with these laws, rules and regulations, many of which may be applied retroactively, may include administrative, civil and criminal penalties, revocation of permits and corrective orders.

- 54. *Our ability to pay dividends in the future may be affected by any material adverse effect on our future earnings, financial condition or cash flows.***

Our ability to pay dividends in future will depend on our earnings, financial condition and capital requirements. Our business is working capital intensive and we are required to obtain consents from certain of our lenders prior to the declaration of dividend as per the terms of the agreements executed with them. We may be unable to pay dividends in the near or medium term, and our future dividend policy will depend on our capital requirements and financing arrangements in respect of our operations, financial condition and results of operations. Our Company has not declared dividends in the past, and there can be no assurance that our Company will declare dividends in the future also. For further details, please refer to the chapter titled “*Dividend Policy*” on page 147 of this Letter of Offer.

- 55. *We may be unable to materially improve the efficiency of the operating projects that we acquire.***

Our business strategy involves identifying renewable energy assets in the market, acquiring them and improving their performance through better maintenance and restarting machines which were not operational. In the event we are unable to execute this strategy effectively, we may not be able to achieve the plant load factors and revenue that we expect. We cannot assure you that we will be able to execute our strategy successfully or fully within the expected timetable, within our projected costs or at all, or that we will be able to manage our growth effectively, and our failure to do so could have a material adverse effect on our business, prospects, financial condition or results of operations.

- 56. *We have not commissioned an industry report for the disclosures made in the chapter titled “Industry Overview” and made disclosures on the basis of the data available on the internet and such data has not been independently verified by us.***

We have neither commissioned an industry report, nor sought consent from the quoted website source for the disclosures which need to be made in the chapter titled “*Industry Overview*” of this Letter of Offer. We have made disclosures in the said chapter on the basis of the relevant industry related data available online for which relevant consents have not been obtained. We have not independently verified such data. Further, the industry data mentioned in this Letter of Offer or sources from which the data has been collected are not recommendations to invest in our Company. Accordingly, investors should read the industry related disclosure in this Letter of Offer in this context.

## ISSUE SPECIFIC RISKS

- 57. *We will not distribute the Draft Letter of Offer, the Letter of Offer, the Abridged Letter of Offer, Application Form and Rights Entitlement Letter to overseas Shareholders who have not provided an address in India for service of documents.***

In accordance with the SEBI ICDR Regulations and SEBI Master Circular our Company will send, only through email, the Draft Letter of Offer, the Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter, Application Form and other issue material to the email addresses of all the Eligible Equity Shareholders who have provided their Indian addresses to our Company or who are located in jurisdictions where the offer and sale of the Rights Equity Shares permitted under laws of such jurisdictions and in each case who make a request in this regard. The Issue Materials will not be distributed to addresses outside India on account of restrictions that apply to circulation of such materials in overseas jurisdictions. However, the Companies Act, 2013 requires companies to serve documents at any address which may be provided by the members as well as through e-mail. Presently, there is lack of clarity under the Companies Act, 2013 and the rules made thereunder with respect to distribution of Issue Materials in overseas jurisdictions where such distribution may be prohibited under the applicable laws of such jurisdictions. While we have requested all the shareholders to provide an address in India for the purposes of distribution of Issue Materials, we cannot assure you that the regulator or authorities would not adopt a different view with respect to compliance with the Companies Act, 2013 and may subject us to fines or penalties.

- 58. *SEBI has recently, by way of a Master Circular streamlined the process of rights issues. You should follow the instructions carefully, as stated in such SEBI circulars, and in this Letter of Offer.***

The concept of crediting Rights Entitlements into the demat accounts of the Eligible Equity Shareholders has recently been introduced by the SEBI. Accordingly, the process for such Rights Entitlements has been recently devised by capital market intermediaries. Eligible Equity Shareholders are encouraged to exercise caution, carefully follow the requirements as stated in the SEBI Master Circular and ensure completion of all necessary steps in relation to providing/updating their demat account details in a timely manner. Further, while in accordance with the SEBI Master Circular, the credit of Rights Entitlements shall be made into the demat accounts of the Eligible Equity Shareholders as on the Record Date, such Eligible Equity Shareholders shall participate in the Issue only in accordance with the applicable laws in their respective jurisdictions. For details, see “*Terms of the Issue*” beginning on page 248.

In accordance with Regulation 77A of the SEBI ICDR Regulations read with the SEBI Master Circular, the credit of Rights Entitlements and Allotment of Rights Equity Shares shall be made in dematerialized form only. Prior to the Issue Opening Date, our Company shall credit the Rights Entitlements to (i) the demat accounts of the Eligible Equity Shareholders holding the Equity Shares in dematerialised form; and (ii) a demat suspense escrow account opened by our Company, for the Eligible Equity Shareholders which would comprise Rights Entitlements relating to (a) Equity Shares held in a demat suspense account pursuant to Regulation 39 of the SEBI Listing Regulations; or (b) Equity Shares held in the account of IEPF authority; or (c) the demat accounts of the Eligible Equity Shareholder which are frozen or suspended for debit or credit or details of which are unavailable with our Company or with the Registrar on the Record Date; or (d) credit of the Rights Entitlements returned / reversed / failed; or (e) the ownership of the Equity Shares currently under dispute, including any court proceedings.

- 59. *The Rights Entitlement of Eligible Equity Shareholders holding Equity Shares in physical form (“Physical Shareholder”) may lapse in case they fail to furnish the details of their demat account to the Registrar.***

In accordance with the circular SEBI Master Circular, the credit of Rights Entitlement and Allotment of Equity Shares shall be made in dematerialised form only. Accordingly, the Rights Entitlements of the Physical Shareholders shall be credited in a suspense escrow demat account opened by our Company during the Issue Period. The Physical Shareholders are requested to furnish the details of their demat account to the Registrar not later than two Working Days prior to the Issue Closing Date to enable the credit of their Rights Entitlements in their demat accounts at least one day before the Issue Closing Date. The Rights Entitlements of the Physical Shareholders who do not furnish the details of their demat account to the Registrar not later than two Working Days prior to the Issue Closing Date, shall lapse. Further, pursuant to a press release dated December 3, 2018 issued by the SEBI, with effect from April 1, 2019, a transfer of listed Equity Shares

cannot be processed unless the Equity Shares are held in dematerialized form (except in case of transmission or transposition of Equity Shares). For details, please refer chapter “*Terms of the Issue*” on page 248.

**60. *Failure to exercise or sell the Rights Entitlements will cause the Rights Entitlements to lapse without compensation and result in a dilution of shareholding.***

The Rights Entitlements that are not exercised prior to the end of the Issue Closing Date will expire and become null and void, and Eligible Equity Shareholders will not receive any consideration for them. The proportionate ownership and voting interest in our Company of Eligible Equity Shareholders who fail (or are not able) to exercise their Rights Entitlements will be diluted. Even if you elect to sell your unexercised Rights Entitlements, the consideration you receive for them may not be sufficient to fully compensate you for the dilution of your percentage ownership of the equity share capital of our Company that may be caused as a result of the Issue. Renounees may not be able to apply in case of failure in completion of renunciation through off-market transfer in such a manner that the Rights Entitlements are credited to the demat account of the Renounees prior to the Issue Closing Date. Further, in case, the Rights Entitlements do not get credited in time, in case of On Market Renunciation, such Renounee will not be able to apply in this Issue with respect to such Rights Entitlements. For details, see “*Terms of the Issue*” on page 248.

**61. *Any future issuance of Equity Shares, or convertible securities or other equity-linked securities by our Company may dilute your shareholding and any sale of Equity Shares by our Promoter may adversely affect the trading price of the Equity Shares.***

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by our Company may dilute your shareholding in our Company; adversely affect the trading price of the Equity Shares and our ability to raise capital through an issue of our securities. In addition, any perception by investors that such issuances or sales might occur could also affect the trading price of the Equity Shares. We cannot assure you that we will not issue additional Equity Shares. The disposal of Equity Shares by any of our Promoter and Promoter Group, or the perception that such sales may occur may significantly affect the trading price of the Equity Shares. We cannot assure you that our Promoter will not dispose of, pledge or encumber their Equity Shares in the future.

**62. *Investors may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.***

Under current Indian tax laws, unless specifically exempted, capital gains arising from the sale of equity shares of an Indian company are generally taxable in India. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of STT, on the sale of any Equity Shares held for more than 12 months. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less will be subject to short-term capital gains tax in India. Capital gains arising from the sale of the Equity Shares may be partially or completely exempt from taxation in India in cases where such exemption is provided under a treaty between India and the country of which the seller is a resident. Generally, Indian tax treaties do not limit India’s ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on gains made upon the sale of the Equity Shares.

**63. *Applicants to this Issue are not allowed to withdraw their Applications after the Issue Closing Date.***

In terms of the SEBI ICDR Regulations, Applicants in this Issue are not allowed to withdraw their Applications after the Issue Closing Date. The Allotment in this Issue and the credit of such Equity Shares to the Applicant’s demat account with its depository participant shall be completed within such period as prescribed under the applicable laws. There is no assurance, however, that material adverse changes in the international or national monetary, financial, political or economic conditions or other events in the nature of force majeure, material adverse changes in our business, results of operation, cash flows or financial condition, or other events affecting the Applicant’s decision to invest in the Equity Shares, would not arise between the Issue Closing Date and the date of Allotment in this Issue. Occurrence of any such events after the Issue Closing Date could also impact the market price of our Equity Shares. The Applicants shall not have the right to withdraw their applications in the event of any such occurrence. We cannot assure you that the market price of the Equity Shares will not decline below the Issue Price. To the extent the market price for the Equity Shares declines below the Issue Price after the Issue Closing Date, the shareholder will be required to purchase Equity Shares at a price that will be higher than the actual market price for the Equity

Shares at that time. Should that occur, the shareholder will suffer an immediate unrealized loss as a result. We may complete the Allotment even if such events may limit the Applicants' ability to sell our Equity Shares after this Issue or cause the trading price of our Equity Shares to decline.

**64. *Investors will be subject to market risks until the Equity Shares credited to the investors demat account are listed and permitted to trade.***

Investors can start trading the Equity Shares allotted to them only after they have been credited to an investor's demat account, are listed and permitted to trade. Since the Equity Shares are currently traded on the Stock Exchanges, investors will be subject to market risk from the date they pay for the Equity Shares to the date when trading approval is granted for the same. Further, there can be no assurance that the Equity Shares allocated to an investor will be credited to the investor's demat account or that trading in the Equity Shares will commence in a timely manner.

**65. *You may not receive the Equity Shares that you subscribe in the Issue until fifteen days after the date on which this Issue closes, which will subject you to market risk.***

The Equity Shares that you subscribe in the Issue may not be credited to your demat account with the depository participants until approximately 15 days from the Issue Closing Date. You can start trading such Equity Shares only after receipt of the listing and trading approval in respect thereof. There can be no assurance that the Equity Shares allocated to you will be credited to your demat account, or that trading in the Equity Shares will commence within the specified time period, subjecting you to market risk for such period.

**66. *The trading price of our Equity Shares may be subject to volatility and you may not be able to sell your Equity Shares at or above the Issue Price.***

The trading price of our Equity Shares may fluctuate after this Issue due to a variety of factors, including our results of operations and the performance of our business, competitive conditions, general economic, political and social factors, the performance of the Indian and global economy and significant developments in India's fiscal regime, volatility in the Indian and global securities market, performance of our competitors, changes in the estimates of our performance or recommendations by financial analysts and announcements by us or others regarding contracts, acquisitions, strategic partnerships, joint ventures, or capital commitments. In addition, if the stock markets in general experience a loss of investor confidence, the trading price of our Equity Shares could decline for reasons unrelated to our business, financial condition or operating results. The trading price of our Equity Shares might also decline in reaction to events that affect other companies in our industry even if these events do not directly affect us. Each of these factors, among others, could adversely affect the price of our Equity Shares.

**67. *Holders of Equity Shares could be restricted in their ability to exercise pre-emptive rights under Indian law and could thereby suffer future dilution of their ownership position.***

Under the Companies Act, any company incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of shares to maintain their existing ownership percentages prior to the issuance of any new equity shares, unless the pre-emptive rights have been waived by the adoption of a special resolution by holders of three-fourths of the shares voted on such resolution, unless our Company has obtained government approval to issue without such rights. However, if the law of the jurisdiction that you are in does not permit the exercise of such pre-emptive rights without us filing an offering document or registration statement with the applicable authority in such jurisdiction, you will be unable to exercise such pre-emptive rights unless we make such a filing. We may elect not to file a registration statement in relation to pre-emptive rights otherwise available by Indian law to you. To the extent that you are unable to exercise pre-emptive rights granted in respect of the Equity Shares, your proportional interests in us would be reduced.

**68. *Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may adversely affect the value of our Equity Shares, independent of our operating results.***

On listing, our Equity Shares will be quoted in Indian Rupees on the Stock Exchanges. Any dividends in respect of our Equity Shares will also be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the

time that it takes to undertake such conversion may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating outside India the proceeds from a sale of Equity Shares, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by equity shareholders. For example, the exchange rate between the Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may adversely affect the trading price of our Equity Shares and returns on our Equity Shares, independent of our operating results.

**69. *Investors will not have the option of getting the allotment of Equity Shares in physical form.***

In accordance with the SEBI ICDR Regulations, the Equity Shares shall be issued only in dematerialized form. Investors will not have the option of getting the allotment of Equity Shares in physical form. The Equity Shares Allotted to the Applicants who do not have demat accounts or who have not specified their demat details, will be kept in abeyance till receipt of the details of the demat account of such Applicants. For details, see “*Terms of the Issue*” on page 248. This may impact the ability of our shareholders to receive the Equity Shares in the Issue.

**70. *There is no guarantee that our Equity Shares will be listed, or continue to be listed, on the Indian stock exchanges in a timely manner, or at all, and prospective investors will not be able to immediately sell their Equity Shares on a Stock Exchange.***

In accordance with Indian law and practice, final approval for listing and trading of our Equity Shares will not be applied for or granted until after our Equity Shares have been issued and allotted. Such approval will require the submission of all other relevant documents authorizing the issuance of our Equity Shares. Accordingly, there could be a failure or delay in listing our Equity Shares on the BSE, which would adversely affect your ability to sell our Equity Shares.

**71. *Sale of Equity Shares by our Promoter or other significant shareholder(s) may adversely affect the trading price of the Equity Shares.***

Any instance of disinvestments of equity shares by our Promoter or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur.

**72. *Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.***

Indian legal principles related to corporate procedures, directors’ fiduciary duties and liabilities, and shareholders’ rights may differ from those that would apply to a company in another jurisdiction. Shareholders’ rights including in relation to class actions, under Indian law may not be as extensive as shareholders’ rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

## **EXTERNAL RISK FACTORS**

**73. *Significant differences exist between Ind AS, Indian GAAP and other accounting principles, such as US GAAP and International Financial Reporting Standards (“IFRS”), which investors may be more familiar with and consider material to their assessment of our financial condition.***

Our summary statements of assets and liabilities as at March 31, 2023, March 31, 2022 and March 31, 2021, and summary statements of profit and loss (including other comprehensive income), cash flows and changes in equity for the Fiscal 2023 along with the restated summary statements of profit and loss (including other comprehensive income), cash flows and changes in equity for the Fiscals 2023, 2022 and 2021, have been prepared in accordance with the Indian Accounting Standards notified under Section 133 of the Companies Act, 2013, read with the Ind AS Rules and restated in accordance with the SEBI ICDR Regulations, the SEBI Circular and the Prospectus Guidance Note.

We have not attempted to quantify the impact of US GAAP, IFRS or any other system of accounting principles on the financial data included in this Letter of Offer, nor do we provide a reconciliation of our financial statements to those of US GAAP, IFRS or any other accounting principles. US GAAP and IFRS

differ in significant respects from Ind AS and Indian GAAP. Accordingly, the degree to which the Restated Consolidated Financial Information included in this Letter of Offer will provide meaningful information is entirely dependent on the reader's level of familiarity with Ind AS, Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Letter of Offer should accordingly be limited.

**74. *Political instability or changes in the Government in India or in the Government of the states where we operate could cause us significant adverse effects.***

The Indian economy and its securities markets are influenced by economic developments and volatility in securities markets in other countries. Investors' reactions to developments in one country may have adverse effects on the market price of securities of companies located in other countries, including India. Negative economic developments, such as rising fiscal or trade deficits, or a default on national debt, in other emerging market countries may also affect investor confidence and cause increased volatility in Indian securities markets and indirectly affect the Indian economy in general. Any of these factors could depress economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition and results of operations and reduce the price of our Equity Shares. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders' equity and the price of our Equity Shares.

We are dependent on domestic, regional and global economic and market conditions. Our performance, growth and market price of our Equity Shares are and will be dependent to a large extent on the health of the economy in which we operate. There have been periods of slowdown in the economic growth of India. Demand for our products or services may be adversely affected by an economic downturn in domestic, regional and global economies.

Economic growth is affected by various factors including domestic consumption and savings, balance of trade movements, namely export demand and movements in key imports, global economic uncertainty and liquidity crisis, volatility in exchange currency rates, and annual rainfall which affects agricultural production.

Consequently, any future slowdown in the Indian economy could harm our business, results of operations and financial condition. Also, a change in the government or a change in the economic and deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business in particular and high rates of inflation in India could increase our costs without proportionately increasing our revenues, and as such decrease our operating margins.

**75. *A slowdown in economic growth in India could cause our business to suffer.***

We are incorporated in India, and all of our assets and employees are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. A slowdown in the Indian economy could adversely affect our business, including our ability to grow our assets, the quality of our assets, and our ability to implement our strategy.

Factors that may adversely affect the Indian economy, and hence our results of operations, may include:

- any increase in Indian interest rates or inflation;
- any scarcity of credit or other financing in India;
- prevailing income conditions among Indian consumers and Indian corporations;
- volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- variations in exchange rates;
- changes in India's tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighboring countries;
- prevailing regional or global economic conditions; and
- other significant regulatory or economic developments in or affecting India

Any slowdown in the Indian economy or in the growth of the sectors we participate in or future volatility in global commodity prices could adversely affect our borrowers and contractual counterparties. This in turn could adversely affect our business and financial performance and the price of our Equity Shares.

**76. *Changing laws, rules and regulations and legal uncertainties, including adverse application of corporate and tax laws, may adversely affect our business, prospects and results of operations.***

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes, including the instances mentioned below, may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy.

The Government of India has issued a notification dated September 29, 2016 notifying Income Computation and Disclosure Standards (“**ICDS**”), thereby creating a new framework for the computation of taxable income. The ICDS became applicable from the assessment year for Fiscal 2018 and subsequent years. The adoption of ICDS is expected to significantly alter the way companies compute their taxable income, as ICDS deviates from several concepts that are followed under general accounting standards, including Indian GAAP and Ind AS. In addition, ICDS shall be applicable for the computation of income for tax purposes but shall not be applicable for the computation of income for minimum alternate tax. There can be no assurance that the adoption of ICDS will not adversely affect our business, results of operations and financial condition.

- the General Anti Avoidance Rules (“**GAAR**”) have been made effective from April 1, 2017. The tax consequences of the GAAR provisions being applied to an arrangement could result in denial of tax benefit amongst other consequences. In the absence of any precedents on the subject, the application of these provisions is uncertain. If the GAAR provisions are made applicable to our Company, it may have an adverse tax impact on us.
- a comprehensive national GST regime that combines taxes and levies by the Central and State Governments into a unified rate structure, which came into effect from July 1, 2017. We cannot provide any assurance as to any aspect of the tax regime following implementation of the GST. Any future increases or amendments may affect the overall tax efficiency of companies operating in India and may result in significant additional taxes becoming payable. If, as a result of a particular tax risk materializing, the tax costs associated with certain transactions are greater than anticipated, it could affect the profitability of such transactions.

In addition, unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations including foreign investment laws governing our business, operations and group structure could result in us being deemed to be in contravention of such laws or may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with such new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may affect the viability of our current business or restrict our ability to grow our business in the future.

Any increase in taxes and levies, or the imposition of new taxes and levies in the future, could increase the cost of production and operating expenses. Taxes and other levies imposed by the central or state governments in India that affect our industry include customs duties, excise duties, sales tax, income tax and other taxes, duties or surcharges introduced on a permanent or temporary basis from time to time. The central and state tax scheme in India is extensive and subject to change from time to time. Any adverse changes in any of the taxes levied by the central or state governments may adversely affect our competitive position and profitability.

**77. *Financial instability in both Indian and international financial markets could adversely affect our results of operations and financial condition.***

The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the United States and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors’ reactions to developments in one country can

have an adverse effect on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any global financial instability, including further deterioration of credit conditions in the U.S. market, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our results of operations and financial condition.

The Indian economy is also influenced by economic and market conditions in other countries. This includes, but is not limited to, the conditions in the United States, Europe and certain economies in Asia. Financial turmoil in Asia and elsewhere in the world in recent years has affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and its business.

Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby impact the Indian economy. Financial disruptions in the future could adversely affect our business, prospects, financial condition and results of operations. The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections.

These could include further falls in Stock Exchange indices and greater volatility of markets in general due to the increased uncertainty. These and other related events could have a significant impact on the global credit and financial markets as a whole, and could result in reduced liquidity, greater volatility, widening of credit spreads and a lack of price transparency in the global credit and financial markets. There are also concerns that a tightening of monetary policy in emerging markets and some developed markets will lead to a moderation in global growth. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, have implemented a number of policy measures designed to add stability to the financial markets. However, the overall long-term impact of these and other legislative and regulatory efforts on the global financial markets is uncertain, and they may not have had the intended stabilizing effects. Any significant financial disruption in the future could have an adverse effect on our cost of funding, loan portfolio, business, future financial performance and the trading price of the Equity Shares.

**78. *Inflation in India could have an adverse effect on our profitability and if significant, on our financial condition.***

Inflation rates in India have been volatile in recent years, and such volatility may continue in the future. India has experienced high inflation in the recent past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of salaries, and other expenses relevant to our business.

High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to pass on to our customers, whether entirely or in part, and the same may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or increase our rates to pass the increase in costs on to our customers. In such case, our business, results of operations, cash flows and financial condition may be adversely affected.

Further, the GoI has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

**79. *Foreign investors are subject to foreign investment restrictions under Indian law that limits our ability to attract foreign investors, which may adversely impact the market price of the Equity Shares.***

As an Indian Company, we are subject to exchange controls that regulate borrowing in foreign currencies, including those specified under FEMA. Such regulatory restrictions limit our financing sources for our projects under development and hence could constrain our ability to obtain financing on competitive terms and refinance existing indebtedness. In addition, we cannot assure you that the required approvals will be granted to us without onerous conditions, or at all. Limitations on foreign debt may adversely affect our business growth, results of operations and financial condition.

Further, under the foreign exchange regulations currently in force in India, transfers of shares between non-residents and residents are freely permitted (subject to certain exceptions) if they comply with the pricing guidelines and reporting requirements specified by the RBI. If the transfer of shares, which are sought to be transferred, is not in compliance with such pricing guidelines or reporting requirements or fall under any of

the exceptions referred to above, then the prior approval of the RBI will be required. Additionally, shareholders who seek to convert the Rupee proceeds from a sale of shares in India into foreign currency and repatriate that foreign currency from India will require a no objection/ tax clearance certificate from the income tax authority. There can be no assurance that any approval required from the RBI or any other government agency can be obtained on any particular terms or at all.

**80. Any downgrading of India's debt rating by an independent agency may harm our ability to raise financing.**

Any adverse revisions to India's credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

**81. Changing laws, rules and regulations and legal uncertainties, including adverse application of tax laws, may adversely affect our business, prospects and results of operations.**

The regulatory environment in which we operate is evolving and is subject to change. The GoI may implement new laws or other regulations that could affect the insurance industry, which could lead to new compliance requirements, including requiring us to obtain approvals and licenses from the GoI and other regulatory bodies, or impose onerous requirements. New compliance requirements could increase our costs or otherwise adversely affect our business, financial condition and results of operations. Further, the manner in which new requirements will be enforced or interpreted can lead to uncertainty in our operations and could adversely affect our operations. Accordingly, any adverse regulatory change in this regard could lead to fluctuation of price points of various input costs and thereby increase our operational cost.

The Taxation Laws (Amendment) Act, 2019, also prescribes certain changes to the income tax rate applicable to companies in India. According to this Act, companies can henceforth voluntarily opt in favour of a concessional tax regime (subject to no other special benefits/exemptions being claimed), which would ultimately reduce the effective tax rate (on gross basis) for Indian companies from 34.94% to approximately 25.17%. Any such future amendments may affect our ability to claim exemptions that we have historically benefited from, and such exemptions may no longer be available to us. Any adverse order passed by the appellate authorities/ tribunals/ courts would have an effect on our profitability. Due to COVID -19 pandemic, the Government of India had also passed the Taxation and Other Laws (Relaxation of Certain Provisions) Act, 2020, implementing relaxations from certain requirements under, among others, the Central Goods and Service Tax Act, 2017 and Customs Tariff Act, 1975. Furthermore, the Government of India announced the Union Budget for Fiscal 2023 ("**Budget 2023**"), pursuant to which the Finance Bill 2023 (defined below) has proposed various amendments which will only come into effect upon receipt of Presidential assent to the bill and notification in requisite acts. We have not fully determined the impact of these recent and proposed laws and regulations on our business.

There can be no assurance that we will not be required to comply with additional procedures or obtain additional approvals and licenses from the government and other regulatory bodies or that they will not impose onerous requirements and conditions on our operations in connection with GST. While we are and will comply with the GST rules and regulations, any failure to comply with the same may result in noncompliance with the GST and may adversely affect our business and results of operations. The GoI announced the union budget for fiscal year 2024, following which the Finance Bill, 2023 was introduced in the Lok Sabha on February 1, 2023. The Finance Bill 2023 received assent from the President of India on March 31, 2023, post which it became the Finance Act, 2023 ("**Finance Act 2023**"). Any changes in the Finance Act 2023 or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws that are applicable to our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals.

Changes in other laws may impose additional requirements, resulting in additional expenditure and time cost. For instance, the GoI has announced four labour codes which are yet to come into force as on the date of this Letter of Offer, namely, (i) the Code on Wages, 2019, (ii) the Industrial Relations Code, 2020; (iii) the Code on Social Security, 2020; and (iv) the Occupational Safety, Health and Working Conditions Code, 2020. Such codes will replace the existing legal framework governing rights of workers and labour relations. While the rules for implementation under these codes have not been announced, we are unable to determine the impact of all or some such laws on our business and operations which may restrict our ability to grow our business in the future. For example, the Social Security Code aims to provide uniformity in providing social security benefits to employees which were previously segregated under different acts and had different applicability and coverage. The Social Security Code has introduced the concept of workers outside

traditional employer-employee work-arrangements, such as “gig workers” and “platform workers” and provides for the mandatory registration of such workers in order to enable these workers to avail themselves of various employment benefits, such as life and disability cover, health and maternity benefits and old age protection, under schemes framed under the Social Security Code from time to time. Any failure to comply may adversely affect our business, results of operations and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current businesses or restrict our ability to grow our businesses in the future.

**82. *We are subject to regulatory, economic, social and political uncertainties and other factors beyond our control.***

We are incorporated in India and we conduct our corporate affairs and our business in India. Our Equity Shares are listed on BSE and NSE. Consequently, our business, operations, financial performance and the market price of our Equity Shares will be affected by interest rates, government policies, taxation, social and ethnic instability and other political and economic developments affecting India.

Factors that may adversely affect the Indian economy, and hence our results of operations may include:

- any exchange rate fluctuations, the imposition of currency controls and restrictions on the right to convert or repatriate currency or export assets;
- any scarcity of credit or other financing in India, resulting in an adverse effect on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian customers and Indian corporations;
- epidemic or any other public health in India or in countries in the region or globally, including in India’s various neighbouring countries;
- hostile or war like situations with the neighboring countries;
- macroeconomic factors and central bank regulation, including in relation to interest rates movements which may in turn adversely impact our access to capital and increase our borrowing costs;
- volatility in, and actual or perceived trends in trading activity on, India’s principal stock exchanges;
- decline in India’s foreign exchange reserves which may affect liquidity in the Indian economy;
- downgrading of India’s sovereign debt rating by rating agencies; and
- difficulty in developing any necessary partnerships with local businesses on commercially acceptable terms and/or a timely basis.

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy or certain regions in India, could adversely affect our business, results of operations and financial condition and the price of the Equity Shares. For example, our manufacturing facilities are located in western India, hence any significant disruption, including due to social, political or economic factors or natural calamities or civil disruptions, impacting this region may adversely affect our operations.

**83. *Financial instability in other countries may cause increased volatility in Indian financial markets.***

The Indian market and the Indian economy are influenced by economic and market conditions in other countries, particularly emerging market countries in Asia. Although economic conditions are different in each country, investors’ reactions to developments in one country can have adverse effects on the securities of companies in other countries, including India. A loss of investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any worldwide financial instability could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our business, our future financial performance and the prices of the Equity Shares.

The recent outbreak of Novel Coronavirus has significantly affected financial markets around the world. Any other global economic developments or the perception that any of them could occur may continue to have an adverse effect on global economic conditions and the stability of global financial markets, and may significantly reduce global market liquidity and restrict the ability of key market participants to operate in certain financial markets. Any of these factors could depress economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition and results of operations and reduce the price of our Equity Shares. Any financial disruption could have an adverse effect on our business, future financial performance, shareholders’ equity and the price of our Equity Shares.

## GENERAL INFORMATION

Our Company was incorporated under the Companies Act, 1956 with the Registrar of Companies, Chennai, Tamil Nadu and consequently a certificate of incorporation dated December 6, 2006 and a certificate for commencement of business dated January 8, 2007 was issued to our Company by the Registrar of Companies, Chennai, Tamil Nadu. At the time of incorporation, our registered office was located at No. 5, T.V. Street, Chetpet, Chennai 600 031, Tamil Nadu. ### Schedule of Implementation and Deployment of Funds

Our Company proposes to deploy the entire Net Proceeds towards the Objects as described herein during Fiscal 2023-24.

The funds deployment described herein is based on management estimates and current circumstances of our business and operations. Given the dynamic nature of our business, we may have to revise our funding requirements and deployment on account of variety of factors such as our financial condition, business and strategy, including external factors which may not be within the control of our management. This may entail rescheduling and revising the planned funding requirements and deployment and increasing or decreasing the funding requirements from the planned funding requirements at the discretion of our management. Accordingly, the Net Proceeds of the Issue would be used to meet all or any of the purposes of the funds requirements described herein.

#### A) Details of the Objects of the Issue

##### 1) *Repayment of unsecured loans due from our Company to Janati Bio Power Private Limited, one of the Promoters of our Company*

Our Company owes an outstanding principal amount of ₹ 15,150 lakhs (excludes interest amount due and other financial charges, if any applicable) to JBPPL, one of the Promoters of our Company as at July 29, 2023. Our

Company proposed to repay amount of upto ₹ 14,500 lakhs of the Net Proceeds towards repayment of these unsecured loans. The unsecured loans are to be repaid along with interest. There are no prepayment penalties for prepayment of such unsecured loans. The following table provides details along with the terms on which the unsecured loans have been availed by our Company, as on July 29, 2023, which are proposed to be repaid from the Net Proceeds:

(₹ in lakhs)

Sr. No.	Name of the Entity	Principal Outstanding unsecured loans amount as on July 29, 2023	**Purpose for availing unsecured loans	Interest Rate (%) p.a	Proposed repayment from Net Proceeds
1	Janati Bio Power Private Limited (“JBPPL”)	15,150*	For debt servicing and for meeting operating expenses	Prevailing SBI MCLR. 8.75% w.e.f. July 15, 2023.	14,500
<b>Total</b>		<b>15,150</b>			<b>14,500</b>

\* The loan amount does not includes the interest amount due and other financial charges, if any applicable on the principal outstanding amount as on July 29, 2023.

\*\*Our Statutory auditors have provided a report of factual findings dated July 29, 2023 in connection with agreed-upon procedures related to the statement of unsecured loans availed.

Given the nature of these borrowing facilities and the terms of repayment, the aggregate outstanding unsecured loans amounts may vary from time to time. In addition to the above, we may, from time to time, enter into further financing arrangements to avail unsecured loans. In such cases or in case any of the above unsecured loans are paid or further unsecured loans have been availed prior to the completion of the Issue, we may utilise Net Proceeds of the Issue towards repayment of such additional unsecured loans.

The Promoters of our Company *vide* their letters dated January 12, 2023 (the “**Subscription Letters**”) have undertaken to: (a) subscribe, jointly and/ or severally to the full extent of their Rights Entitlement and subscribe to the full extent of any Rights Entitlement that may be renounced in their favour by any other Promoters of our Company; and (b) only in the event of undersubscription, subject to market conditions, may subscribe to, either individually or jointly and/ or severally with any other Promoters for additional Rights Equity Shares in the Issue. Further, our Company does not have a promoter group. Accordingly, in terms of the SEBI ICDR Regulations, the requirement of minimum subscription in the Issue is not applicable.

Our Company is in compliance with Regulation 38 of the SEBI Listing Regulations and will continue to comply with the minimum public shareholding requirements pursuant to the Issue.

### **Interest of Promoters and Directors in the objects of the Issue**

JBPPL, has *vide* its letter dated July 29, 2023 confirmed that an amount of ₹ 14,500 lakhs (excludes interest amount due and other financial charges, if any applicable), which has been availed by our Company, in the nature of identified unsecured loans as per the details mentioned in the above table, is proposed to be adjusted towards the application money to be received by the Company for the subscription of its Rights Equity shares by the Promoter, to the extent of its rights entitlement and/or renunciation of the rights entitlement in favour of the other Promoters. Consequently, no fresh Issue proceeds would be received by our Company to such an extent.

### **History of Loan**

The Company had taken loans from SVL Limited, the promoter company. SVL Limited has assigned ₹14,500 lakhs of the loan amount to another promoter company, i.e., Janati Bio Power Private Limited during June 2022. SVL Limited had waived interest amount till March 31, 2021. The interest amount waiver for the period starting April 2022 to March 2023 has been granted by the promoters. Considering the assignment among promoters, the total principal outstanding amount of ₹ 15,150 lakhs is due to Janati Bio Power Private Limited as on July 29, 2023. However, the rights issue proceeds shall be utilized for repayment of principal is ₹ 14,500.00 lakhs only.

### **Rationale for Loan**

SVL Limited is the promoter of Orient Green Power Company Limited and Janati Bio Power Private Limited (JBPPL). Further, SVL Limited holds 100% equity of Janati Bio Power Private Limited. Until March 2019, SVL Limited and its subsidiary companies held 48.66% of equity holdings of the Orient Green Power Company Limited, of which 34.95% was held by SVL Limited. In November 2019, due to an internal arrangement amongst

promoter companies, the shares held by SVL Limited and its other subsidiaries (retaining only 5,000 shares each) were transferred to Janati Bio Power Private Limited, thereby Janati Bio Power Private Limited became a significant promoter.

Further, 100% of the group borrowings of Orient Green Power Company Limited and its subsidiaries as on March 31, 2022 was lent by SVL Limited. The company has been informed by the management of SVL Limited that they assigned certain portion of loan receivables to Janati Bio Power Private Limited in order to infuse cash flows into Janati Bio Power Private Limited to meet its obligations.

**2) Part repayment or prepayment of unsecured loans to Janati Bio Power Private Limited (“JBPPL”), one of the Promoters of our Company availed by Bharath Wind Farm Limited (“BWFL”), one of our wholly owned subsidiaries of the Company.**

One of our subsidiary companies, BWFL owes an outstanding principal amount of ₹ 2,614 lakhs (excludes interest amount due and other financial charges, if any applicable) of unsecured loan to JBPPL, one of the Promoters of our Company as on July 29, 2023. Our Company proposed to repay amount of upto ₹ 2,500 lakhs of the Net Proceeds towards repayment or prepayment of these unsecured loans to JBPPL on behalf of BWFL. The unsecured loans are to be repaid along with interest. There are no prepayment penalties for prepayment of such unsecured loans. The following table provides details along with the terms on which the unsecured loans have been availed by our subsidiary, as on July 29, 2023, which are proposed to be repaid from the Net Proceeds:

(₹ in lakhs)

Sr. No.	Name of the Entity	Principal Outstanding unsecured loans amount as on July 29, 2023	**Purpose of availing unsecured loans	Interest Rate (%) p.a.	Proposed repayment or prepayment from Net Proceeds
1	Janati Bio Power Private Limited (“JBPPL”)	2,614*	For debt servicing and for meeting operating expenses	Prevailing SBI MCLR. 8.75% w.e.f July 15, 2023.	2,500.00
	<b>Total</b>	<b>2,614</b>			<b>2,500.00</b>

\* The loan amount does not include the interest amount due and other financial charges, if any applicable on the principal outstanding amount as on July 29, 2023.

\*\*Our Statutory auditors have provided a report of factual findings dated July 29, 2023 in connection with agreed-upon procedures related to the statement of unsecured loans availed.

Given the nature of these borrowing facilities and the terms of repayment, the aggregate outstanding unsecured loans amounts may vary from time to time. In addition to the above, we may, from time to time, enter into further financing arrangements to avail unsecured loans. In such cases or in case any of the above unsecured loans are paid or further unsecured loans have been availed prior to the completion of the Issue, we may utilise Net Proceeds of the Issue towards repayment or prepayment of such additional unsecured loans.

**Rationale for Loan**

Janati Bio Power Private Limited (“JBPPL”), one of the Corporate promoters has extended unsecured loans of ₹ 3,000 Lakhs to Bharat Wind Farm Limited (“BWFL”). Considering the weaker financial conditions of BWFL, JBPPL had waived off the interest on the unsecured loan since FY 2018-19. Further, also BWFL could not make any part repayment towards the principal amount taken as unsecured loan. Since BWFL started making profits from 2022, as a part of its financial restructuring program, JBPPL has decided to recall the unsecured loans and has requested the Company to deploy a part of the issue proceeds towards the repayment of unsecured loan availed by BWFL from JBPPL. Repayment of unsecured loans shall reduce the debt burden of BWFL and improve its profitability in the coming years.

The financial details in respect of BWFL are as below:

(₹ in lakhs)

Particulars	2023	2022	2021
Total Revenue	1,238	1,225	1,117
Profit/(loss) after tax	(12)	1,880	(486)
Retained Earnings	544	556	(1,324)
Contribution to consolidated revenue	1%	1%	1%

In FY 2021-22, Bharath Wind Farm Limited (“BWFL”) had a made claim for differential tariff of ₹ 2,441 lakhs

and the same has been treated as an exceptional item. Hence the profit for the FY 2022 is more than the revenue for the year.

In the year 2012, Andhra Pradesh Electricity Regulatory Commission (APERC) determined the interim tariff of ₹1.69 per unit for the wind projects that completed 10 years of commercial operations. Upon representations from the industry, the final tariff for the said projects were fixed at ₹ 3.37 per unit. However, AP Discom (the customer) denied the revised tariff claim made by the company. The company made representations before APERC and pending decision the revenue was recognized at ₹1.69 unit. APERC during 2019, confirmed the applicability of ₹ 3.37 per unit. Further, the APERC in its order dated September 22, 2021 directed the AP Discom to pay the dues in six equal monthly instalments. Considering the same, ₹ 2441 lakhs were recognized by the Company as an exceptional item.

On receipt of APERC order dated September 22, 2021 where the revised tariff rate is confirmed and AP Discom is directed to pay all the dues by six equal monthly instalments, reasonable certainty is established for realizing the amounts and accordingly the Company has lodged claim and recognized for ₹ 2,441 lakhs during FY 21-22.

**3) Repayment/ Pre-payment of certain secured loans including interest availed from lenders of the Company either in part or full**

Our Company had availed a term loan from Yes Bank Limited for an amount aggregating to ₹ 5,000 lakhs which was repayable in 39 quarterly instalments commencing from December 2016 and ending on June 2026. In the Draft Letter of Offer, our Company had disclosed that it proposed to utilize an aggregate amount of ₹ 1,500 lakhs from the Net Proceeds towards full or partial re-payment or prepayment of the secured loans availed by our Company from Yes Bank Limited. However, on July 28, 2023, our Company has repaid the entire amount outstanding against the secured loan availed from Yes Bank Limited aggregating to ₹1,349.08 lakhs. The repayment of the loan has been made through an unsecured loan which was availed from Gamma Green Power Private Limited, one of the Subsidiaries of our Company. Therefore, a portion of the proceeds of the Issue shall be utilised towards repayment of unsecured loan amounting to ₹ 1,500 lakhs availed from Gamma Green Power Private Limited.

Our company owes an outstanding principal amount of ₹1,646 lakhs (excludes interest amount due and other financial charges, if any applicable) to Gamma Green Power Private Limited (“GGPPL”), one of the subsidiaries of the company as on July 29, 2023. Our company proposed to repay amount of up to ₹ 1,500 lakhs of the Net Proceeds of the issue towards part repayment or pre-payment of these unsecured loans. The Unsecured loans are to be repaid along with interest. There are no prepayment penalties for prepayment of such unsecured loans. The following table provides details along with the terms on which the unsecured loans have been availed by our Company, as on July 29, 2023, which are proposed to be repaid by the Net Proceeds:

(₹ in lakhs)

S. No.	Name of the Entity	Principal Outstanding unsecured loans amount as on July 29, 2023	**Purpose for availing unsecured loans	Interest Rate (%) p.a	Proposed repayment from Net Proceeds

<b>Total</b>		<b>1,646</b>			<b>1,500.00</b>

\* The loan amount does not include the interest amount due and other financial charges, if any applicable on the principal outstanding amount as on July 29, 2023.

\*\*Our Statutory auditors have provided a report of factual findings dated July 29, 2023 in connection with agreed-upon procedures related to the statement of unsecured loans availed.

Given the nature of these borrowing facilities and the terms of repayment, the aggregate outstanding unsecured loans amounts may vary from time to time. In addition to the above, we may, from time to time, enter into further financing arrangements to avail unsecured loans. In such cases or in case any of the above unsecured loans are paid or further unsecured loans have been availed prior to the completion of the Issue, we may utilise Net Proceeds of the Issue towards repayment of such additional unsecured loans.

**Rationale for Loan**

Our Company had availed a term loan from Yes Bank Limited for an amount aggregating to ₹ 5,000 lakhs which

was repayable in 39 quarterly instalments commencing from December 2016 and ending on June 2026. In the Draft Letter of Offer, our Company had disclosed that it proposed to utilize an aggregate amount of ₹ 1,500 lakhs from the Net Proceeds towards full or partial re-payment or prepayment of the secured loans availed by our Company from Yes Bank Limited. Our Company may avail further loans after the date of filing of this Letter of Offer. If at the time of utilization of the Net Proceeds, any of the above mentioned loans are repaid in part or full or refinanced or if any additional amounts are drawn down on the working capital borrowing or if the limits under the working capital borrowing are increased, then the Company will utilize the Net Proceeds to pre-pay or repay such refinanced or additional debt, not exceeding ₹ 1,500 lakhs.

**4) Part repayment of secured loans including interest availed from lenders by Amrit Environmental Technologies Private Limited (“AETPL”), one of the subsidiaries of the Company.**

Our Company proposes to utilise an aggregate amount of ₹ 1,500.00 lakhs from the Net Proceeds towards partial

re-payment of the secured loans availed by AETPL, one of the subsidiaries of the Company from IL& FS Financial Services Private Limited (“**IL&FS**”). The selection and extent of loans proposed to be repaid will be based on various commercial considerations including, among others, the costs, expenses and charges relating to the facility including interest rate of the relevant loan, the amount of the loan outstanding, the remaining tenor of the loan, presence of onerous terms and conditions under the facility, levy of any prepayment penalties and the quantum thereof, provisions of any law, rules, regulations governing such borrowings, terms of pre-payment to lenders, if any and mix of credit facilities provided by lenders.

The loan availed by the AETPL from IL& FS was required to be repaid in June 2019. Our Company has also extended a corporate guarantee to secure the term loan availed by AETPL. However, AETPL, halted its business operations due to the increase in fuel prices causing its business to become unviable, defaulted in making payment towards the principal sum of ₹ 2,652 lakhs and IL&FS approached the National Company Law Tribunal against the Company for recovering the dues. Presently, IL&FS has agreed to the proposal made by our Company and subsequently, IL&FS and our Company have filed a joint memo before National Company Law Tribunal, Chennai (“NCLT, Chennai”) agreeing to a one-time settlement of ₹ 3,000 lakhs. The matter has been disposed off by NCLT, Chennai on October 18, 2022, however the proposal is pending final approval from National Company Law Tribunal, Mumbai. Considering the recoverable amounts from sale of subsidiary and other sources, our Company is proposing to utilize ₹ 1,500 lakhs of the net proceeds of this issue towards part repayment of the loan taken from IL&FS. For further details, please refer “*Risk Factor point no 5. - One of our Subsidiaries, Amrit Environmental Technologies Private Limited has defaulted in repayment of a loan availed from IL&FS Financial Services Limited. In the event any adverse actions are taken against our Subsidiary in view of the default, our reputation, business, financial condition and results of operation could be adversely affected*” on page 28 of the LOF.

#### Breakup of Identified Loans proposed to be repaid:

Secured Loans availed from IL&FS and which are proposed to be repaid, partly or fully are tabulated below:

(₹ in lakhs)

Name of the lender	Purpose/type of loan*	Amount sanctioned	Outstanding Amount as on July 29, 2023 (including interest amount and other financial charges due)	Rate of interest (per annum)%	Pre-payment penalty	Proposed repayment or prepayment from Net Proceeds
IL& FS	General corporate purposes including loans and advances to group companies.	3,900	4,604	15 %	Nil	1,500
	<b>Total</b>	<b>3,900</b>	<b>4,604</b>			<b>1,500</b>

\*Our Statutory auditors have provided a report of factual findings dated July 29, 2023 in connection with agreed-upon procedures related to the statement of loan availed.

#### Rationale of Loan

The Company has given a corporate guarantee for the term loan availed by its subsidiary i.e., Amrit Environmental Technologies Private Limited (“**AETPL**”) from IL&FS Financial Services Limited (“**IL&FS**”). Upon default in repayment of loan by AETPL, IL&FS moved to NCLT against OGPL (as OGPL was a corporate guarantor to the said loan). OGPL is currently negotiating the matter with IL&FS and intends to repay ₹ 1500 lakhs out of the issue proceeds towards the part settlement of the dues.

The details of performance of AETPL have been provided below:

(₹ in lakhs, except per share)

S. No.	Particulars	March 31, 2023	March 31, 2022	March 31, 2021
1.	Share Capital	1,700	1,700	1,700
2.	Net Worth	(8,049)	(7,842)	(6,857)
3.	Revenue from operations	-	-	-
4.	Profit/ (Loss) after Tax	(208)	(984)	(585)
5.	Earnings per Share	(1.22)	(5.79)	(3.44)
6.	Net Asset Value per equity share	(47.35)	(46.13)	(40.34)

S. No.	Particulars	March 31, 2023	March 31, 2022	March 31, 2021
7.	Total borrowings (including interest)	6,270	6,052	5,596
8.	Capacity utilisation	-	-	-

This loan was granted to Amrit Environmental Technologies Private Limited (“AETPL”) for general corporate purposes and granting further loans to group companies. This loan repayment was structured in such a way that 68% of the principal amount *i.e.*, ₹ 2,652 lakhs was required to be repaid as a last installment during June 2019. Due to cash flow constraints, AETPL could not repay this installment. Further, the negotiations to restructure this loan also did not materialize. Hence, AETPL has defaulted on the said loan.

**5) Part repayment or prepayment of unsecured loans including interest availed from one of the subsidiaries of the Company, Beta Wind Farm Private Limited (BETA)**

Our Company has taken the following unsecured loans from one its subsidiaries, BETA. Our Company intends to utilize upto ₹ 1,000 lakhs of the Net Proceeds towards repayment or prepayment of these unsecured loans. The unsecured loans are to be repaid along with interest. There are no prepayment penalties for prepayment of such unsecured loans. The following table provides details along with the terms on which the unsecured loans have been availed by our company, as on July 29, 2023, which are proposed to be repaid from the Net Proceeds:

(₹ in lakhs)

Name of the lender	**Purpose/Type of Loan	Principal Amount outstanding as on July 29, 2023	Rate of interest (per annum)%	Proposed repayment or prepayment from Net Proceeds
Beta Wind Farm Private Limited (“BETA”)	For Debt servicing and for meeting operating expenses	1,759*	9.4 %	1,000
	<b>Total</b>	<b>1,759</b>		<b>1,000</b>

\*As on July 29, 2023, the total outstanding loan amount due is ₹ 2,207 lakhs (includes interest amount due of ₹ 448 lakhs and principal amount of ₹ 1759 lakhs)

\*\*Our Statutory auditors have provided a report of factual findings dated July 29, 2023 in connection with agreed-upon procedures related to the statement of unsecured loans availed.

These proceeds shall be utilized by BETA for reinforcement and repairs, in the nature of strengthening the foundation, involving civil work, replacement of components of certain pre-identified wind energy generators and wind mills.

**Rationale of Loan**

The loan has been taken by the Company from Beta Wind Farm Private Limited (“BETA”) for meeting its working capital and other requirements. However, Beta requires funds to the extent of ₹ 1000 lakhs for funding the reinforcement (*strengthening the foundation, involving civil work*) of wind energy generators, replacement of components of certain pre-identified wind energy generators owned by BETA. Accordingly, the Company intends to make a part repayment to an extent of ₹ 1,000 lakhs to BETA.

#### Global Economy Overview

Global growth is projected to fall from 3.5 percent in 2022 to 3.0 percent in both 2023 and 2024 on an annual average basis (Table 1). Compared with projections in the April 2023 WEO, growth has been upgraded by 0.2 percentage point for 2023, with no change for 2024. The forecast for 2023–24 remains well below the historical (2000–19) annual average of 3.8 percent. It is also below the historical average across broad income groups, in overall GDP as well as per capita GDP terms. Advanced economies continue to drive the decline in growth from 2022 to 2023, with weaker manufacturing, as well as idiosyncratic factors, offsetting stronger services activity. In emerging market and developing economies, the growth outlook is broadly stable for 2023 and 2024, although with notable shifts across regions. On a year-over-year basis, global growth bottomed out in the fourth quarter of 2022. However, in some major economies, it is not expected to bottom out before the second half of 2023.

World trade growth is expected to decline from 5.2 percent in 2022 to 2.0 percent in 2023, before rising to 3.7 percent in 2024, well below the 2000–19 average of 4.9 percent. The decline in 2023 reflects not only the path of global demand, but also shifts in its composition toward domestic services, lagged effects of US dollar appreciation—which slows trade owing to the widespread invoicing of products in US dollars—and rising trade barriers.

These forecasts are based on a number of assumptions, including those regarding fuel and nonfuel commodity prices and interest rates. Oil prices rose by 39 percent in 2022 and are projected to fall by about 21 percent in 2023, reflecting the slowdown in global economic activity. Assumptions regarding global interest rates have been revised upward, reflecting actual and signaled policy tightening by major central banks since April. The Federal Reserve and Bank of England are now expected to raise rates by more than assumed in the April 2023 WEO—to a peak of about 5.6 percent in the case of the Federal Reserve—before reducing them in 2024. The European Central Bank is assumed to raise its policy rate to a peak of 3¾ percent in 2023 and to ease gradually in 2024. Moreover, with near-term inflation expectations falling, real interest rates are likely to stay up even after nominal rates start to fall.

For advanced economies, the growth slowdown projected for 2023 remains significant: from 2.7 percent in 2022 to 1.5 percent in 2023, with a 0.2 percentage point upward revision from the April 2023 WEO. About 93 percent of advanced economies are projected to have lower growth in 2023, and growth in 2024 among this group of economies is projected to remain at 1.4 percent.

For emerging market and developing economies, growth is projected to be broadly stable at 4.0 percent in 2023 and 4.1 percent 2024, with modest revisions of 0.1 percentage point for 2023 and –0.1 percentage point for 2024. However, this stable average masks divergences, with about 61 percent of the economies in this group growing faster in 2023 and the rest—including low-income countries and three of the five geographic regions described in what follows—growing more slowly.

4/ For India, data and projections are presented on a fiscal year basis, with FY 2022/23 (starting in April 2022) shown in the 2022 column. India's growth projections are 6.6 percent in 2023 and 5.8 percent in 2024 based on calendar year.

5/ Indonesia, Malaysia, Philippines, Singapore, Thailand.

6/ Simple average of growth rates for export and import volumes (goods and services).

7/ Simple average of prices of UK Brent, Dubai Fateh, and West Texas Intermediate crude oil. The average assumed price of oil in US dollars a barrel, based on futures markets (as of June 1, 2023), is \$76.43 in 2023 and \$71.66 in 2024.

8/ Excludes Venezuela.

9/ The inflation rate for the euro area is 5.2% in 2023 and 2.8% in 2024, that for Japan is 3.4% in 2023 and 2.7% in 2024, and that for the United States is 4.4% in 2023 and 2.8% in 2024.

## Core Inflation Declining More Gradually Than Headline Inflation

Global headline inflation is set to fall from an annual average of 8.7 percent in 2022 to 6.8 percent in 2023 and 5.2 percent in 2024, broadly as projected in April, but above pre-pandemic (2017–19) levels of about 3.5 percent. About three-quarters of the world's economies are expected to see lower annual average headline inflation in 2023. Monetary policy tightening is expected to gradually dampen inflation, but a central driver of the disinflation projected for 2023 is declining international commodity prices. The forecast for 2023 is revised down by 0.2 percentage point, largely on account of subdued inflation in China. The forecast for 2024 has been revised upward by 0.3 percentage point, with the upgrade reflecting higher-than-expected core inflation.

Core inflation is generally declining more gradually. Globally, it is set to decline from an annual average of 6.5 percent in 2022 to 6.0 percent in 2023 and 4.7 percent in 2024. It is proving more persistent than projected, mainly for advanced economies, for which forecasts have been revised upward by 0.3 percentage point for 2023 and by 0.4 percentage point for 2024 compared with the April 2023 WEO. Overall, inflation is projected to remain above target in 2023 in 96 percent of economies with inflation targets and in 89 percent of those economies in 2024.

## Indian Economy Overview

Strong economic growth in the first quarter of FY 2022-23 helped India overcome the UK to become the fifth-largest economy after it recovered from repeated waves of COVID-19 pandemic shock. Real GDP in the first quarter of 2022–23 is currently about 4% higher than its corresponding 2019-20, indicating a strong start for India's recovery from the pandemic. Given the release of pent-up demand and the widespread vaccination coverage, the contact-intensive services sector will probably be the main driver of development in 2022–2023. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers, and with the revival in monsoon and the Kharif sowing, agriculture is also picking up momentum. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand over the period of April-September 2022. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

## Market Size

India's nominal gross domestic product (GDP) at current prices is estimated to be at Rs. 232.15 trillion (US\$ 3.12 trillion) in FY22. With more than 100 unicorns valued at US\$ 332.7 billion, India has the third-largest unicorn base in the world. The government is also focusing on renewable sources to generate energy and is planning to achieve 40% of its energy from non-fossil sources by 2030.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 and 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between 2023 and 2030. India's current account deficit (CAD), primarily driven by an increase in the trade deficit, stood at 2.1% of GDP in the first quarter of FY 2022-23.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of

merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Mr. Piyush Goyal, Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles, Indian exports are expected to reach US\$ 1 trillion by 2030.

## Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting

growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- As of September 21, 2022, India's foreign exchange reserves stood at US\$ 524,520 million.
- The private equity-venture capital (PE-VC) sector investments stood at US\$ 2 billion in September 2022.
- Merchandise exports in September 2022 stood at US\$ 32.62 billion.
- PMI Services remained comfortably in the expansionary zone at 56.7 during April-September 2022
- In September 2022, the gross Goods and Services Tax (GST) revenue collection stood at Rs. 147,686 crore (US\$ 17.92 billion).
- Between April 2000-June 2022, cumulative FDI equity inflows to India stood at US\$ 604,996 million.
- In August 2022, the overall IIP (Index of Industrial Production) stood at 131.3. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 99.6, 131.0 and 191.3, respectively, in August 2022.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 7.41% in September 2022.
- In FY 2022-23, (until October 28, 2022), Foreign Portfolio Investment (FPI) outflows stood at Rs. 58,762 crore (US\$ 7.13 billion).
- The wheat procurement in Rabi 2021-22 and the anticipated paddy purchase in Kharif 2021-22 would include 1208 lakh (120.8 million) metric tonnes of wheat and paddy from 163 lakh (16.7 million) farmers, as well as a direct payment of MSP value of Rs. 2.37 lakh crore (US\$ 31.74 billion) to their accounts.

### **Government Initiatives**

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, are aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- Home & Cooperation Minister Mr. Amit Shah, laid the foundation stone and performed Bhoomi Pujan of Shri Tanot Mandir Complex Project under Border Tourism Development Programme in Jaisalmer in September 2022.
- In August 2022, Mr. Narendra Singh Tomar, Minister of Agriculture and Farmers Welfare inaugurated four new facilities at the Central Arid Zone Research Institute (CAZRI), which has been rendering excellent services for more than 60 years under the Indian Council of Agricultural Research (ICAR).
- In August 2022, a Special Food Processing Fund of Rs. 2,000 crore (US\$ 242.72 million) was set up with National Bank for Agriculture and Rural Development (NABARD) to provide affordable credit for investments in setting up Mega Food Parks (MFP) as well as processing units in the MFPs.
- In July 2022, Deendayal Port Authority (DPA) announced plans to develop two Mega Cargo Handling Terminals on a Build-Operate-Transfer (BOT) basis under Public-Private Partnership (PPP) Mode at an estimated cost of Rs. 5,963 crore (US\$ 747.64 million).
- In July 2022, the Union Cabinet chaired by the Prime Minister Mr. Narendra Modi, approved the signing of the Memorandum of Understanding (MoU) between India & Maldives. This MoU will provide a platform to

tap the benefits of information technology for court digitization and can be a potential growth area for the IT companies and start-ups in both the countries.

- India and Namibia entered into a Memorandum of Understanding (MoU) on wildlife conservation and sustainable biodiversity utilization on July 20, 2022, for establishing the cheetah into the historical range in India.
- In July 2022, the Reserve Bank of India (RBI) approved international trade settlements in Indian rupees (INR) in order to promote the growth of global trade with emphasis on exports from India and to support the increasing interest of the global trading community.
- In June 2022, Prime Minister Mr. Narendra Modi inaugurated and laid the foundation stone of development projects worth Rs. 21,000 crore (US\$ 2.63 billion) at Gujarat Gaurav Abhiyan at Vadodara.
- Mr. Rajnath Singh, Minister of Defence, launched 75 newly-developed Artificial Intelligence (AI) products/technologies during the first-ever 'AI in Defence' (AIDef) symposium and exhibition organized by the Ministry of Defence in New Delhi on 11 July 2022.
- In June 2022:
  - Prime Minister Mr. Narendra Modi, laid the foundation stone of 1,406 projects worth more than Rs. 80,000 crore (US\$ 10.01 billion) at the groundbreaking ceremony of the UP Investors Summit in Lucknow.
  - The Projects encompass diverse sectors like Agriculture and Allied industries, IT and Electronics, MSME, Manufacturing, Renewable Energy, Pharma, Tourism, Defence & Aerospace, Handloom & Textiles.
- The Indian Institute of Spices Research (IISR) under the Indian Council for Agricultural Research (ICAR) inked a Memorandum of Understanding (MoU) with Lysterra LLC, a Russia-based company for the commercialization of biocapsule, an encapsulation technology for bio-fertilization on 30 June, 2022.
- As of April 2022, India signed 13 Free Trade Agreements (FTAs) with its trading partners including major trade agreements like the India-UAE Comprehensive Partnership Agreement (CEPA) and the India-Australia Economic Cooperation and Trade Agreement (IndAus ECTA).
- The Union Budget of 2022-23 was presented on February 1, 2022, by the Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman. The budget had four priorities PM GatiShakti, Inclusive Development, Productivity Enhancement and Investment, and Financing of Investments. In the Union Budget 2022-23, effective capital expenditure is expected to increase by 27% at Rs. 10.68 lakh crore (US\$ 142.93 billion) to boost the economy. This will be 4.1% of the total Gross Domestic Production (GDP).
- Under PM GatiShakti Master Plan, the National Highway Network will develop 25,000 km of new highways network, which will be worth Rs. 20,000 crore (US\$ 2.67 billion). In 2022-23. Increased government expenditure is expected to attract private investments, with a production-linked incentive scheme providing excellent opportunities. Consistently proactive, graded, and measured policy support is anticipated to boost the Indian economy.
- In February 2022, Minister for Finance and Corporate Affairs Ms. Nirmala Sitharaman said that productivity linked incentive (PLI) schemes would be extended to 14 sectors to achieve the mission of AtmaNirbhar Bharat and create 60 lakh jobs with an additional production capacity of Rs. 30 lakh crore (US\$ 401.49 billion) in the next five years.
- In the Union Budget of 2022-23, the government announced funding for the production linked incentive (PLI) scheme for domestic solar cells and module manufacturing of Rs. 24,000 crore (US\$ 3.21 billion).
- In the Union Budget of 2022-23, the government announced a production linked incentive (PLI) scheme for Bulk Drugs which was an investment of Rs. 2500 crore (US\$ 334.60 million).

- In the Union Budget of 2022, Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced that a scheme for design-led manufacturing in 5G would be launched as part of the PLI scheme.
- In September 2021, Union Cabinet approved major reforms in the telecom sector, which are expected to boost employment, growth, competition, and consumer interests. Key reforms include rationalization of adjusted gross revenue, rationalization of bank guarantees (BGs), and encouragement of spectrum sharing.
- In the Union Budget of 2022-23, the government has allocated Rs. 44,720 crore (US\$ 5.98 billion) to Bharat Sanchar Nigam Limited (BSNL) for capital investments in the 4G spectrum.
- Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman allocated Rs. 650 crore (US\$ 86.69 million) for the Deep Ocean mission that seeks to explore vast marine living and non-living resources. Department of Space (DoS) has got Rs. 13,700 crore (US\$ 1.83 billion) in 2022-23 for several key space missions like Gaganyaan, Chandrayaan-3, and Aditya L-1 (sun).
- In May 2021, the government approved the production linked incentive (PLI) scheme for manufacturing advanced chemistry cell (ACC) batteries at an estimated outlay of Rs. 18,100 crore (US\$ 2.44 billion); this move is expected to attract domestic and foreign investments worth Rs. 45,000 crore (US\$ 6.07 billion).
- Minister for Finance & Corporate Affairs Ms Nirmala Sitharaman announced in the Union Budget of 2022-23 that the Reserve Bank of India (RBI) would issue Digital Rupee using blockchain and other technologies.
- In the Union Budget of 2022-23, Railway got an investment of Rs. 2.38 lakh crore (US\$ 31.88 billion) and over 400 new high-speed trains were announced. The concept of "One Station, One Product" was also introduced.
- To boost competitiveness, Budget 2022-23 has announced reforming the 16-year-old Special Economic Zone (SEZ) act.
- In June 2021, the RBI (Reserve Bank of India) announced that the investment limit for FPI (foreign portfolio investors) in the State Development Loans (SDLs) and government securities (G-secs) would persist unaffected at 2% and 6%, respectively, in FY22.
- In November 2020, the Government of India announced Rs. 2.65 lakh crore (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction, and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide ~Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.
- Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the purchasing power of an average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP from the current 17%. Besides, the government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.
- On January 29, 2022, the National Asset Reconstruction Company Ltd (NARCL) will acquire bad loans worth up to Rs. 50,000 crore (US\$ 6.69 billion) about 15 accounts by March 31, 2022. India Debt Resolution Co. Ltd (IDRCL) will control the resolution process. This will clean up India's financial system and help fuel liquidity and boost the Indian economy.
- National Bank for Financing Infrastructure and Development (NaBFID) is a bank that will provide non-recourse infrastructure financing and is expected to support projects from the first quarter of FY2022-23; it is expected to raise Rs. 4 lakh crore (US\$ 53.58 billion) in the next three years.
- By November 1, 2021, India and the United Kingdom hope to begin negotiations on a free trade agreement. The proposed FTA between these two countries is likely to unlock business opportunities and generate jobs. Both sides have renewed their commitment to boost trade in a manner that benefits all.

- In August 2021, Prime Minister Mr. Narendra Modi announced an initiative to start a national mission to reach the US\$ 400 billion merchandise export target by FY22.
- In August 2021, Prime Minister Mr. Narendra Modi launched a digital payment solution, e-RUPI, a contactless and cashless instrument for digital payments.
- In April 2021, Dr. Ahmed Abdul Rahman AlBanna, Ambassador of the UAE to India and Founding Patron of IFIICC, stated that trilateral trade between India, the UAE and Israel is expected to reach US\$ 110 billion by 2030.
- India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025.

### Indian Power Sector Overview

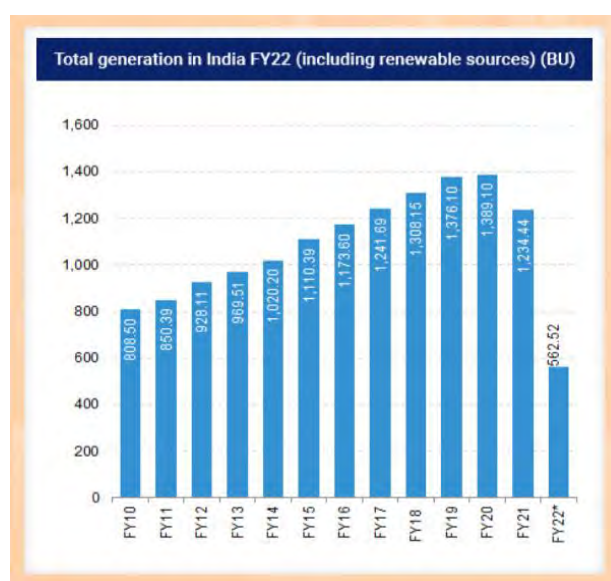

Power is among the most critical components of infrastructure, crucial for the economic growth and welfare of nations. The existence and development of adequate power infrastructure is essential for sustained growth of the Indian economy. The fundamental principle of India's power industry has been to provide universal access to affordable power in a sustainable way. The Ministry of Power has made significant efforts over the past few years to turn the country from one with a power shortage to one with a surplus by establishing a single national grid, fortifying the distribution network, and achieving universal household electrification.

India's power sector is one of the most diversified in the world. Sources of power generation range from conventional sources such as coal, lignite, natural gas, oil, hydro and nuclear power, to viable non-conventional sources such as wind, solar, agricultural and domestic waste. Electricity demand in the country has increased rapidly and is expected to rise further in the years to come. In order to meet the increasing demand for electricity in the country, massive addition to the installed generating capacity is required.

India was ranked fourth in wind power capacity and solar power capacity and fourth in renewable power installed capacity, as of 2021. India is the only country among the G20 nations that is on track to achieve the targets under the Paris Agreement.

### Market Size

India is the third-largest producer and consumer of electricity worldwide, with an installed power capacity of 411.64 GW as of January 31, 2023.

As of January 31, 2023, India's installed renewable energy capacity (including hydro) stood at 168.4 GW, representing 40.9% of the overall installed power capacity. Solar energy is estimated to contribute 63.3 GW, followed by 41.9 GW from wind power, 10.2 GW from biomass, 4.92 GW from small hydropower, 0.52 from waste to energy, and 46.85 GW from hydropower.

The non-hydro renewable energy capacity addition stood at 4.2 GW for the first three months of FY23 against 2.6 GW for the first three months of FY22.

With electricity generation (including renewable sources) of 1,359.21 BU in India up to January, 2023 in the current fiscal year FY23, the country witnessed a growth of 10.08% YoY. According to data from the Ministry of Power, India's power consumption increased 11% YoY in December, 2022 to 121.19 BU.

The peak power demand in the country stood at 205.03 GW in December, 2022.

The coal plants registered a PLF of 73.7% for the first nine-months period in FY23 compared to 68.5% in FY22 for the same period.

### **Developments/Investments**

Total FDI inflows in the power sector reached US\$ 16.57 billion between April 2000-December 2022.

Some major investments and developments in the Indian power sector are as follows:

- In February 2023, Tata Power inaugurated 'Divyang' a managed customer relations centre in Mumbai, which is a first among Indian power utilities.
- In January 2023, the Union Cabinet (CCEA) approved investment of US\$ 315 million (Rs. 2,614 crores) for SJVN's 382 MW Sunni Dam Hydro Project.
- In January 2023, President of India laid foundation stone of SJVN's 1000 MW Bikaner Solar Power Project in Rajasthan.
- In January 2023, the President of India dedicated transmission system built by Powergrid for 8.9 GW of solar power in Rajasthan.
- In August 2022, Tata Power Green Energy Limited (TPGEL), a wholly-owned subsidiary of Tata Power, commissioned a 225MW hybrid power project in Rajasthan.
- Mumbai headquartered Essar Group has formed the Essar Energy Transition (EET) with the objective to invest a total of US\$ 3.6 billion in developing a range of low carbon energy transition projects over the next five years.
- In November 2022, the Maharashtra State Electricity Distribution Corporation Limited (MSEDCL) granted the "Letter of Award" (LoA) to Tata Power Renewable Energy Limited (TPREL), a Tata Power subsidiary, to build a 150 MW solar project in Solapur, Maharashtra.
- In October 2022, SJVN started commissioning its 75 MW Solar Power Project in Parasan Solar Park which is located at Tehsil Kalpi, District Jalaun near Kanpur, Uttar Pradesh.
- In August 2022, NHPC Limited and the Government of Himachal Pradesh inked an implementation agreement for the 500 MW Dugar Hydroelectric Project in the Chamba District of Himachal Pradesh.
- In August 2022, Norfund, who manage the Norwegian Climate Investment Fund, and KLP, Norway's biggest pension company, signed an agreement to buy a 49% share of a 420 MW solar power plant in Rajasthan for Rs. 2.8 billion (US\$ 35.05 million).
- In August 2022, Tata Power Green Energy Limited (TPGEL), a wholly-owned subsidiary of Tata Power, commissioned a 225MW hybrid power project in Rajasthan.
- In August 2022, NHPC signed a MoU with the Investment Board Nepal (IBN) to develop 750 MW West Seti and 450 MW SR-6 Hydroelectric Projects in Nepal.
- In July 2022, NTPC signed a MoU with MASEN (Moroccan Agency for Sustainable Energy) for cooperation in the renewable energy sector.
- In June 2022, SJVN announced a collaboration with the Assam government for the development of hydro and renewable energy projects in the state.
- In June 2022, SJVN signed investment agreements worth Rs. 80,000 crore (US\$ 10.24 billion) with the Uttar Pradesh government for implementing three solar power projects in the state.
- In May 2022, SJVN signed a pact with Tata Power Solar Systems to build a 1,000 MW solar project worth Rs. 5,500 crore (US\$ 704.38 million) in Bikaner, Rajasthan.

- In June 2022, NTPC declared commercial operation of second part capacity of 15 MW out of 56 MW Kawas Solar PV project in Gujarat.
- SJVN Limited is looking to develop 10,000 MW solar power projects inviting investment of Rs. 50,000 crore (US\$ 6.56 billion) in the next five years in Rajasthan.
- In June 2022, NHPC signed an engineering, procurement, and construction (EPC) contract with Adani Infra Limited to develop a 600 MW solar project under the Central Public Sector Undertaking program (Phase-II).
- Investment in India's renewable energy sector grew more than 125% YoY to touch a record US\$ 14.5 billion in FY22.
- In March 2022, NTPC announced that it was ready to start partial power generation of 10 GW from a 92 MW floating solar energy plant being set up at NTPC's unit at Kayamkulam in Kerala.
- In March 2022, NTPC announced that it will start commercial operations of 74.88 MW capacity of its 296 MW Fatehgarh solar project in Rajasthan.
- In March 2022, Adani Solar and Smart Power India (SPI), a subsidiary of Rockefeller Foundation, signed a non-financial and non-commercial MoU promote the usage of solar rooftop panels in rural India.
- In February 2022, Kolkata-based Eminent Electricity Distribution Ltd., a subsidiary of CESC Limited, bid Rs. 871 crore (US\$ 113.24 million) to take over Chandigarh's power supply department, which was approved and the transition will happen by the end of March.
- SJVN Limited is looking to develop 10,000 MW solar power projects inviting investment of Rs. 50,000 crore (US\$ 6.56 billion) in the next five years in Rajasthan.
- In November 2021, NTPC announced that its 80 MW solar power-generation capacity in Jetsar (Rajasthan) has started commercial operations from October 22, 2021. The total capacity of the project is 160 MW.
- In November 2021, SJVN began the second unit work of the 1,320 MW Buxar thermal power plant in Bihar.

### **Government Policies & Initiatives**

The Government of India has identified the power sector as a key sector of focus to promote sustained industrial growth. Some initiatives by the Government to boost the Indian power sector are as below:

- In the Union Budget 2022-23, the government allocated US\$ 885 million (Rs. 7,327 crore) for the solar power sector including grid, off-grid, and PM-KUSUM projects.
- Under the Union Budget 2022-23, the government announced the issuance of sovereign green bonds, as well as conferring infrastructure status to energy storage systems, including grid-scale battery systems.
- The Green Energy Corridor projects have been initiated to facilitate renewable power evacuation and reshaping the grid for future requirements. As on October 2022, 8651 ckm of intra-state transmission lines have been constructed and 19,558 MVA intra-state substations have been charged.
- To encourage rooftop solar (RTS) throughout the country, Ministry New and Renewable Energy has developed a National Portal wherein any residential consumer from any part of the country can apply for rooftop solar without waiting for Discom to finalize tender and empanel vendors. Since the launch on July 30, 2022, the total number of applications received on the national portal is for 117 MW solar capacity and the feasibility of more than 18 MW projects is granted.
- Production Linked Incentive Scheme (Tranche II) on 'National Programme on High Efficiency Solar PV Modules', with an outlay of US\$ 2.35 billion (Rs. 19,500 crore) was approved and launched.
- As of August 24, 2022, over 36.86 crore LED bulbs, 72.18 lakh LED tube lights and 23.59 lakh energy-efficient fans have been distributed across the country, saving around 48,411 million kWh per year and around Rs. 19,332 crore (US\$ 2.47 billion) in cost savings.
- As of November 2022, over 51.62 lakh smart metres have been deployed under the National Smart Grid Mission (NSGM), with a further 61.13 lakh to be deployed.
- Electrification in the country is increasing with support from schemes like Deen Dayal Upadhyay Gram Jyoti Yojana (DDUGJY), Ujwal DISCOM Assurance Yojana (UDAY), and Integrated Power Development Scheme (IPDS).
- In order to meet India's 500 GW renewable energy target and tackle the annual issue of coal demand supply mismatch, the Ministry of Power has identified 81 thermal units which will replace coal with renewable energy generation by 2026.
- In February 2022, a parliamentary standing committee recommended the government to take steps to increase the loan limit for renewable energy sector under priority sector lending. The current limit stands at Rs. 30 crore (US\$ 3.93 million).

- In December 2021, West Bengal got a loan approval for US\$ 135 million from the International Bank for Reconstruction and Development (also called the World Bank) to improve the operational efficiency and reliability of electricity supply in select regions in the state.
- In November 2021, the government announced future plans to increase the funding under the PLI scheme for domestic solar cells and module manufacturing to RS. 24,000 crore (US\$ 3.17 billion) from the existing Rs. 4,500 crore (US\$ 594.68 million) to make India an exporting nation.
- In November 2021, Energy Efficiency Services Limited (EESL) stated that it will partner with private sector energy service companies to scale up its Building Energy Efficiency Programme (BEEP).
- In September 2021, the Government of the United Kingdom announced that it will invest US\$ 1.2 billion through public and private investments in green projects and renewable energy in India to support the latter's target of 450 GW of renewable energy by 2030.
- The Pradhan Mantri Sahaj Bijli Har Ghar Yojana, "Saubhagya", was launched by the Government of India with an aim of achieving universal household electrification. As of March 2021, 2.82 crore households have been electrified under this scheme.
- According to the S&P Global Platts Top 250 Global Energy Rankings 2021, Reliance Industries Ltd. and Indian Oil Corp. Ltd. ranked 3rd and 6th, respectively.

### **Road Ahead**

In the current decade (2020-2029), the Indian electricity sector is likely to witness a major transformation with respect to demand growth, energy mix and market operations. India wants to ensure that everyone has reliable access to sufficient electricity at all times, while also accelerating the clean energy transition by lowering its reliance on dirty fossil fuels and moving toward more environmentally friendly, renewable sources of energy. Future investments will benefit from strong demand fundamentals, policy support and increasing government focus on infrastructure.

The Government of India is preparing a 'rent a roof' policy for supporting its target of generating 40 GW of power through solar rooftop projects by 2022. It also plans to set up 21 new nuclear power reactors with a total installed capacity of 15,700 MW by 2031.

The Central Electricity Authority (CEA) estimates India's power requirement to grow to reach 817 GW by 2030. Also, by 2029-30, CEA estimates that the share of renewable energy generation would increase from 18% to 44%, while that of thermal energy is expected to reduce from 78% to 52%.

The government plans to establish renewable energy capacity of 500 GW by 2030.

### **Overview of India Renewable Energy**

India's energy demand is expected to increase more than that of any other country in the coming decades due to its sheer size and enormous potential for growth and development. Therefore, it is imperative that most of this new energy demand is met by low-carbon, renewable sources. India's announcement that it intends to achieve net zero carbon emissions by 2070 and to meet 50% of its electricity needs from renewable sources by 2030 marks a historic point in the global effort to combat climate change.

The Indian renewable energy sector is the fourth most attractive renewable energy market in the world. India was ranked fourth in wind power, fifth in solar power and fourth in renewable power installed capacity, as of 2020. Installed renewable power generation capacity has gained pace over the past few years, posting a CAGR of 15.92% between FY16-22. India is the market with the fastest growth in renewable electricity, and by 2026, new capacity additions are expected to double.

With the increased support of the Government and improved economics, the sector has become attractive from an investors perspective. As India looks to meet its energy demand on its own, which is expected to reach 15,820 TWh by 2040, renewable energy is set to play an important role.

## Market Size

As of October 2022, India's installed renewable energy capacity (including hydro) stood at 165.94 GW, representing 40.6% of the overall installed power capacity.

The country is targeting about 450 Gigawatt (GW) of installed renewable energy capacity by 2030 – about 280 GW (over 60%) is expected from solar.

The non-hydro renewable energy capacity addition stood at 4.2 GW for the first three months of FY23 against 2.6 GW for the first three months of FY22.

Solar power installed capacity has increased by more than 18 times, from 2.63 GW in March 2014 to 49.3 GW at the end of 2021. In 2022, till November, India has added 12 GW of solar power capacity.

Power generation from renewable energy sources (not including hydro) stood at 16.18 billion units (BU) in September 2022, up from 14.49 BU in September 2021.

## Investments/ Developments

According to the data released by the Department for Promotion of Industry and Internal Trade (DPIIT), FDI inflow in the Indian non-conventional energy sector stood at US\$ 12.57 billion between April 2000-June 2022. More than Rs. 5.2 lakh crore (US\$ 70 billion) has been invested in India's renewable energy sector since 2014. According to the analytics firm British Business Energy, India ranked 3rd globally in terms of its renewable energy investments and plans in 2020.

Some major investments and developments in the Indian renewable energy sector are as follows:

- 59 solar parks of aggregate capacity 40 GW have been approved in India.
- Solar Parks in Pavagada (2 GW), Kurnool (1 GW) and Bhadla-II (648 MW) included in top 5 operational solar parks of 7 GW capacity in the country.
- The world's largest renewable energy park of 30 GW capacity solar-wind hybrid project is under installation in Gujarat.
- India offers a great opportunity for investments in RE sector; \$196.98 Bn worth of projects underway in India.
- Wind Energy has an offshore target of 30 GW by 2030 with three potential sites identified.
- In August 2022, Norfund, who manage the Norwegian Climate Investment Fund, and KLP, Norway's biggest pension company, signed an agreement to buy a 49% share of a 420 MW solar power plant in Rajasthan for Rs. 2.8 billion (US\$ 35.05 million).
- India has generated 47.64 BU of solar power in the first half of 2022, a 34% YoY increase.
- Investment in renewable energy in India reached a record US\$ 14.5 billion in FY22, an increase of 125% over FY21.
- Delhi's Indira Gandhi International Airport (IGIA) has become the first Indian airport to run entirely on hydro and solar power. Around 6% of the airport's electricity requirement is met from the onsite solar power plants.
- Ayana Renewable Power Pvt Ltd (Ayana) announced plans to set up renewable energy projects totaling 2 gigawatts (GWs) with an investment of Rs. 12,000 crore (US\$ 1.53 billion) in Karnataka.
- India ranked third on the EY Renewable Energy Country Attractive Index 2021.
- In February 2022, Creduce Technologies-HCPL JV announced winning the bid for India's single largest hydro power carbon credits project with Satluj Jal Vidyut Nigam, which will create more than 80 million carbon credits.
- In February 2022, Husk Power Systems, a renewable energy company working towards rural electrification, secured a US\$ 4.2 million loan from the Indian Renewable Energy Development Agency (IREDA).
- In December 2021, India's largest energy provider, Tata Power, was awarded a contract by the Maharashtra State Electricity Distribution Company Limited (MSEDCL) to set up a 300 MW wind-solar hybrid power plant.
- In October 2021, Reliance New Energy Solar Ltd. (RNESSL) announced two acquisitions to build more capabilities. Both acquisitions – REC Solar Holdings AS (REC Group), a Norway-based firm, and Sterling & Wilson Solar, based in India – exceeded US\$ 1 billion and are expected to contribute to Reliance's target of achieving the capacity of 100 GW of solar energy at Jamnagar by 2030.

- In October 2021, Adani Green Energy Ltd. (AGEL) acquired SB Energy India for US\$ 3.5 billion to strengthen its position in the renewable energy sector in India.
- In August 2021, Copenhagen Infrastructure Partners (CIP) signed an investment agreement with Amp Energy India Private Limited to facilitate joint equity investments of US\$ 200 million across Indian renewable energy projects.
- In July 2021, National Thermal Power Corporation Renewable Energy Ltd. (NTPC REL), NTPC's fully owned subsidiary, sent out a tender to domestic manufacturers to build India's first green hydrogen fueling station in Leh, Ladakh.
- The NTPC is expected to commission India's largest floating solar power plant in Ramagundam, Telangana by May-June 2022. The expected total installed capacity is 447MW.
- The Solar Energy Corporation of India (SECI) implemented large-scale central auctions for solar parks and has awarded contracts for 47 parks with over 25 GW of combined capacity.

## Government Initiatives

Some initiatives by Government of India to boost India's renewable energy sector are as follows:

- In Budget 2023-24, Green Growth identified is one of the nodes in the SAPTARISHI (seven priorities).
- In Budget 2023-24, pumped storage projects received a push with a detailed framework to be formulated.
- In Budget 2023-24, US\$ 1.02 billion (Rs. 8,300 crore) central sector support for ISTS infrastructure for 13 GW renewable energy from Ladakh was announced.
- On November 19, Prime Minister Mr. Narendra Modi dedicated the 600 MW Kameng Hydro Power Station in Arunachal Pradesh to the country. The project, which covers more than 80 kilometres and costs about Rs. 8,200 crore (US\$ 1 billion), is located in Arunachal Pradesh's West Kameng District.
- On November 9, Minister for Finance & Corporate Affairs, Ms. Nirmala Sitharaman, approved the final Sovereign Green Bonds framework of India. The Paris Agreement's Nationally Determined Contribution (NDC) targets will be further strengthened by this approval, which will also aid in attracting foreign and domestic capital to green projects.
- In the Union Budget 2022-23, the allocation for the Solar Energy Corporation of India (SECI), which is currently responsible for the development of the entire renewable energy sector, stood at Rs. 1,000 crores (US\$ 132 million).
- In the Budget, the government allocated Rs. 19,500 crore (US\$ 2.57 billion) for a PLI scheme to boost manufacturing of high-efficiency solar modules.
- In February 2022, Nepal and India agreed to form a Joint Hydro Development Committee to explore the possibility of viable hydropower projects.
- In November 2021, at the Cop-26 Summit in Glasgow, Prime Minister Mr. Narendra Modi made a promise to increase India's renewable energy generation capacity to 500 GW, and meet 50% of India's energy needs through renewable means by the year 2030.
- In October 2021, the Ministry of Power announced a new set of rules aimed at reducing financial stress for stakeholders and safeguarding timely cost recovery in electricity generation.
- In August 2021, the Indian government proposed new rules for the purchase and consumption of green energy. The latest rules are a part of government measures to encourage large-scale energy consumers, including industries, to leverage renewable energy sources for regular operations.
- In July 2021, to encourage rooftop solar (RTS) throughout the country, notably in rural regions, the Ministry of New and Renewable Energy plans to undertake Rooftop Solar Programme Phase II, which aims to install RTS capacity of 4,000 MW in the residential sector by 2022 with a provision of subsidy.
- In July 2021, the Ministry of New and Renewable Energy (MNRE) gave the go ahead to NTPC Renewable Energy Ltd., a 100% subsidiary of NTPC, to build a 4,750 MW renewable energy park at the Rann of Kutch in Khavada, Gujarat. This will be India's largest solar park to be developed by the country's leading power producer.
- The Government of India has announced plans to implement a US\$ 238 million National Mission on advanced ultra-supercritical technologies for cleaner coal utilisation.
- Indian Railways is taking increased efforts through sustained energy efficient measures and maximum use of clean fuel to cut down emission level by 33% by 2030.
- The government has spent US\$ 4.63 billion on hydroelectric projects to provide electricity to villages in Jammu and Kashmir from 2018-21.

## Road Ahead

India has set a target to reduce the carbon intensity of the nation's economy by less than 45% by the end of the decade, achieve 50% cumulative electric power installed by 2030 from renewables, and achieve net-zero carbon emissions by 2070. Low-carbon technologies could create a market worth up to US\$ 80 billion in India by 2030.

India's target is to produce five million Tonnes of green hydrogen by 2030. Green Hydrogen target is set at India's electrolyzer manufacturing capacity is projected to reach 8 GW per year by 2025. The cumulative value of the green hydrogen market in India could reach US\$ 8 billion by 2030 and India will require at least 50 gigawatt (GW) of electrolyzers or more to ramp up hydrogen production.

India's ambitious renewables energy goals are transforming its power sector. Rising population and widespread electrification in rural homes is fuelling the demand for energy to power homes, businesses and communities. Clean energy will reduce pollution levels as villages become self-sustainable with their use of clean energy. In 2022, India's renewable energy sector is expected to boom with a likely investment of US\$ 15 billion this year, as the government focuses on electric vehicles, green hydrogen, and the manufacturing of solar equipment.

It is expected that by 2040, around 49% of the total electricity will be generated by renewable energy as more efficient batteries will be used to store electricity, which will further cut the solar energy cost by 66% as compared to the current cost. The use of renewables in place of coal will save India Rs. 54,000 crore (US\$ 8.43 billion) annually. Around 15,000 MW of wind-solar hybrid capacity is expected to be added between 2020-25.

As per the Central Electricity Authority (CEA) estimates, by 2029-2030, the share of renewable energy generation would increase from 18% to 44%, while that of thermal is expected to reduce from 78% to 52%. The CEA also estimates India's power requirement to grow to reach 817 GW by 2030.

*Note: Conversion rate used in February 2023: Rs. 1 = US\$ 0.012*

## OUR BUSINESS

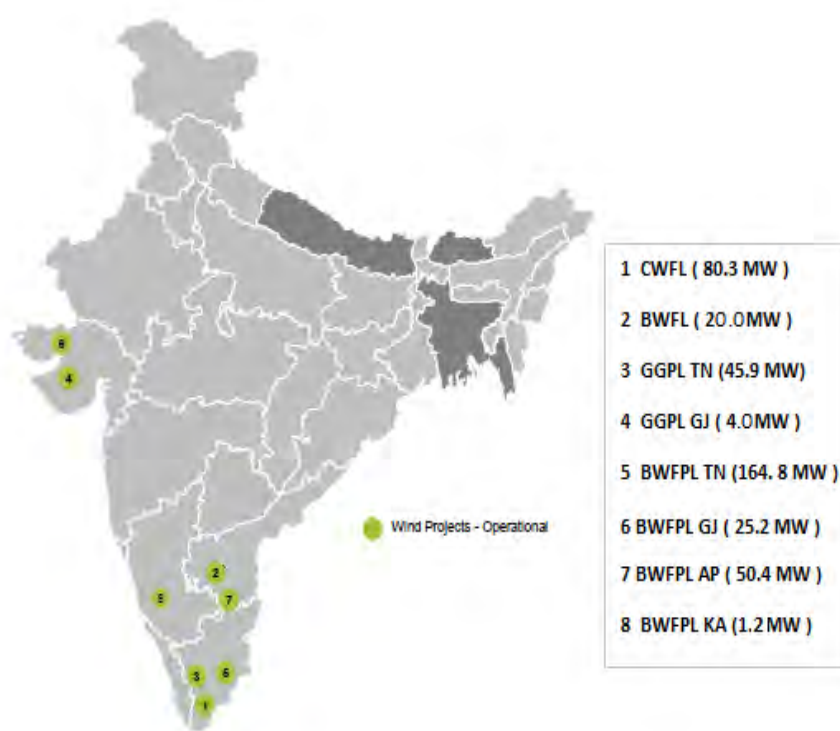

### OVERVIEW

We are an Indian renewable energy-based power generation company focused on developing, owning and operating renewable energy power plants. Currently our portfolio includes wind energy.

As of March 31, 2023, our aggregate installed capacity is 402.3 Mega Watt<sup>#</sup> (MW). The map below gives the geographical distribution of our wind installed capacity of each SPV in India.

Our Business is highly dependent on the performance and revenue of our subsidiaries. Our subsidiaries contribute 100 % of the Total Revenue on a Consolidated Basis in FY 2023, 2022 and 2021 respectively.

We have 45 customers in total and out of the same only 2 are state owned utilities and remaining are Commercial and Industrial Customers.

*# In addition to the above, the company owns a 10.5MW wind farm at Croatia, Europe developed through a step down subsidiary, Vjetro Elektrana Crno Brdo d.o.o.,*

We have expanded our business by acquiring operating and development renewable energy assets from third parties and by developing greenfield projects. We have a diverse customer base with a mixture of off-take arrangements. Our customers include State utilities, private commercial and industrial consumers. In respect of Commercial & Industrial customers, we enter into PPAs with varying pricing arrangements depending on the type of customer, available tariffs, location and term of PPA. In respect of power sale to state utilities, we have long term PPA either under Feed in Tariff (FIT) or under APPC rates.

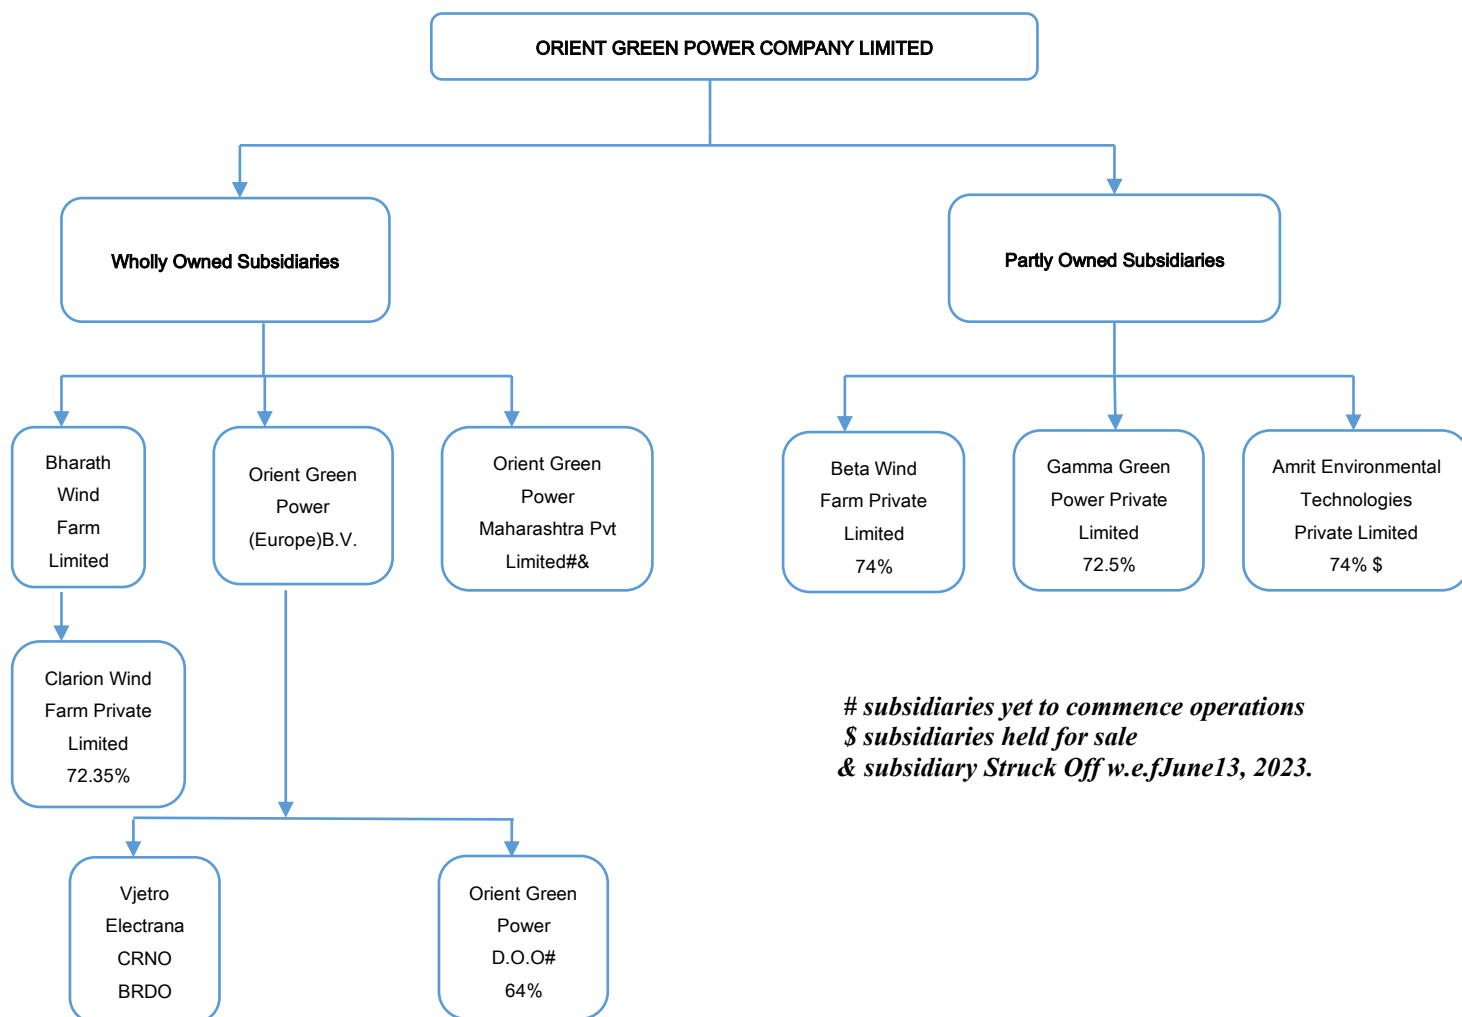

In the year 2010, our Company pursuant to an initial public offering of 191,489,361 Equity Shares of ₹10/- each at an issue price of ₹ 47/-per Equity Shares aggregating to ₹ 900.00 Crores, listed its Equity Shares on BSE and NSE. The market capitalization (*full float*) of our Company as on July 31, 2023 on BSE & NSE was ₹ 1,069.78 Crores and ₹ 1,069.78 Crores respectively.

We work under the guidance of our Managing Director and Chief Executive Officer, Mr. Thyagarajan Shivaraman, who has an experience of 28 years in plant operations and project engineering and has been associated with our Company since its incorporation and is one of our founding members. He has been instrumental in evolving our business operations, growth and future prospects.

Our restated consolidated revenues from operations for Fiscals 2023, 2022 and 2021 were ₹ 25,831 lacs, ₹ 31,063 lacs and ₹ 25,475 lacs respectively. Our restated consolidated EBITDA before exceptional items for Fiscals 2023, 2022 and 2021 were ₹ 20,295 lacs, ₹ 22,846 lacs and ₹ 17,000 lacs respectively. Our restated consolidated profit/(loss) after tax (includes adjustment of profit/ loss from discontinued operations) for Fiscals 2023, 2022 and 2021 were ₹ 3,333 lacs, ₹ 3,578 lacs and ₹ (5,701) lacs respectively. For further details, please refer to the section titled “Financial Information” on page 148 of this Letter of Offer.

## OUR STRENGTHS

We believe the following competitive strengths will enable us to take advantage of what we believe to be significant opportunities for growth:

- 1) We are a renewable energy wind-based power generation company.
- 2) We operate in the rapidly growing renewable energy sector, which benefits from increasing demand for electricity and regulatory support.
- 3) We have a flexible business model that is scalable and sustainable and that enables us to deliver predictable growth from a diversified and balanced portfolio of projects.
- 4) We have an experienced management and operating team with relevant industry knowledge and expertise, including the ability to improve operational performance.
- 5) Government of India has set an ambitious target of 450 GW for renewables by 2030 and this is expected to give ample opportunity for growing the business.
- 6) Increasing demand from C&I customers for power from Renewable sources to reduce their carbon foot print will provide us with opportunity to expand our business.
- 7) Long association with established track of good service with customers gives us the advantage of being the most preferred suppliers for them.

## OUR STRATEGIES

Our objectives are to enhance our position as a renewable energy producer in India by pursuing and executing the following strategies.

- 1) Consolidate our position in the Indian wind energy sector.
- 2) Maintain and enhance a diversified portfolio of renewable energy-based power projects with attractive returns.
- 3) Seek new opportunities in Indian and International markets.
- 4) Improve profitability by enhancing operational and financial efficiency.
- 5) Improve tariff yield.
- 6) Playing a vital role in corporate social responsibility (or CSR Activities) through Green Energy Development.

## DETAILS OF OUR BUSINESS

### Overview

We are a power producer of Renewable Power in India. As on date, we have a portfolio of 402.3 MW of wind assets spread across the states of Tamil Nadu, Andhra Pradesh, Gujarat, and Karnataka. The above also includes 10.5 MW wind farm in Croatia owned by us through a step down subsidiary *namely*, Vjetro Elektrana Crno Brdo d.o.o.,.

### Overview of a Wind Farm

A wind energy plant, also known as a wind farm, consists of supporting towers on which Wind Energy Generators (WEGs) are installed. The two principal components of a wind farm are the wind turbines, or WEGs, and the balance of plant. Currently, our WEGs generally stand between 30 meters and 100 meters tall, with the generator ranging from 225 kW to 2.1 MW in capacity, and a rotor diameter that is typically between 26 meters and 100 meters. Each wind turbine has either two or three blades (generally made of reinforced glass fiber or other synthetic composite material), a casing (generally made of composite material) that includes and covers the gearbox and generator, a supporting tower and certain other secondary support systems (such as hydraulic and monitoring systems). The wind causes the blades to rotate, which in turn spins the rotor to which they are connected. The energy generated by this rotor is transmitted to a generator that produces electric current, transforming the force of the wind into electrical power.

In recent years, WEG technology has evolved and improved. The latest WEG technology has enabled the use of proportionately larger diameter rotor blades. Compared to previous wind turbine of 250 kW WEGs with rotor diameters as small as 28 meters, the bigger machines now rate up to 2.1 MW or more in capacity with rotor diameters in excess of 95 & 100 meters. With all else being equal at a given location, a longer diameter rotor theoretically allows for a higher amount of power to be produced because of the higher “swept area” of the longer rotor.

The balance of plant comprises the remainder of the wind farm infrastructure, including access roads, concrete foundations, operating platforms, an electrical collection system, a step-up substation, interconnection infrastructure to the electricity transmission system and an operation and maintenance building.

The towers are secured using concrete foundations and are connected to an electrical collection system. This collection system feeds into a step-up substation, in which a power transformer converts the lower voltage from the collection system to the high voltage level of the local electricity transmission and distribution system (often referred to collectively as the “**electricity grid**” or “**grid**”). For our private customers, we obtain permission from State Electricity Boards (**SEBs**) to wheel generated power through the grid to our purchasers pursuant to individual wheeling agreements.

The aggregate installed capacity of a wind farm will vary from project to project as it is largely driven by available land, the number and type of WEGs and interconnection to electricity transmission systems.

### ***Sale of electricity***

We sell power from our wind energy projects to private power consumers seeking to supplement state power supplies for captive purposes pursuant to short-term Power Purchase Agreements (PPAs) in Tamil Nadu. Our captive consumers are generally larger power consumers who have a greater need for reliable power and that benefit from additional sources of electricity.

Further, we sell some of the power from our Indian wind energy projects to State Utilities pursuant to long-term PPAs which are generally 25 years in length. Long-term PPAs provide us with increased visibility on the revenue stream and an assured off-take.

### ***Suppliers / Contractors***

Our wind assets owned through our SPV such as BWFL, CWFL, and GGPL were acquired from third parties. The manufacturers of our acquired WEGs are mainly NEG Micon, Suzlon, TTG, Enercon and Vestas, NEPC and Vestas. We developed BWFPL as green field project. The manufacturers of developed WEGs are mainly Vestas, GE India, Gamesa, Suzlon, Lietwind.

### **Renewable Energy Certificate**

We have registered 133.3 MW of our wind assets under Renewable Energy Certificate (REC) mechanism. Under the REC mechanism, renewable energy generators will have the option to sell the renewable energy at a price not exceeding the average power purchase cost of the distribution company and sell the REC separately at a price set through the power exchange. RECs can also be claimed in respect of sale of power to C & I customers subject to fulfilment of certain conditions like not availing concessions in charges etc.

One of the subsidiaries of the company, Beta Wind Farm Private Limited having 129.3 MW of its capacity registered under REC scheme opted out of the scheme.

### **Generation Based Incentive (GBI)**

GBI was introduced by the Government to encourage investments in wind energy generators and incentive of 50 paise per unit was given under the scheme subject to the condition that the accelerated depreciation is not claimed under Income Tax Act. This is available for a maximum period of 10 years subject to a cap of ₹ 10 million per MW. Presently, we are claiming GBI in respect of 63 MW (75.6 MW upto FY 2022-23) of our wind assets.

## Revenue Break-up

Our revenue break up on a restated consolidated basis for the financial years ending March 31, 2023, 2022 and 2021 is as follows:

*(₹ in lacs)*

Sr. No.	Particulars	Fiscal 2023	Fiscal 2022	Fiscal 2021
1	Domestic	25,831	31,063	25,475
2	Exports	-	-	-
	<b>Total</b>	<b>25,831</b>	<b>31,063</b>	<b>25,475</b>

## OUR MAJOR CUSTOMERS

The following is the revenue breakup on a restated consolidated basis from the top five and top ten customers of our Company for the Fiscal 2023 is as follows:

*(₹ in lacs)*

Particulars	Fiscal 2023	
	Amount	Percentage (%)
Top 5 customers	12,812	54%
Top 10 customers	20,000	84%

## Operations & Maintenance

In most cases, we enter into a contract for operation and maintenance services on our wind farms to the WEG supplier that manufactured the WEGs. In other cases, we enter into operation and maintenance agreements with reputable third parties or use our internal operations and maintenance team.

### Utilities:

#### *Power*

Our power requirements are very minimal as we require them only for our offices and when we restart the windmills post maintenance.

#### *Fuel*

Our production process does not require any fuel. Minimal amounts of fuel being utilized for staff commutation and material movement.

#### *Water*

Our operations does not require water consumption.

#### *Waste Management*

The management classifies the waste generated from the operations as hazardous and non- hazardous. Non-hazardous waste generated from our operations is segregated and disposed of through suitable vendors. Designated hazardous waste that this disposed off through State Pollution Control Board Authorised Agencies.

## Capacity Installed and Capacity Utilization

Set forth below is the detail of the installed and utilized capacity of our manufacturing unit for the last three financial years.

Financial Year	Installed Capacity	Capacity Utilisation (₹ in Lakhs)	Percentage of utilization (%)
2020-2021	412.8 MW	25,831	16.48%
2021-2022	412.8 MW	31,063	16.70%
2022-2023	402.3 MW	25,475	15.56%

## Insurance

We generally maintain insurance covering our machinery and assets at such levels that we believe to be appropriate. We have obtained certain policies such as standard fire and special perils policy, group personal accident insurance policy, Director and Officers liability insurance, etc. The standard fire and special perils policy insures *inter alia* electrical installations, office equipment, computers and accessories, lab equipment, building, plant and machinery, interior decorations, consumables etc. Although, we have taken appropriate insurance cover, there can be no assurance that our insurance policies will be adequate to cover the losses which we may incur due to the occurrence of an accident or a mishap.

## HUMAN RESOURCES

Our employees are key contributors to our business success. As on June 30, 2023, we have 125 employees including our Executive Directors, who look after our business operations, factory management administrative, secretarial, marketing and accounting functions in accordance with their respective designated goals.

Following is a department wise employee break-up:

## COMPETITION

We face competition from organized as well as unorganized players in the domestic market as well as international market. This industry is highly competitive and fragmented. We have a number of competitors offering services similar to us. We believe the principal elements of competition are price and reliability. We compete against our competitors by establishing ourselves as a knowledge-based company with industry expertise in providing services.

## DIVIDEND POLICY

The declaration and payment of dividends will be recommended by the Board of Directors and approved by the Shareholders, at their discretion, subject to the provisions of the Articles of Association and applicable law, including the Companies Act. The dividend, if any, will depend on a number of factors, including but not limited, consolidated net operating profit after tax, working capital requirements, capital expenditure requirements, cash flow required to meet contingencies, outstanding borrowings, and applicable taxes payable by our Company. In addition, our ability to pay dividends may be impacted by a number of factors, including restrictive covenants under loan or financing arrangements our Company is currently availing of or may enter into to finance our fund requirements for our business activities.

### *Dividends paid on Equity Shares:*

Our Company has not declared dividends on the Equity Shares during the Financial Years ending March 31, 2023, March 31, 2022 and March 31, 2021. The amount paid as dividends in the past is not necessarily indicative of our dividend policy or dividend amount, if any, in the future and there is no guarantee that any dividends will be declared or paid or that the amount thereof will not be decreased in future. For details in relation to the risk involved, see “*Risk Factor No. 52 – Our ability to pay dividends in the future may be affected by any material adverse effect on our future earnings, financial condition or cash flows*” on page 64 of this Letter of Offer.

- c) Concepts of test checks and materiality to obtain reasonable assurance based on verification of evidence supporting the Restated Consolidated Financial Information; and
- d) The requirements of Section 26 of the Act and the ICDR Regulations. Our work was performed solely to assist you in meeting your responsibilities in relation to your compliance with the Act, the ICDR Regulations and Guidance Note in connection with the Issue.
4. These Restated Consolidated Financial Information have been compiled by the Management from the audited consolidated IND AS financial statements of the Group as at and for the years ended March 31, 2023, 2022 and 2021, prepared in accordance with the Indian Accounting Standards (referred to as "IND AS") as prescribed under Section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time and other accounting principles generally accepted in India which have been approved by the Board at their meetings held on April 20, 2023, May 20, 2022 and May 28, 2021.
5. For the purpose of our examination, we have relied on reports issued by us dated April 20, 2023, May 20, 2022 and May 28, 2021 on the consolidated financial statements of the Group as at and for the years ended March 31, 2023, 2022 and 2021, respectively, as referred in Paragraph 4 above. These reports were containing unmodified opinion for each of the years and included the following emphasis of matter paragraphs and the following reporting under paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020:
- a) For the year ended March 31, 2023
- i. Considering the stay granted by the Hon'ble Supreme Court of India on the order issued by Central Electricity Regulatory Commission ('CERC') on reduction of floor price, and based on the legal opinion obtained, the Group is confident of favourable decision on the appeal with Hon'ble Supreme Court against APTEL (Appellate Tribunal for Electricity at New Delhi) order and realisation of difference of Rs. 500 per REC aggregating to Rs. 2,071 Lakhs in respect of receivables as on 31st March 2017. Nevertheless, for the delay in recovering the said amount, the group has made provision of Rs. 497 lakhs for expected credit losses till March 31, 2023.
- ii. Considering the regulatory developments in Andhra Pradesh during FY 2019-20, the group (through M/s. Beta Wind Farm Private Limited, one of the subsidiaries) could not proceed with Phase III power project. The capital advances in this regard could not be recovered from the vendor owing to their financial position. These advances are supported by a comfort letter issued by M/s. SVL Limited. The net advances receivable by the group are Rs.4,000 lakhs. Out of the same, Rs. 1,150 lakhs were recovered during the year and the remaining Rs. 2,850 lakhs are expected to be recovered within one year. Considering the expected credit losses recognized, this arrangement does not result in any further impairment to the group.

Our opinion is not modified in respect of above matters.

- b) For the year ended March 31, 2022
- i. Considering the stay granted by the Hon'ble Supreme Court of India on the order issued by Central Electricity Regulatory Commission ('CERC') on reduction of floor price, and based on

the legal opinion obtained, the Group is confident of favourable decision on the appeal with Hon'ble Supreme Court against APTEL (Appellate Tribunal for Electricity at New Delhi) order and realisation of difference of Rs. 500 per REC aggregating to Rs. 2,071 Lakhs in respect of receivables as on 31st March 2017.

- ii. Due to regulatory developments during 2019-20 in Andhra Pradesh, the Group could not proceed with Phase III power project. However, the Group is confident of recovering substantial portion of capital advances given in this regard. Accordingly, no provision is required for the capital advance amounting to Rs. 6,511 Lakhs considering the above and the comfort letter issued by SVL Ltd guaranteeing repayment in case of non-recovery. Nevertheless, for the delay in recovering the said advances, the Group has made provisions of Rs. 2,256 lakhs, for expected credit losses, as on March 31, 2022.

Our opinion is not modified in respect of above matters.

c) For the year ended March 31, 2021

- i. Considering the stay granted by the Supreme Court of India on the order issued by Central Electricity Regulatory Commission ('CERC') on reduction of floor price, and based on the legal opinion obtained, the Group is confident of favourable decision on the appeal with Hon'ble Supreme Court against APTEL (Appellate Tribunal for Electricity at New Delhi) order and realisation of difference of Rs. 500 per REC aggregating to Rs. 2,071 Lakhs in respect of receivables as on 31<sup>st</sup> March 2017.
- ii. The Group during the year tested the Property, Plant & Equipment and assets other than financial instruments pertaining to one of the subsidiaries viz Beta Wind Farm Private Limited for impairment. Such testing performed on an annual basis did not reveal any impairment losses.
- iii. Due to recent regulatory developments in Andhra Pradesh, the Group could not proceed with Phase III power project. However, the Group is confident of recovering substantial portion of capital advances given in this regard. Accordingly, no provision is required for the capital advance amounting to Rs. 6,511 Lakhs considering the above and the comfort letter issued by SVL Ltd guaranteeing repayment in case of non-recovery. Nevertheless, for the delay in recovering the said advances, the Group has made provisions of Rs. 781 lakhs as at March 31 2021, for expected credit losses.
- iv. Entire global market experienced significant disruption in operations resulting from uncertainty caused by the Coronavirus (COVID 19) pandemic. As the company and its subsidiaries (the Group) are into generation and supply of power, (which is an essential service) and considering the nature of agreements entered with customers, the management

believes that the impact on business is not significant as on March 31, 2021. Nevertheless, the uncertainty prevailing in the external environment might have an impact on the future operations of the company. The Group is also closely monitoring the developments and is taking necessary steps to minimize the impact of this unprecedented situation.

Our opinion is not modified in respect of above matters.

- d) With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 (the "Order"/ "CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's report, below paragraph is inserted in the auditor's report for the year ended March 31, 2023 issued by us dated April 20, 2023. (Under Report on other legal and regulatory requirements Sr. No (i))

According to the information and explanations given to us, and based on the CARO reports issued by us for the holding Company, subsidiaries and by other auditors of its subsidiaries incorporated in India included in the consolidated financial statements of the Group, to which reporting under CARO is applicable, we report that there are no qualifications or adverse remarks in these CARO reports except as mentioned below -

## Notes Forming part of Restated Consolidated Financial Information

### 1. Corporate Information

Orient Green Power Company Limited (OGPL) ("the Company"), its subsidiaries (together "the Group") and its associates are engaged in the business of generation and sale of power using renewable energy sources i.e., wind energy. The company is having its registered office at Fourth floor, Bascon Futura SV, No.10/1, 10/2, Venkatanarayana Road, T.Nagar, Chennai – 600017.

The Company's shares are listed on BSE Limited and National Stock Exchange of India Limited.

### 2. Recent Accounting Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. On March 31, 2023, MCA amended the Companies (Indian Accounting Standards) Amendment Rules, 2023, applicable from April 1, 2023, as below:

(i) Ind AS 1 – Disclosure of material accounting policies:

The amendments related to shifting of disclosure of erstwhile "significant accounting policies" to "material accounting policies" in the notes to the financial statements requiring companies to reframe their accounting policies to make them more entity specific. This amendment aligns with the "material" concept already required under International Financial Reporting Standards (IFRS). The Group does not expect this amendment to have any significant impact in its financial statements.

(ii) Ind AS 8 – Definition of accounting estimates:

The amendments will help entities to distinguish between accounting policies and accounting estimates. The definition of a "change in accounting estimates" has been replaced with a definition of "accounting estimates." Under the new definition, accounting estimates are "monetary amounts in financial statements that are subject to measurement uncertainty." Entities develop accounting estimates if accounting policies require items in financial statements to be measured in a way that involves measurement uncertainty. The Group does not expect this amendment to have any significant impact in its financial statements.

(iii) Ind AS 12 – Income Taxes

The amendments narrowed the scope of the recognition exemption in paragraphs 15 and 24 of Ind AS 12. At the date of transition to Ind AS, a first-time adopter shall recognize a deferred tax asset to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilized. Similarly, a deferred tax liability for all deductible and taxable temporary differences associated with:

a) right-of-use assets and lease liabilities

b) decommissioning, restoration and similar liabilities and the corresponding amounts recognized as part of the cost of the related asset. Therefore, if a group has not yet recognised deferred tax on right-of-use assets

and lease liabilities or has recognized deferred tax on net basis, the same need to recognize on gross basis based on the carrying amount of right-of-use assets and lease liabilities

(iv) Ind AS 103 – Common control Business Combination

The amendments modify the disclosure requirement for business combination under common control in the first financial statement following the business combination. It requires to disclose the date on which the transferee obtains control of the transferor.

### **3. Significant Accounting Policies**

#### **3.1 Statement of compliance**

These restated consolidated financial statements of the Group have been prepared in accordance with Indian Accounting Standards ("Ind AS") prescribed under Section 133 of Companies Act, 2013 read with the Companies (Indian Accounting Standards) Rules as amended from time to time. The accounting policies as set out below have been applied consistently to all years presented in these restated consolidated financial statements.

#### **3.2 Basis of preparation and presentation**

The restated consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments that are measured at fair values at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these Restated consolidated financial statements is determined on such a basis.

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2, or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability

When measuring the fair value of an asset or a liability, the Group uses observable market data as far as possible. If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair

value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The principal accounting policies are set out below:

### **3.3 Basis of Consolidation**

Notes on these Restated consolidated financial statements are intended to serve as a means of informative disclosure and a guide to better understanding of the consolidated position of the companies. Considering this purpose, the Company has disclosed only such Notes from the individual Financial Statements, which:

- are necessary for presenting a true and fair view of the Restated consolidated financial statements,
- the notes involving items, which are considered to be material.

These restated consolidated financial statements incorporate the financial statements of the Company, its subsidiaries and associate of the Company. Subsidiaries are entities controlled by the Company. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has ability to use its power to affect its returns

The Company reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

When the Company has less than a majority of the voting rights of an investee, it has power over the investee when the voting rights are sufficient to give it the practical ability to direct the relevant activities of the investee unilaterally. The Company considers all relevant facts and circumstances in assessing whether or not the Company's voting rights in an investee are sufficient to give it power, including:

- the size of the Company's holding of voting rights relative to the size and dispersion of holding of the other vote holders;
- potential voting rights held by the Company, other vote holders or other parties, if any;
- rights arising from other contractual arrangements; and
- any additional facts and circumstances that indicate that the Company has, or does not have, the current ability to direct the relevant activities at the time that decisions need to be made, including voting patterns at previous shareholders' meetings.

Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or

disposed of during the year are included in the consolidated statement of profit and loss from the date the Company gains control until the date the Company ceases to control the subsidiary.

Profit or loss and each component of other comprehensive income are attributed to the shareholders of the company and to non-controlling interests. Total comprehensive income of subsidiaries is attributed to the shareholders of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies into line with the Group's accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Restated consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances are presented to the extent possible, in the same manner as the Company's separate financial statements except otherwise stated.

The Restated consolidated financial statements have been prepared by combining the financial statements of the company and its subsidiaries on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses after eliminating in full intra-group balances, intra-group transactions and unrealized profits. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Non-controlling interest represents the proportion of income, other comprehensive income and net assets in subsidiaries that is not attributable to the Company's shareholders. Considering the business model adopted by the Indian subsidiaries engaged in wind power generation, their profits/losses are absorbed by the Company.

In case Group loses control of a subsidiary on its disposal, the difference between the proceeds from disposal of investments in a subsidiary and the carrying amount of its net assets as on the date of disposal is recognized in the Consolidated Statement of Profit and Loss.

### 3.3.1 Principles of Consolidation (contd..)

The following are the list of direct and step down subsidiaries of the Company that are consolidated:

### 3.4 Business Combination

Acquisitions of businesses are accounted for using the acquisition method. In this method, acquirer's identifiable assets, liabilities and contingent liabilities that meet condition for recognition are recognized at their fair values as at the acquisition date. Acquisition related costs are generally recognised in consolidated statement of profit and loss as incurred.

Goodwill is measured as the excess of the sum of the consideration transferred, the amount of any non controlling interest in the acquiree and the fair value of the acquirer's previously held equity interest in the acquiree (if any) over the net of the acquisition-date amounts of the identifiable assets acquired and the liabilities assumed.

Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the sum of the consideration transferred, the amount of any non-controlling interest in the acquiree, and the fair value of the acquirer's previously held equity interest in the acquiree (if any) cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

Non Controlling Interests that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation is measured at the non controlling interests' proportionate share of the recognised amounts of the acquiree's identifiable net assets.

Initially, Non controlling interest is measured at proportionate share of the recognised amounts of the acquiree's identifiable net assets.

When a business combination is achieved in stages, the Group's previously held equity interest in the acquiree is remeasured to its acquisition-date fair value and the resulting gain or loss, if any, is recognised in consolidated statement of profit and loss. Amounts arising from interests in the acquiree prior to the acquisition date that have previously been recognised in other comprehensive income are reclassified to consolidated statement of profit and loss where such treatment would be appropriate if that interest were disposed of.

### 3.5 Goodwill

Goodwill arising on an acquisition of a business is carried at cost as established at the date of acquisition of the business (see note 3.4 above) less accumulated impairment losses, if any.

For the purposes of impairment testing, goodwill is allocated to each of the Group's cash-generating units that is expected to benefit from the synergies of the combination.

A cash-generating unit to which goodwill has been allocated is tested for impairment annually, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash-generating unit is less than its carrying amount, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to the unit and then to the other assets of the unit pro rata based on the carrying amount of each asset in the unit. Any impairment loss for goodwill is recognised directly in consolidated statement of profit and loss. An impairment loss recognised for goodwill is not reversed in subsequent periods.

On disposal of the relevant cash-generating unit, the attributable amount of goodwill is included in the determination of the profit or loss on disposal.

The Group's policy for goodwill arising on the acquisition of an associate is described in note 3.22 below.

### 3.6 Inventories

Raw materials and stores and spares are stated at the lower of cost and net realisable value. Costs of inventories are determined on a weighted average basis and includes all direct cost incurred in bringing such inventories to their present location and condition. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale.

Due allowance is made to the carrying amount of inventory based on Management's assessment/ technical evaluation and past experience of the Group taking into account its age, usability, obsolescence, expected realisable value etc.

### 3.7 Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows are segregated into operating, investing and financing activities.

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with original maturity of three months or less, which are subject to an insignificant risk of changes in value. In the Consolidated Statement of Cash Flows, cash and cash equivalents consist of cash and short term deposits, as defined above, net of outstanding bank overdrafts, if any as they are considered as integral part of the Company's cash management.

### 3.8 Taxation

Income tax expense represents the sum of the current tax and deferred tax.

### 3.8.1 Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'profit before tax' as reported in the consolidated statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the end of the reporting period.

### 3.8.2 Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the restated consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised.

Deferred tax liabilities are recognised for taxable temporary differences associated with investment in subsidiaries and associate, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such interests are recognised only to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred tax asset to be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability would be settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets include Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which is likely to give future economic benefits in the form of availability of set off against future income tax liability. Accordingly, MAT is recognised as deferred tax asset in the balance sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with asset will be realised.

### 3.8.3 Current and deferred tax for the year

Current and deferred tax expense is recognised in the Consolidated Statement of Profit and Loss. When they relate to items that are recognised in other comprehensive income or directly in equity, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

Deferred tax has not been recognised in these restated consolidated financial statements since Group is incurring losses and is no longer probable that sufficient taxable profits will be available in near future for the deferred tax asset to be utilised.

### **3.9 Property plant and equipment (PPE)**

Property, plant and equipment are carried at cost less accumulated depreciation and impairment losses, if any. The cost of property, plant and equipment comprises the purchase price net of any trade discounts and rebates, any import duties and other taxes (other than those subsequently recoverable) and includes interest on borrowings attributable to acquisition of qualifying property, plant and equipment up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. Subsequent expenditure relating to property, plant and equipment's is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Property, plant and equipment acquired and put to use for project purpose are capitalised and depreciation thereon is included in the project cost till the project is ready for its intended use.

Any part or components of property, plant and equipment which are separately identifiable and expected to have a useful life which is different from that of the main assets are capitalised separately, based on the technical assessment of the management.

Projects under which assets are not ready for their intended use and other capital work-in-progress are carried at cost, comprising direct cost, related incidental expenses and attributable interest.

Property, plant and equipment retired from active use and held for sale are stated at the lower of their net book value and net realisable value and are disclosed separately.

Capital work in progress represents projects under which the property, plant and equipment's are not yet ready for their intended use and are carried at cost determined as aforesaid.

### **3.10 Depreciation**

Depreciation on property, plant and equipment is provided pro-rata for the periods of use on the straightline method at the rates specified in Schedule II to the Companies Act, 2013 except in respect of certain assets mentioned below which are provided for at the rates based on the estimated useful lives of the assets, as determined by the Management.

Plant and Equipment in the nature of Electrical equipment including transmission facilities are depreciated over a period of 22 to 27 years considering the nature of the facilities and technical evaluation.

Individual assets costing less than Rs. 5,000 each are depreciated in the year of purchase considering the type and usage pattern of these assets.

Leasehold improvements are depreciated over the primary lease period.

Depreciation is accelerated on property, plant and equipment, based on their condition, usability, etc. as per the technical estimates of the Management, where necessary.

Buildings and Plant and Machinery on land/plant obtained on a lease arrangement are depreciated over the term of the arrangement.

### 3.11 Intangible assets

Intangible assets are carried at cost less accumulated amortisation and impairment losses, if any.

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and accumulated impairment losses. Amortisation is recognised on a straight line basis over the estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on prospective basis.

An Intangible asset is derecognised on disposal or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the asset and is recognised in the statement of profit and loss.

### 3.12 Leases

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### Company as a lessee

The Company accounts for each lease component within the contract as a lease separately from non-lease components of the contract and allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

The Company recognises right-of-use asset representing its right to use the underlying asset for the lease term at the lease commencement date. The cost of the right-of-use asset measured at inception shall comprise of the amount of the initial measurement of the lease liability adjusted for any lease payments made at or before the commencement date less any lease incentives received, plus any initial direct costs incurred and an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset or restoring the underlying asset or site on which it is located. The right-of-use assets is subsequently measured at cost less any accumulated depreciation, accumulated impairment losses, if any and adjusted for any remeasurement of the lease liability. The right-of-use assets is depreciated using the straight line method from the commencement date over the shorter of lease term or useful life of right-of-use asset. The estimated useful lives of right-of-use assets are determined on the same basis as those of property, plant and equipment. Right-of-use assets are tested for impairment whenever there is any indication that their carrying amounts may not be recoverable. Impairment loss, if any, is recognised in the statement of profit and loss.

The Company measures the lease liability at the present value of the lease payments that are not paid at the commencement date of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Company uses incremental borrowing rate. For leases with reasonably similar characteristics, the Company, on a lease by lease basis, may adopt either the incremental borrowing rate specific to the lease or the incremental borrowing rate for the portfolio as a whole. The lease payments shall include fixed payments, variable lease payments, residual value guarantees, exercise price of a purchase option where the Company is reasonably certain to exercise that option and payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease. The lease liability is subsequently remeasured by increasing the carrying amount to reflect interest on the lease liability, reducing the carrying amount to reflect the lease payments made and remeasuring the carrying amount to reflect any reassessment or lease modifications or to reflect revised in-substance fixed lease payments.

The Company recognises the amount of the remeasurement of lease liability due to modification as an adjustment to the right-of-use asset and statement of profit and loss depending upon the nature of modification. Where the carrying amount of the right-of-use asset is reduced to zero and there is a further reduction in the measurement of the lease liability, the Company recognises any remaining amount of the remeasurement in statement of profit and loss.

The Company has elected not to apply the requirements of Ind AS 116 Leases to short term leases of all assets that have a lease term of 12 months or less and leases for which the underlying asset is of low value. The lease payments associated with these leases are recognised as an expense on a straight-line basis over the lease term.

The Company chose to present Right-of-use assets along with the property plant and equipment, as if they were owned.

#### **Company as a lessor**

At the inception of the lease the Company classifies each of its leases as either an operating lease or a finance lease. The Company recognises lease payments received under operating leases as income on a straight-line basis over the lease term. In case of a finance lease, finance income is recognised over the lease term based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. It assesses the lease classification of a sub-lease with reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset. If a head lease is a short term lease to which the Company applies the exemption described above, then it classifies the sub-lease as an operating lease.

If an arrangement contains lease and non-lease components, the Company applies Ind AS 115 Revenue from contracts with customers to allocate the consideration in the contract.

#### **Company as a lessee**

##### **Operating leases**

For transition, the Company has elected not to apply the requirements of Ind AS 116 to leases which are expiring within 12 months from the date of transition by class of asset and leases for which the underlying asset is of low value on a lease-by-lease basis. The Company has also used the practical expedient provided by the standard when applying Ind AS 116 to leases previously classified as operating leases under Ind AS 17 and therefore, has not reassessed whether a contract, is or contains a lease, at the date of initial application, relied on its assessment of whether leases are onerous, applying Ind AS 37 immediately before the date of initial application as an alternative to performing an impairment review, excluded initial direct costs from measuring the right-of-use asset at the date of initial application and used hindsight when determining the lease term if the contract contains options to extend or terminate the lease. The Company has used a single discount rate to a portfolio of leases with similar characteristics.

### **3.13 Revenue recognition**

Effective April 01, 2018, the Group adopted Ind AS 115, 'Revenue from Contracts with Customers'. Modified retrospective method is adopted during the implementation of the standard. Application of this standard does not have any impact on the revenue recognition and measurement.

#### **Revenue from Operations- Sale of Power**

The group derives revenue primarily from Sale of power.

Revenue from the sale of power is recognised on the basis of the number of units of power exported, in accordance with joint meter readings undertaken on a monthly basis by representatives of the State Electricity Board and the Group, at rates agreed upon with customers and when there is no uncertainty in realising the same. Transmission, System Operating and Wheeling/Other Charges payable to State Electricity Boards on sale of power is reduced from Revenue.

Revenue from the end of the last invoicing to the reporting date is recognized as unbilled revenue and are classified as contract assets.

The company accounts for volume discounts and pricing incentives to customers as a reduction of revenue based on the ratable allocation of the discounts/ incentives to each of the underlying performance obligation that corresponds to the progress by the customer towards earning the discount/ incentive.

### **Other Operating Revenues**

#### **a. Renewable Energy Certificate (REC) Income**

Income arising from REC is initially recognised in respect of the number of units of power exported at the minimum expected realisable value, determined based on the rates specified under the relevant regulations duly considering the entitlements as per the policy, industry specific developments, Management assessment etc and when there is no uncertainty in realising the same. The difference between the amount recognised initially and the amount realised on sale of such REC's at the Power Exchange are accounted for as and when such sale happens.

The issuance fee incurred for registering the RECs are reduced from the REC income.

#### **b. Others**

(i) Income in the form of Generation Based Incentives are accounted for in the year of generation for eligible Units when there is no uncertainty in receiving the same.

(ii) Income from services is recognized upon rendering services, in accordance with the terms of contract.

The Group presents revenues net of indirect taxes in its statement of Profit and loss.

#### **c. Other Income**

(i) Dividend from investments is recognised when the shareholder's right to receive payment is established and it is probable that the economic benefits will flow to the Group and the amount can be measured reliably.

(ii) Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and the effective rate of interest applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount on initial recognition.

(iii) Insurance claims are accounted for on the basis of claims admitted/expected to be admitted and to the extent that the amount recoverable can be measured reliably and it is reasonable to expect ultimate collection.

### 3.14 Employee Benefits

Employee benefits are accrued in the period in which the associated services are rendered by employees of the Group, as detailed below:

#### Defined contribution plans

The Group's contribution to State Governed provident fund scheme, Employee State Insurance scheme and Employee pension scheme are considered as defined contribution plans and expenses are recognized in the Consolidated Statement of Profit and Loss based on the amount of contribution required to be made and when services are rendered by the employees.

#### Defined benefit plans

The cost of the defined benefit plans and the present value of the defined benefit obligation are recognized based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

The Group accrues for liability towards Gratuity which is a defined benefit plan. The present value of obligation under such defined benefit plan is determined based on actuarial valuation as at the balance sheet date, using the Projected Unit Credit Method. Actuarial gains and losses are recognized in the Consolidated Statement of Other comprehensive income in the period in which they occur and are not deferred.

In accordance with Indian law, the company and its subsidiaries in India operate a scheme of gratuity which is a defined benefit plan. The gratuity plan provides for a lump sum payment to vested employees at retirement, death while in employment or on termination of employment of an amount equivalent to 15 days' salary payable for each completed year of service. Vesting occurs upon completion of five continuous years of service. The Company formed a trust for making the contributions. These contributions are classified as plan assets and the corpus is managed by the Life Insurance Corporation of India.

The plan assets are adjusted against the gratuity liability. Any excess of Plan assets over the liability is grouped under non-current/current assets respectively.

#### Short Term benefits

Short term employee benefits at the Balance Sheet date, including short term compensated absences, are recognized as an expense as per the Group's scheme based on expected obligations on an undiscounted basis.

#### Long term employee benefits

The Group's accounts for its liability towards long term compensated absences based on the actuarial valuation done as at the Balance Sheet date by an independent actuary using the Projected Unit Credit Method.

All gains/losses due to actuarial valuations are immediately recognized in the Consolidated Statement of profit and loss.

### 3.15 Government grants

Government grants, including non-monetary grants at fair value, are not recognised until there is reasonable assurance that the Group will comply with the conditions attached to them and that the grants will be received.

Government grants whose primary condition is that the Group should purchase, construct or otherwise acquire non-current assets and non-monetary grants are recognised and disclosed as 'deferred income' as noncurrent liability in the Consolidated Balance Sheet and recognized in the consolidated statement of profit and loss on a systematic and rational basis over the useful lives of the related assets.

### 3.16 Foreign Currencies

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The restated consolidated financial statements are presented in Indian Rupees, which is the Company's functional currency and the Group's presentation currency.

In preparing the financial statements of each individual group entity, transactions in currencies other than the respective entities' functional currency (foreign currencies) are recognised at the rates of exchange prevailing at the dates of the transactions. At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

Exchange differences on monetary items are recognised in the consolidated statement of profit and loss in the year in which they arise except for:

- a) exchange differences on foreign currency borrowings relating to assets under construction for future productive use, which are included in the cost of those assets when they are regarded as an adjustment to interest costs on those foreign currency borrowings.

Assets and liabilities of entities with functional currency other than presentation currency are translated to the presentation currency (INR) using closing exchange rates prevailing on the last day of the reporting period. Income and expense items are translated using average exchange rates for the period. Exchange differences arising, if any, are recognized in other comprehensive income and accumulated in equity as "Foreign currency translation reserve".

### 3.17 Borrowing Costs

Borrowing costs specifically identified to the acquisition or construction of qualifying assets are capitalized as part of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for the intended use. All other borrowing costs are charged to the consolidated statement of profit and loss.

Capitalisation of borrowing costs is suspended and charged to the consolidated statement of profit and loss during extended periods when active development activity on the qualifying assets is interrupted.

Interest income earned on temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization. Borrowing costs that are not directly attributable to a qualifying asset are recognised in the consolidated statement of profit and loss using the effective interest method (EIR).

### 3.18 Financial instruments

Financial assets and financial liabilities are recognised when the group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the consolidated statement of profit and loss.

### 3.19 Derivative financial instruments

The Company uses derivative financial instruments, such as forward currency contracts to hedge its foreign currency risks. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value. Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Any gains or losses arising from changes in the fair value of derivatives are taken directly to profit or loss, except for the effective portion of cash flow hedges, which is recognised in OCI and later reclassified to profit or loss when the hedge item affects profit or loss.

For the purpose of hedge accounting, hedges are classified as:

- Fair value hedges when hedging the exposure to changes in the fair value of a recognised asset or liability or an unrecognised firm commitment.
- Cash flow hedges when hedging the exposure to variability in cash flows that is either attributable to a particular risk associated with a recognised asset or liability.

Hedges that meet the criteria for hedge accounting are accounted for, as described below:

#### i) Fair value hedges:

The change in the fair value of a hedging instrument is recognised in the consolidated statement of profit and loss as finance costs. The change in the fair value of the hedged item attributable to the risk hedged is recorded as part of the carrying value of the hedged item and is also recognised in the consolidated statement of profit and loss as finance costs. For fair value hedges relating to items carried at amortised cost, any adjustment to carrying value is amortised through consolidated statement of profit and loss over the remaining term of the hedge using the EIR method. EIR amortisation may begin as soon as an adjustment exists and no later than when the hedged item ceases to be adjusted for changes in its fair value attributable to the risk being hedged.

If the hedged item is derecognised, the unamortised fair value is recognised immediately in the consolidated statement of profit and loss.

#### ii) Cash flow hedges

The effective portion of the gain or loss on the hedging instrument is recognised in OCI in the cash flow hedge reserve, while any ineffective portion is recognised immediately in the statement of profit and loss.

Amounts recognised as OCI are transferred to profit or loss when the hedged transaction affects profit or loss, such as when the hedged financial income or financial expense is recognised.

### 3.20 Financial assets

All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the marketplace.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

#### 3.20.1 Classification of financial assets

Debt instruments that meet the following conditions are subsequently measured at amortised cost (except for debt instruments that are designated at fair value through consolidated statement of profit and loss on initial recognition):

- the asset is held within a business model whose objective is to hold assets in order to collect contractual cash flows; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Debt instruments that meet the following conditions are subsequently measured at fair value through other comprehensive income (except for debt instruments that are designated as at fair value through profit or loss on initial recognition) :

- the asset is held within a business model whose objective is achieved both by collecting contractual cash flows and selling financial assets; and
- the contractual terms of the instrument give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Changes in the carrying amount of FVTOCI monetary financial assets relating to changes in foreign currency rates are recognised in consolidated statement of profit and loss. Other changes in the carrying amount of FVTOCI financial assets are recognised in other comprehensive income and accumulated under the heading of 'Reserve for debt instruments through other comprehensive income'. When the investment is disposed of or is determined to be impaired, the cumulative gain or loss previously accumulated in this reserve is reclassified to consolidated statement of profit and loss.

All other financial assets are subsequently measured at fair value.

#### 3.20.2 Amortised cost and Effective interest method

The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Income is recognised on an effective interest basis for debt instruments other than those financial assets classified as at FVTPL. Interest income is recognised in consolidated statement of profit and loss and is included in the “Other income” line item.

### 3.20.3 Investments in equity instruments at FVTOCI

On initial recognition, the Group can make an irrevocable election (on an instrument-by-instrument basis) to present the subsequent changes in fair value in other comprehensive income pertaining to investments in equity instruments. This election is not permitted if the equity investment is held for trading. These elected investments are initially measured at fair value plus transaction costs. Subsequently, they are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the ‘Reserve for equity instruments through other comprehensive income’. The cumulative gain or loss is not reclassified to consolidated statement of profit and loss on disposal of the investments.

A financial asset is held for trading if:

- It has been acquired principally for the purpose of selling it in the near term; or
- On initial recognition it is part of a portfolio of identified financial instruments that the Group manages together and has a recent actual pattern of short-term profit-taking; or
- It is a derivative that is not designated and effective as a hedging instrument or a financial guarantee.

Changes in the carrying amount of investments in equity instruments at FVTOCI relating to changes in foreign currency rates are recognised in other comprehensive income.

### 3.20.4 Impairment of financial assets

Loss allowance for expected credit losses is recognised for financial assets measured at amortised cost and fair value through other comprehensive income.

Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition. For financial instruments whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is recognised.

In accordance with Ind AS 109 – Financial Instruments, the Group follows ‘simplified approach’ for recognition of impairment loss allowance on trade receivables wherein impairment loss allowance based on lifetime expected credit losses at each reporting date, are recognized right from its initial recognition.

### 3.20.5 Derecognition of financial assets

The Group derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party. If the Group neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Group recognises its retained interest in the assets and an associated liability for amounts it may have to pay. If the Group retains substantially all the risks and rewards of ownership of a transferred financial asset, the Group continues to recognise the financial asset and also recognises a collateralised borrowing of the proceeds received.

### **3.21 Financial Liabilities and Equity Instruments**

#### **3.21.1 Classifications debt or equity**

Financial liabilities and equity instruments issued by the Group are classified according to the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

#### **3.21.2 Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Group are recognized at the proceeds received, net of direct issue costs.

#### **3.21.3 Financial liabilities**

##### **(i) Financial Liabilities**

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method. Interest-bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method.

Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the Group's accounting policy for borrowing costs.

##### **(ii) Financial guarantee contracts**

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payments when due, in accordance with the terms of a debt instrument.

Financial guarantee contracts issued by the Group are initially measured at their fair values and, if not designated as at FVTPL, are subsequently measured at the higher of:

- a. the amount of loss allowance determined in accordance with impairment requirements of Ind AS 109; and
- b. the amount initially recognised less, when appropriate, the cumulative amount of income recognised in accordance with the principles of Ind AS 115.

##### **(iii) Derecognition of financial liabilities**

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or they expire. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in the consolidated statement of profit and loss.

#### **3.21.4 Offsetting of financial assets and liabilities**

Financial assets and financial liabilities are offset when the group has a legally enforceable right (not contingent on future events) to off-set the recognised amounts either to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

### 3.22 Investments in associates

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over those policies.

The results, assets and liabilities of associates are incorporated in the Restated consolidated financial statements using the equity method of accounting, except when the investment, or a portion thereof, is classified as held for sale, in which case it is accounted for in accordance with Ind AS 105. Under the equity method, an investment in an associate is initially recognised in the Consolidated Balance Sheet at cost and adjusted thereafter to recognize the Group's share of profit or loss and other comprehensive income of the associate. Distributions received from an associate reduces the carrying amount of investment. When the Group's share of losses of an associate exceeds the Group's interest in that associate, the Group discontinues recognizing its share of further losses. Additional losses are recognized only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

Loans advanced to Associate, that have the characteristics of equity financing are also included in the investment of the Group's Consolidated Balance Sheet. The Group's share of amounts recognized directly in equity by Associate is recognized in the Group's consolidated statement of changes in equity.

An investment in an associate is accounted for using the equity method from the date on which the investee becomes an associate. On acquisition of the investment in an associate, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised directly in equity as capital reserve in the period in which the investment is acquired.

Unrealized gains on transactions between the group and Associates are eliminated to the extent of the Group's interest in Associates. Unrealized losses are also eliminated to the extent of Group's interest unless the transaction provides evidence of an impairment of the asset transferred.

After application of the equity method of accounting, the Group determines whether there is any objective evidence of impairment as a result of one or more events that occurred after initial recognition of the net investment in an associate and that event (or events) has an impact on the estimated future cashflows from the net investment that can be reliably estimated. If there exists such an objective evidence of impairment, then it is necessary to recognise impairment loss with respect to the Group's investment in associate.

When necessary, the entire carrying amount of the investment (including goodwill) is tested for impairment in accordance with Ind AS 36 " Impairment of Assets" as a single asset by comparing its recoverable amount (higher of value in use and fair value less cost of disposal) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with Ind AS 36 to the extent that the recoverable amount of the investment subsequently increases.

The Group assesses investments in equity accounted entities, whether there is any objective evidence of impairment, whenever events or changes in circumstances indicate that the carrying value may not be recoverable. If any such indication of impairment exists, the carrying amount of the investment is compared with its recoverable amount, being the higher of its fair value less costs of disposal and value in use. If the carrying amount exceeds the recoverable amount, the investment is written down to its recoverable amount.

Any reversal of that impairment loss is recognized in accordance with Ind AS 36 to the extent that the recoverable amount of the investment subsequently increases.

The Group discontinues the use of the equity method of accounting from the date on which it no longer has significant influence over the associate or when the interest becomes classified as an asset held for sale.

When the Group retains an interest in the former associate and the retained interest is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with Ind AS 109. The difference between the carrying amount of the associate at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing of a part interest in the associate is included in the determination of the gain or loss on disposal of the associate. In addition, the Group accounts for all amounts previously recognised in other comprehensive income in relation to that associate on the same basis as would be required if that associate had directly disposed of the related assets or liabilities. Therefore, if a gain or loss previously recognised in other comprehensive income by that associate would be reclassified to consolidated statement of profit and loss on the disposal of the related assets or liabilities, the Group reclassifies the gain or loss from equity to profit or loss (as a reclassification adjustment) when the equity method is discontinued.

When the group entity transacts with an associate of the Group, the profit and losses resulting from the transactions with the associate are recognised in the Group's restated consolidated financial statements only to the extent of interests in the associate that are not related to the Group.

### **3.23 Earnings Per Share**

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

Further, the Basic and Diluted earnings per share attributable to the equity shareholders of the Holding Company are presented separately for continuing and discontinuing operations for the year.

### **3.24 Impairment of Assets**

At the end of each balance sheet date, the Group assesses whether there is any indication that any Property, plant and equipment and intangible assets with finite lives may be impaired. If any such indication exists, the recoverable amount of the asset is estimated to determine the extent of the impairment, if any. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in consolidated statement of profit and loss.

### 3.25 Provisions , Contingent Liabilities and Contingent Assets

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent assets are disclosed in the restated consolidated financial statements by way of notes to accounts when an inflow of economic benefits is probable.

Contingent liabilities are disclosed in the restated consolidated financial statements by way of notes to accounts, unless possibility of an outflow of resources embodying economic benefit is remote.

### 3.26 Non-Current assets classified as held for sale

Non-current assets (including disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable.

Non-current assets classified as held for sale are measured at lower of their carrying amount and fair value less cost to sell. Non-current assets classified as held for sale are not depreciated or amortised from the date when they are classified as held for sale.

Non-current assets classified as held for sale and the assets and liabilities of a disposal group classified as held for sale are presented separately from the other assets and liabilities in the Balance Sheet.

A discontinued operation is a component of the entity that has been disposed off or is classified as held for sale and:

- represents a separate major line of business or geographical area of operations and;
- is part of a single co-ordinated plan to dispose of such a line of business or area of operations.

The results of discontinued operations are presented separately in the Consolidated Statement of Profit and Loss.

### 3.27 Operating Segment

Operating segments reflect the Group's management structure and the way the financial information is regularly reviewed by the Group's Chief Operating Decision Maker (CODM). The CODM considers the business from both business and product perspective based on the dominant source, nature of risks and returns and the internal organisation and management structure.

Ind AS 108 operating segment requires Management to determine the reportable segments for the purpose of disclosure in financial statements based on the internal reporting reviewed by the CODM to assess performance and allocate resource. The standard also required Management to make judgments with respect to recognition of segments. Accordingly, the Group recognizes Generation of Power through Renewable Sources as its sole segment.

### 3.28 Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Group's normal operating cycle and other criteria set out in Notes to these restated consolidated financial statements. Based on the nature of products and services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

### 4. Critical accounting assumptions

The preparation of Restated consolidated financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets and liabilities, disclosures of contingent liabilities at the date of the Restated consolidated financial statements and the reported amounts of revenue and expenses for the years presented. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates are revised and in any future periods affected.

In particular, information about significant areas of estimation, uncertainty and critical judgments in applying accounting policies that have the most significant effect on the amounts recognized in the Restated consolidated financial statements pertain to:

#### 4.1 Useful lives of property, plant and equipment and intangible assets

The Group has estimated useful life of each class of assets based on the nature of assets, the estimated usage of the asset, the operating condition of the asset, past history of replacement, anticipated technological changes, etc. The Group reviews the carrying amount of property, plant and equipment and intangible assets at the end of each reporting period. This reassessment may result in change in depreciation expense in future periods.

Depreciation on property, plant and equipment is provided pro-rata for the periods of use on the straight line method (SLM) on the basis of useful life of the property, plant and equipment mandated by Part C of Schedule II of the Companies Act, 2013 or the useful life determined by the Group based on technical evaluation, whichever is lower, taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, maintenance support, as per details given below:

Description	Useful life
Property, Plant and Equipment- Wind energy generators	22 – 27 years
Buildings	30 years
Roads and civil structures	4 years
Furniture and Fixtures	10 years
Vehicles	10 years

Description	Useful life
Office Equipment	5 years
Computers	3 years
Intangible assets - Software	3 years
Intangible assets – Technical know how	10 years

#### 4.2 Impairment of tangible and intangible assets other than goodwill

Property, plant and equipment and intangible assets are tested for impairment when events occur or changes in circumstances indicate that the recoverable amount of the cash generating unit is less than its carrying value. The recoverable amount of cash generating units is higher of value-in-use and fair value less cost to sell. The calculation involves use of significant estimates and assumptions which includes turnover and earnings multiples, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

At each Balance Sheet date, consideration is given to determine whether there is any indication of impairment of the carrying amount of the Group's assets. If any indication exists, estimation is made for the asset's recoverable amount, which is the greater of the net selling price and the value in use. An impairment loss, if any, is recognized whenever the carrying amount of an asset exceeds the recoverable amount.

Impairment losses of continuing operations, including impairment on inventories, if any, are recognized in the consolidated statement of profit and loss.

#### 4.3 Provision against investments / Loans and Advances to Associate

The management taking into account the present operations of the Company proposed restructuring, future business prospects etc. makes provision towards impairment on the carrying value of investments in the Associate and loans and advances given to them.

#### 4.4 Application of interpretation for Service Concession Arrangements (SCA)

Management has assessed applicability of Appendix A of Indian Accounting Standards 11: Service Concession Arrangements for the power purchase agreement which the Group has entered into. In assessing the applicability of SCA, the management has exercised significant judgement in relation to the underlying ownership of the assets, the attached risks and rewards of ownership, residual interest and the fact that secondary lease periods are not at nominal lease rentals etc. in concluding that the arrangements don't meet the criteria for recognition as service concession arrangements.

#### 4.5 Determining whether an arrangement contain leases and classification of leases

The Group enters into service / hiring arrangements for various assets / services. The determination of lease and classification of the service / hiring arrangement as a finance lease or operating lease is based on an assessment of several factors, including, but not limited to, transfer of ownership of leased asset at end of lease term, lessee's option to purchase and estimated certainty of exercise of such option, proportion of lease term to the asset's economic life, proportion of present value of minimum lease payments to fair value of leased asset and extent of specialized nature of the leased asset.

#### 4.6 Employee Benefits - Defined benefit obligation (DBO)

Management's estimate of the DBO is based on a number of critical underlying assumptions such as standard rates of inflation, medical cost trends, mortality, discount rate and anticipation of future salary increases. Variation in these assumptions may significantly impact the DBO amount and the annual defined benefit expenses.

#### 4.7 Events after the reporting period

Adjusting events are events that provide further evidence of conditions that existed at the end of the reporting period. The financial statements are adjusted for such events before authorization for issue.

Non-adjusting events are events that are indicative of conditions that arose after the end of the reporting period. Non-adjusting events after the reporting date are not accounted, but disclosed if material.

5.3 During the year, the group tested the Plant and Equipment of Beta Wind Farm Private Limited (subsidiary) and Clarion Wind Farm Private Limited (step down subsidiary) for impairment. Such testing conducted by an independent technical expert and approved by the management did not result in any impairment losses. The plant and equipment of these two companies contribute to 91% of total net carrying amount of plant and equipment as at March 31, 2023.

5.4 Also, refer Note 38.4

5.5 There are no proceedings initiated or pending against the group for holding any benami property held under the Prohibition of Benami Property Transactions Act, 1988

5.6 There are no revaluations to the PPE/Intangible assets of the group during the year/previous year.

14.6. Major customers, being government undertakings and private companies having highest credit ratings, carry negligible credit risk. Concentration of credit risk to any private counterparty is periodically reviewed by the management. Also refer note- 45(a)(ix)				
14.7 There are no debts due from the directors or other officers of the Company/subsidiaries or any of them either severally or jointly with any other person or debts due from firms including Limited Liability Partnerships (LLPs), private companies, respectively, in which any director or other officer is a partner or a director or a member.				
14.8 In the year 2012, APERC determined the interim tariff of Rs.1.69 per unit for the wind projects that completed 10 years of commercial operations. Upon representations from the industry, the final tariff for the said projects was fixed at Rs.3.37 per unit. However, AP Discom (the customer) denied the revised tariff claim made by one of the subsidiary companies M/s. Bharath Wind Farm Limited(BWFL). The Andhra Pradesh Electricity Regulatory Commission (APERC) in the year 2019, confirmed the applicability of the rate of Rs.3.37 per unit. The APERC in its order dated September 22, 2021 directed AP Discom to pay the dues in six equal monthly instalments and the first instalment has been received in October 2021. AP Discom has challenged the aforesaid order before Appellate Tribunal for Electricity (APTEL) and the same is pending. However, considering the merits of the case, the management believes that a reasonable certainty exists for recovery of the claim and accordingly the income towards the differential claim of Rs. 2,441 lakhs has been recognized under exceptional items during the previous year and the group recovered Rs.1,769 lakhs till March 31, 2023.

<b>Note:</b>				
16.1. Considering the stay granted by the Supreme Court of India on the order issued by Central Electricity Regulatory Commission ('CERC') on reduction of floor price, and based on the legal opinion obtained, the Group is confident of favourable decision on the appeal with Hon'ble Supreme Court against the APTEL (Appellate Tribunal for Electricity at New Delhi) order and realization of difference of Rs. 500/ REC aggregating to Rs. 2,071 lakhs in respect of the receivables as on 31st March 2017. Nevertheless, for the delay in recovering the said amounts, the group made provision of Rs. 497 lakhs for expected credit losses till March 31, 2023.				
The Central Energy Regulatory Commission (CERC) in its order dated June 17, 2020 determining forbearance and floor price for the Renewable Energy Certificates(RECs), revised the floor price and forbearance prices of Non Solar RECs as Nil and Rs.1,000/- respectively. Considering the same, the group conservatively accrued the RECs at Rs 1/certificate for FY 2020-21. However the said CERC order was set aside by Appellate Tribunal for Electricity (APTEL) during the previous year. Consequently the trading of RECs resumed with a floor price of Rs.1,000/REC. Accordingly, the group realized revenue of Rs.4,805 lakhs during the previous year.				
16.2 During the year, the company received Eur 130,000 as interest on loan from one of its subsidiaries Orient Green Power (Europe) B.V. However the funds were credited to the Company's account subsequent to balance sheet date. Accordingly, its equivalent Indian rupee amount is classified as other receivables as at balance sheet date.				
During the year ended FY 20-21, the company received Eur 135,000 as repayment of loan from one of its subsidiaries Orient Green Power (Europe) B.V. However the funds were credited to the Company's account subsequent to balance sheet date since regulatory clearance was awaited. Accordingly, its equivalent Indian rupee amount is classified as other receivables as at balance sheet date.				
16.3 During the FY 2021-22, one of the subsidiaries M/s. Beta wind farm private limited (Beta) availed a term loan of Rs. 9,526 Lakhs and the entire proceeds were utilized to repay of the External Commercial Borrowings (ECB) of USD 130 Lakh. Subsequent to closure of loan, the underlying hedge contract is terminated and net settlements are made. Other receivables includes Rs. 108 lakhs, where funds are received in April 2021.

18.1 The Group intends to dispose land acquired for development of Energy plantation, Considering the market value, impairment has been recognized as and when the situation warrants. Accordingly, an impairment of Rs.25 lakhs (previous year - Rs. 60 lakhs) has been recognized during the year. The Group is in negotiation with some potential buyers and expects that the fair value less costs to sell the land will be higher than the net carrying value.			
18.2 Refer note 41 on discontinued operations.			
18.3 One of the Company's subsidiaries viz. Amrit Environmental Technologies Private Limited has been shut down. During the financial year 2015-16, the Board of Directors of the respective subsidiaries decided to sell the assets and wind down the business. Accordingly, fair value has been calculated and impairment loss has been recognized in the books for the difference between fair value and the carrying value. The Management expects that the net carrying value would be higher than the fair value less costs to sell. During the year ended March 31, 2019, the group disposed 26% of shares in this subsidiary. Also refer note 41.1 on discontinued operations.			
18.4 During the year windmills aggregating to 10.5 MW and certain land parcels were disposed. These windmills have completed 25 years of useful life since commissioning. In the view of the management, the cost of future maintenance outweighs the projected revenue generated from these windmills. This disposal resulted in a net profit of Rs. 2,227 Lakhs			
During the FY 2021-22, the group identified certain land parcels and classified them as assets held for sale. Out of the same certain land parcels were disposed and the resultant profit of Rs.300 lakhs is disclosed as an exceptional item. The unsold land parcels are recognized at lower of book or net realizable value resulting in an impairment of Rs.32 lakhs during the year.			
During the FY 2020-21, the group disposed off windmills (capacity of 4.5MW), certain land parcels and certain other assets resulting profit of Rs.844 lakhs is disclosed as an exceptional item.			
18.5 The liabilities directly associated with assets held for sale have been identified by the management under Note 31.

## 21.5 Refer Note: 51 on subsequent events

21.6 The Company and its subsidiaries are not declared as wilful defaulter by any bank or financial institution or other lender.

21.7 The company and its subsidiaries registered charges/ satisfaction of charges, wherever applicable within stipulated time with the Registrar of Companies.

21.8 During the FY 2021-22, one of the subsidiaries M/s. Beta wind farm private limited (Beta) availed a term loan of Rs. 9,526 Lakhs and the entire proceeds were utilized to repay of the External Commercial Borrowings (ECB) of USD 130 Lakh. Subsequent to closure of loan, the underlying hedge contract is terminated and accordingly the balance of Rs. 22 lakhs in hedge reserve has been recycled and charged off to the statement of profit and loss.

21.9 During the FY 2021-22, the Reserve Bank of India granted a moratorium for borrowings and interest payable during the period March 01, 2020 to August 31, 2020. The group availed the moratorium benefit on certain borrowings. Further, Hon'ble Supreme Court of India in its order dated March 23, 2021 directed not to charge interest on interest during the Moratorium period. Accordingly, the group is approaching the lenders to adjust the interest on interest paid against outstanding loan amounts/overdues. Certain lenders approved the claim, resulting in a reduction of interest expense by Rs. 125 lakhs during the year.

	(d) Claims against the Company/subsidiary, not acknowledged as debt	305	241	-
(ii)	<b>Commitments</b>	402	-	-

40.1 The corporate guarantees as at 31 March, 2021 include Rs. 8,127 lakhs extended in favour of 1 of the erstwhile subsidiaries towards borrowings availed. This subsidiaries was disposed to M/s. Janati Bio Power Private Limited (JBPPL) during the year 2017-18. JBPPL is in negotiation with the lenders for replacement of aforesaid corporate guarantees. In the meantime, JBPPL executed a counter corporate guarantee in favour of the Company indemnifying from all the losses/ damages that may arise from default in loan repayments by aforesaid biomass companies. However, the loan has been closed during the previous year.

**41 Discontinued Operations**

41.1 The Board of Directors of the Company, at their meeting held on Jan 24, 2018, accorded its approval to sell the investments held in one of its subsidiaries, M/s. Amrit Environmental Technologies Private Limited (AETPL). Accordingly, during 2018 - 19, the company transferred 26% of shares in AETPL for a consideration of Rs. 247 lakhs. The Corresponding Assets and liabilities of AETPL are classified as assets held for sale and liabilities associated with assets held for sale in these consolidated financial statements. The group has recognized impairment loss of Rs. 3,171 lakhs to bring down the carrying value of Property, Plant and Equipment to their net realizable value of Rs.950 lakhs, of which Rs.529 lakhs of impairment is recognized during the FY 21-22.

Further, during 2019-20, AETPL defaulted in repayment of a term loan of Rs. 3,900 lakhs which was availed from IL&FS Financial Services Limited ("IL&FS"), the default made in repayment amounts to Rs. 2,652 lakhs. Our Company extended a corporate guarantee to secure the term loan availed by AETPL. IL&FS approached the National Company Law Tribunal against the Company for recovering these dues. At the request of the company, IL&FS granted One Time Settlement(OTS) of Rs. 3,000 lakhs. Subsequently, IL&FS and our Company filed a joint memo before National Company Law Tribunal, Chennai ("NCLT, Chennai") agreeing to a one-time settlement of ₹ 3,000 lakhs. The matter has been disposed off by NCLT, Chennai on October 18, 2022 and is pending before National Company Law Tribunal, Mumbai for final approval.

Considering the OTS granted by the lender, the interest is accrued till September 30, 2022.

41.2 During 2019-20, the Group decided to dispose one of its subsidiaries viz., Statt Orient Energy Private Limited (SOEL) domiciled in Srilanka. Accordingly, the assets have been stated at net realizable value. During the previous year, the company disinvested its entire shareholding in SOEL, this did not result in any impairment and the group recognized Rs. 51 lakhs of gain on derecognition of this subsidiary. However, the proceeds were credited to the overseas account during the year and the company is in the process of repatriating these proceeds.

**(IV) Financial Risk Management Framework**

The Group manages financial risk relating to the operations through internal risk reports which analyse exposure by degree and magnitude of risk. These risks include market risk (including currency risk, interest rate risk and other price risk), credit risk and liquidity risk. The Group seeks to minimise the effects of these risks by using derivative financial instruments to hedge the risk exposures. The use of financial derivatives is governed by the Group's policies approved by the Audit Committee which provides written principles on foreign exchange risk, interest rate risk, credit risk, the use of financial derivatives and non derivative financial instruments and the investment in excess of liquidity. Compliance with policies and exposure limits is reviewed by the management on a continuous basis.

The Group does not enter into or trade in financial instruments including derivative financial instruments for speculative purpose.

**Notes to the Restated Consolidated Financial Information**

*(All amounts are in Indian Rupees in Lakhs unless otherwise stated)*

**(V) Market Risk :**

The Group's activities exposes it primarily to the financial risk of change in foreign currency exchange rates and interest rates. The Group enters into a derivative instruments to manage its exposure to foreign currency risk and interest rate risk including forward foreign exchange contracts to hedge the exchange rate risk arising on account of borrowings (including interest payable).

**(VI) Foreign Currency Risk Management :**

The Group undertakes transactions denominated in foreign currencies consequently, exposures to exchange rate fluctuations arises. Exchange rate exposures are managed within approved policy parameters utilising forward foreign exchange contracts.

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of each reporting period are as follows :

**(VII) Interest rate risk management :**

The group is exposed to interest rate risk since it borrow funds at fixed and floating interest rates. The risk is managed by maintaining an appropriate mix between fixed and floating rate borrowings, and by the use of interest rate swap contracts. Hedging activities are evaluated regularly to align with interest rate views and defined risk appetite, ensuring the most cost-effective hedging strategies are applied.

**(VIII) Foreign Currency sensitivity analysis :**

The Group is mainly exposed to the currency of Europe.

As per management's assessment of reasonable possible changes in the exchange rate of +/- 5% between EUR-INR currency pair, sensitivity of profit or loss only on outstanding foreign currency denominated monetary items at the period end is presented below:

Euro sensitivity at year end	2022-2023	2021-2022	2020-2021
<b>Trade Receivables</b>			
-Weakening of INR by 5%	24.80	20.19	22.14

<b>Balances with Banks</b>			
-Weakening of INR by 5%	5.19	29.14	48.61
-Strengthening of INR by 5%	(39.49)	(28.94)	(49.11)

LKR sensitivity at year end	2022-2023	2021-2022	2020-2021
<b>Balances with Banks</b>			
-Weakening of INR by 5%	-	-	5.27
-Strengthening of INR by 5%	-	-	(5.27)
<b>Trade Payables</b>			
-Weakening of INR by 5%	-	-	(0.04)
-Strengthening of INR by 5%	-	-	0.04

**Notes :**

1. This is mainly attributable to the exposure of receivable and payable outstanding in the above mentioned currencies to the Group at the end of the reporting period.

2. In Management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk because the exposure at the end of the reporting period does not reflect the exposure during the year.

**(IX) Management of Credit Risk**

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations.

**Trade receivables:**

Credit risk arising from trade receivables is managed in accordance with the Group's established policy, procedures and control relating to customer credit risk management. All trade receivables are reviewed and assessed for default at each reporting period. The allowance for lifetime expected credit loss on trade receivables for the years ended March 31, 2023 and 2022, was Rs 1080 lakhs and Rs 994 lakhs respectively. Refer note 3.20 for accounting treatment for Trade receivable and note 14.3 for ageing and of Trade receivables and note 14.4 for reconciliation for allowance of credit loss on Trade receivables.

**Loans and other financial Assets:**

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits. Risks relating to other financial assets measured at amortized cost including loans, its related interest receivables and other financial assets are managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits. The allowance for lifetime expected credit loss on advances and other receivables for the years ended March 31, 2023 and 2022, was Rs 497 lakhs and Rs 2,629 lakhs respectively.

The Group's maximum exposure to credit risk as at 31st March, 2023 and 31st March, 2022 is the carrying value of each class of financial assets.

**(X) Liquidity Risk Management :**

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Group's short-, medium- and long-term funding and liquidity management requirements. The Group manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

**b. Modification of lease agreements**

During the year, one of the land lease agreements entered into by one of the subsidiary M/s. Beta Wind Farm Private Limited as a lessee was amended. This modification of lease terms resulted in a reduction of Right of use asset and lease liabilities by Rs.367Lakhs (previous year - Rs. 212 lakhs) and Rs.654 Lakhs(Previous year - Rs. 335 lakhs). Consequently, a gain of Rs. 287 lakhs (Previous year - Rs.123 Lakhs) has been recognized under exceptional items .

## **MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL POSITION AND RESULTS OF OPERATIONS**

*You should read the following discussion of our financial condition and results of operations as of and for the Financial Year ended March 31, 2023 together with our Restated Financial Information as of and for the Fiscals 2023, 2022 and 2021 all prepared in accordance with the Companies Act and Ind AS and restated in accordance with the SEBI ICDR Regulations, including the schedules, annexures and notes thereto and the reports thereon, included in the section titled "Financial Information" on page 148. Unless otherwise stated, the financial information used in this chapter is derived from the Restated Consolidated Financial Statements of our Company.*

*This discussion contains forward looking statements and reflects our current views with respect to future events and financial performance. Actual results may differ materially from those anticipated in these forward looking statements as a result of certain factors such as those set forth in the sections titled "Risk Factors" and "Forward-Looking Statements" on pages 24 and 17, respectively.*

*Our fiscal year ends on March 31 of each year, so all references to a particular "fiscal year" and "Fiscal" are to the twelve (12) month period ended March 31 of that fiscal year. References to the "Company", "we", "us" and "our" in this chapter refer to Orient Green Power Company Limited on a consolidated basis, as applicable in the relevant fiscal period, unless otherwise stated.*

### **OVERVIEW OF OUR BUSINESS**

We are an Indian renewable energy-based power generation company focused on developing, owning and operating renewable energy power plants. Currently our portfolio includes wind energy.

As of March 31, 2023, our aggregate installed capacity is 402.3 Mega Watt (MW). Our Business is highly dependent on the performance and revenue of our subsidiaries. Our subsidiaries contribute 100 % of the Total Revenue on a Consolidated Basis in FY 2023, 2022 and 2021 respectively.

We have 45 customers in total and out of the same only 2 are state owned utilities and remaining are Commercial and Industrial Customers.

We have diverse customer base with a mixture of off-take arrangements. Our customers include State utilities, private commercial and industrial consumers (C & I Consumers). In respect of C & I consumers, we enter into Power Purchase Agreements (PPAs)/Energy Wheeling Agreements (EWAs) with varying pricing arrangements depending on the type of customer, available tariffs, location and tenure. In respect of power sale to state utilities, we have long term PPA either under Feed in Tariff (FIT) or under Average Power Purchase Cost (APPC) rates.

### **Wind Energy Business**

Our wind farms are located in the states of Tamil Nadu, Andhra Pradesh, Gujarat and Karnataka, which are among the top four Indian states with the highest wind potential. In addition, the company owns a 10.5 MW Wind farm in Croatia, Europe. As of March 31, 2023, our total installed capacity is 402.3 MW. All the wind energy assets are owned through our subsidiaries/ step down subsidiaries.

### **Sale of electricity**

We sell power from our wind energy projects to private power consumers seeking to supplement state power supplies for captive purposes pursuant to short-term PPAs in states where such sales are permitted, such as Tamil Nadu. Our captive consumers are generally larger power consumers having a greater need for reliable power and benefit from additional sources of electricity.

Further, we sell some of the power from our wind energy projects to State owned distribution companies (Discoms) pursuant to long-term PPAs which are approximately 25 years in length. Long-term PPAs provide us with increased visibility on the revenue stream and an assured off-take.

### **Generation Based Incentive (GBI)**

GBI was introduced by the Government to encourage investments in wind energy generators and incentive of 50 paise per unit was given under the scheme subject to the condition that the accelerated depreciation is not claimed under Income Tax Act. This is available for a maximum period of 10 years subject to a cap of ₹ 10 million per MW. Presently, we are claiming GBI in respect of 63 MW (75.6 MW upto FY 2022-23) of our wind assets.

## **SIGNIFICANT FACTORS AFFECTING OUR RESULTS OF THE OPERATIONS**

Our financial condition and results of operations are affected by numerous factors and uncertainties, including those discussed in the section entitled “*Risk Factors*” on page 24 of this Letter of Offer. The following is a discussion of certain factors that have had, and we expect will continue to have, a significant effect on our financial condition and results of operations:

- Any adverse changes in central or state government policies;
- Any adverse revision in tariff/REC floor price revision by Central Electricity Regulatory Commission (CERC).
- Levy of any new tax or increase in charges such as Transmission charges, Operating and Maintenance charges, Wheeling charges etc.,
- Loss of one or more of our key customers and/or maintenance contractors;
- An increase in the productivity and overall efficiency of our competitors;
- Unfavourable wind patterns resulting in reduced wind availability;
- Delays in recovering dues from state owned distribution companies resulting in loan defaults;
- General economic and business conditions in the markets in which we operate and in the local, regional and national economies;
- Changes in technology and our ability to manage any disruption or failure of our technology systems;
- Our ability to attract and retain qualified personnel;
- Changes in political and social conditions in India or in countries that we may enter, the monetary and interest rate policies of India and other countries, inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
- The performance of the financial markets in India and globally;
- Any adverse outcome in the legal proceedings in which we are involved;
- Occurrences of natural disasters or calamities affecting the areas in which we have operations;
- Market fluctuations and industry dynamics beyond our control;
- Our ability to compete effectively, particularly in new markets and businesses;
- Changes in foreign exchange rates or other rates or prices;
- Delays in collection of dues/receivables from state-owned distribution companies resulting in delays/defaults of our loan commitments;
- Other factors beyond our control;
- Our ability to manage risks that arise from these factors;
- Conflict of interest with our Subsidiary, Individual Promoter and other related parties;
- Changes in domestic and foreign laws, regulations and taxes and changes in competition in our industry;
- Termination of customer contracts without cause and with little or no notice or penalty; and
- Inability to obtain, maintain or renew requisite statutory and regulatory permits and approvals or noncompliance with and changes in, safety, health and environmental laws and other applicable regulations, may adversely affect our business, financial condition, results of operations and prospects.

## **SIGNIFICANT ACCOUNTING POLICIES**

The accounting policies have been applied consistently to the periods presented in the Restated Consolidated Financial Statements for the Fiscals 2023, 2022 and 2021. For details of our significant accounting policies, please refer section titled “*Financial Information*” on page 148.

## **CHANGE IN ACCOUNTING POLICIES IN PREVIOUS 3 YEARS**

Except as mentioned in chapter “*Financial Information*” on page 148, there has been no change in accounting policies in last 3 years.

## Comparison of Historical Results of Operations

### Fiscal 2023 compared to Fiscal 2022

#### Total Income

Our total income for Fiscal 2023 was ₹ 29,021 Lakhs as compared to ₹ 31,522 Lakhs for Fiscal 2022, representing a decrease of 7.93%. The reduction is mainly attributed to lower wind availability during the year and the previous year other operating revenues included a one-time income of ₹ 2,466 Lakhs due to resumption in REC trading. Besides this, other income has increased by ₹ 2,731 Lakhs.

#### Total revenue comprises of:

##### *Revenue from operations*

Our revenue from operations for the Fiscal 2023 was ₹ 25,831 Lakhs as compared to ₹ 31,063 Lakhs for the Fiscal 2022, representing a decrease of 16.84%. The reduction is mainly attributed to lower wind availability during the year and the previous year other operating revenues included a one-time income of ₹ 2,466 Lakhs due to resumption in REC trading.

##### *Other income*

Our other income for the Fiscal 2023 was ₹ 3,190 Lakhs as compared to ₹ 459 Lakhs for the Fiscal 2022, representing an increase of 594.99%. The increase in other income was primarily due to the impact of interest waivers received during the year, Writeback of liabilities no longer required and gain on mutual fund investments.

#### Expenditure

Our total expenditure for the Fiscal 2023 was ₹ 27,845 Lakhs as compared to ₹ 29,699 Lakhs for the Fiscal 2022, representing a decrease of 6.24%.

##### *Cost of Maintenance*

Our Cost of Maintenance for the Fiscal 2023 was ₹ 5,129 Lakhs as compared to ₹ 5,128 Lakhs for the Fiscal 2022, representing an increase of 0.02%. The increase is primarily to increase in consumption of spares.

### *Employee benefit expenses*

Our employee benefit expenses for the Fiscal 2023 was ₹ 1,279 Lakhs as compared to ₹ 1,116 Lakhs for the Fiscal 2022, representing an increase of 14.61%. The marginal increase in employee benefit expense is on account of increments and few employee additions during the current year.

### *Finance cost*

Finance cost for the Fiscal 2023 was ₹ 10,824 Lakhs as compared to ₹ 12,161 Lakhs for the Fiscal 2022 representing a decrease of 10.99%.

This interest expense reduced by Rs. 1,337 lakhs primarily on account of repayment of Rs. 13,620 lakhs of principle. Further, increase in other borrowing cost by Rs. 111 lakhs is on account of one time term loan processing and rating fee incurred during the year.

### *Depreciation and Amortization Expenses*

Our depreciation and amortization expenses for the Fiscal 2023 was ₹ 8,295 Lakhs as compared to ₹ 8,862 Lakhs for the Fiscal 2022, representing a decrease of 6.40%. The decrease is on account of certain windmills completing their useful life.

### *Other expenses*

Our other expenses for the Fiscal 2023 was ₹ 2,318 Lakhs as compared to ₹ 2,432 Lakhs for the Fiscal 2022, representing a decrease of 4.69%. The decrease is primarily due to the reduction in net loss on foreign currency transactions and translations by ₹ 175 Lakhs. Further, there is a decrease in Expected Credit Loss (ECL) provision, rates and taxes aggregating to ₹ 150 Lakhs.

### *Exceptional Items*

Our exceptional items for the Fiscal 2023 was ₹ 2,334 Lakhs as compared to ₹ 2,832 Lakhs for the Fiscal 2022, representing a decrease of 17.58%. The nature of exceptional items for the two years differ and are not comparable as such. The differential tariff claim of Rs. 2,441 lakhs during the previous year and the profit on sale of assets during the current year contributed significantly to the exceptional items.

The decrease is primarily on account of increase in provision for structural restructuring expense by ₹ 152 Lakhs, increase in interest expense by ₹ 60 Lakhs during the current year and differential tariff claim of by ₹ 2,441 Lakhs received during the previous year. Besides, the profit on sale of assets is comparatively higher by ₹ 1,927 Lakhs.

### *Consolidated Profit / (Loss) after tax (Net Profit)*

Our consolidated profit after tax for the Fiscal 2023 was ₹ 3,333 Lakhs as compared to a profit after tax of ₹ 3,578 Lakhs for the Fiscal 2022, representing decrease in profit by 6.85%.

## **Fiscal 2022 compared to Fiscal 2021**

### **Total Income**

Our total revenue for Fiscal 2022 was ₹ 31,522 Lakhs as compared to ₹ 26,270 Lakhs for Fiscal 2021, representing an increase of 19.99%. The increase in total revenue was primarily due to resumption of Renewable Energy Certificate (REC) trading contributing ₹ 4,802 Lakhs which includes the RECs accrued in the previous year aggregating to ₹ 2,466 Lakhs and an increase in the sale of power by ₹ 755 Lakhs due to increased power generation. Besides this, other income has reduced by ₹ 336 Lakhs.

### **Total revenue comprises of:**

#### *Revenue from operations*

Our revenue from operations for the Fiscal 2022 was ₹ 31,063 Lakhs as compared to ₹ 25,475 Lakhs for the Fiscal 2021, representing an increase of 21.94%. The increase is primarily due to resumption of Renewable Energy Certificate (REC) trading contributing ₹ 4,802 Lakhs which includes the RECs accrued in the previous year aggregating to ₹ 2,466 Lakhs and an increase in the sale of power by ₹ 755 Lakhs due to increased power generation.

#### *Fixed charges & Other reimbursement*

Our Other reimbursements for the Fiscal 2022 was nil as compared to ₹ 200 Lakhs for the Fiscal 2021.

#### *Other income*

Our other income for the Fiscal 2022 was ₹ 459 Lakhs as compared to ₹ 595 Lakhs for the Fiscal 2021, representing a decrease of 22.86%. The decrease in other income was primarily due to the impact of difference in foreign currency translations and gain on mutual fund investments.

### **Expenditure**

Our total expenditure for the Fiscal 2022 was ₹ 29,699 Lakhs as compared to ₹ 32,185 Lakhs for the Fiscal 2021, representing a decrease of 7.72%.

#### *Cost of Maintenance*

Our Cost of Maintenance for the Fiscal 2022 was ₹ 5,128 Lakhs as compared to ₹ 5,086 Lakhs for the Fiscal 2021, representing an increase of 0.83%. The increase is primarily due to contract price escalation and marginal increase in consumption of spares.

#### *Employee benefit expenses*

Our employee benefit expenses for the Fiscal 2022 was ₹ 1,116 Lakhs as compared to ₹ 1,190 Lakhs for the Fiscal 2021, representing a decrease of 6.22 %. The reduction was primarily due to retirement of Managing Director, Company Secretary and resignation of few other employees. While the Managing Director appointment is made in 30th March 2022, other responsibilities were assigned to existing employees resulting in reduction in expense.

#### *Finance cost*

Finance cost for the Fiscal 2022 was ₹ 12,161 Lakhs as compared to ₹ 13,816 Lakhs for the Fiscal 2021 representing a decrease of 11.98%.

This interest expense reduced by Rs. 1,436 lakhs primarily on account of repayment of Rs.15,419 lakhs of principle and average interest rate reduction by 1% on borrowings . Further, reduction in other borrowing cost by Rs.250 lakhs is on account of closure of hedge contracts during previous year and one time term loan processing fee incurred during previous year.

#### *Depreciation and Amortization Expenses*

Our depreciation and amortization expenses for the Fiscal 2022 was ₹ 8,862 Lakhs as compared to ₹ 9,099 Lakhs for the Fiscal 2021, representing a decrease of 2.60%. The decrease is on account of certain windmills completing their useful life.

#### *Other expenses*

Our other expenses for the Fiscal 2022 was ₹ 2,432 Lakhs as compared to ₹ 2,994 Lakhs for the Fiscal 2021, representing a decrease of 18.77%. The decrease is primarily due to the reduction in Expected Credit Loss (ECL) provision by ₹ 836 Lakhs. Further, there is an increase in certain charges levied by distribution companies and insurance expenses aggregating to ₹ 258 Lakhs.

#### *Exceptional Items*

Our exceptional items for the Fiscal 2022 was ₹ 2,832 Lakhs as compared to ₹ 844 Lakhs for the Fiscal 2021, representing an increase of 235.55%. The increase is primarily on account of income towards differential tariff claim of ₹ 2,441 Lakhs made by an SPV and net gain on modification of lease amounting to ₹ 123 Lakhs. Besides, the profit on sale of assets is comparatively lower by ₹ 512 Lakhs.

*Restated Consolidated Profit / (Loss) after tax (Net Profit)*

Our restated consolidated profit after tax for the Fiscal 2022 was ₹ 3,578 Lakhs as compared to a loss after tax of ₹ 5,701 Lakhs for the Fiscal 2021, representing increase in profit by 162.76%.

### VARIATION IN NET PROFIT AFTER TAX:

The following table sets forth certain information relating to our Net Profit based on restated consolidated financial statement for the Fiscal ended 2023, 2022 and 2021 as follows:

Particulars	<i>(in ₹ Lakhs)</i>		
	Fiscal 2023	Fiscal 2022	Fiscal 2021
Net (loss) / profit after tax	3,333	3,578	(5,701)

### Fiscal 2023 compared to Fiscal 2022

Consolidated profit after tax for the Fiscal 2023 was ₹ 3,333 Lakhs as compared to a profit after tax of ₹ 3,578 Lakhs for the Fiscal 2022, representing decrease in profit by 7% due to following reasons:-

Fiscal 2023 witnessed decrease in profit after tax by ₹ 245 Lakhs on account of decrease in total income and Exceptional items by ₹ 2,501 Lakhs and ₹ 498 Lakhs respectively. Also, reduction in total expenditure by ₹ 1,854 Lakhs.

Decrease in total income by ₹ 2,501 Lakhs is mainly due to lower wind availability during the Fiscal 2023 and absence of one time income of ₹ 2,466 Lakhs (of Fiscal 2022) that arose from to resumption in REC trading. And increase in other income by ₹ 2,731 Lakhs during Fiscal 2023 is on account of interest waivers received, liability writeback and gain on mutual fund investments.

Decrease in Exceptional item of ₹ 498 Lakhs between Fiscal 2023 and Fiscal 2022 and are not comparable as such. But the decrease is due to differential tariff claim of ₹ 2,441 lakhs made during Fiscal 2022 and increase in profit on sale of assets by ₹ 1,927 Lakhs in Fiscal 2023.

Reduction in Total expenditure by ₹ 1,854 Lakhs is mainly due to decrease in interest expenses by ₹ 1,337 lakhs and decrease in depreciation by ₹ 567 Lakhs. Decrease in interest expenses is primarily on account of repayment of principal obligations and reduction in interest rates. And decrease in depreciation is on account of certain windmills completing their useful life.

### Fiscal 2022 compared to Fiscal 2021

Consolidated profit after tax for the Fiscal 2022 was ₹ 3,578 Lakhs as compared to a loss after tax of ₹ 5,701 Lakhs for the Fiscal 2021, representing increase in profit by 163%.

Fiscal 2022 witnessed increase in profit after tax by ₹ 9,726 Lakhs on account of increase in Total income and Exceptional items by ₹ 5,395 Lakhs and ₹ 1,988 Lakhs respectively. Also, reduction in total expenditure by ₹ 2,343 Lakhs.

The increase in total income is primarily on account of resumption in Renewable Energy Certificate (REC) trading post the set aside order passed by the Appellate Tribunal for Electricity (APTEL) on the revision of floor and forbearance prices by Central Energy Regulatory Commission (CERC) contributing to ₹ 4,802 Lakhs which includes the RECs accrued aggregating to ₹ 2,466 Lakhs pertaining to Fiscal 2021 and an increase in the revenue from sale of power by ₹ 755 Lakhs due to increased power generation.

Increase in Exceptional items is primarily on account of income towards differential tariff claim of ₹ 2,441 Lakhs made by one of the subsidiaries and net gain on modification of one of the lease arrangements amounting to ₹ 123 Lakhs. Besides, the profit on sale of assets is comparatively lower by ₹ 512 Lakhs.

Reduction in Total expenditure by ₹ 2,343 Lakhs is mainly due to decrease in interest expenses by ₹ 1,655 lakhs, decrease in depreciation by ₹ 237 Lakhs and decrease in other expenses of ₹ 419 Lakhs. Decrease in interest expenses is primarily on account of repayment of principal obligations and reduction in interest rates. And decrease in depreciation is on account of certain windmills completing their useful life. Decrease in other expenses is predominantly on account of reduction in Expected Credit Loss (ECL) provision.

Other than as described in the section titled “*Risk Factors*” and chapter titled “*Management's Discussion and Analysis of Financial Conditions and Results of Operations*” beginning on pages 24 and 215, respectively, and elsewhere in this Letter of Offer, there are no known factors to our knowledge which would have a material adverse impact on the relationship between costs and income of our Company. Our Company’s future costs and revenues will be determined by demand/supply situation and government policies.

The extent to which material increases in net sales or revenue are due to increased sales volume, introduction of new products or services or increased sales prices

Increase in revenues is by and large linked to increase in sale of units of our existing portfolio of products, introduction of new categories under existing brands and addition to new distribution channels.

#### **Competitive Conditions**

We expect competition in the sector from existing and potential competitors to vary. However, on account of our core strengths like customer relationship management, active price negotiations and effective machine availability, we are able to stay competitive. For further details, kindly refer the chapter titled “*Our Business*” beginning on page 113.

#### **Total Turnover of Each Major Business Segment**

We operate only in one business segment i.e. Sale of Power from wind energy.

#### **New Product or Business Segment**

Except as disclosed in “*Our Business*” on page 113, we have not announced and do not expect to announce in the near future any new products or business segments.

#### **Seasonality of Business**

Our Company’s business is seasonal in nature. Typically, the wind generation is higher from May to November.

## Significant dependence on a Single or Few Suppliers or Customers

Other than as described in this Letter of Offer, particularly in sections “Risk Factors” on page 24, to our knowledge, there is no significant dependence on a single or few customers or suppliers.

## SECTION VI – LEGAL AND OTHER INFORMATION

### OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENTS

Except as stated in this section, there are no outstanding (i) criminal proceedings involving our Company, Directors, Subsidiaries or Promoters; (ii) actions by any statutory or regulatory authorities involving our Company, Directors, Subsidiaries or Promoters; or (iii) claim involving our Company, Directors, Subsidiaries or Promoters for any direct or indirect tax liabilities (disclosed in a consolidated manner giving the total number of claims and total amounts involved), (iv) proceeding involving our Company, Directors, Subsidiaries or Promoters (other than proceedings covered under (i) to (iii) above) which has been determined to be “material” pursuant to our Company’s ‘Policy on determination of materiality of events’ framed in accordance with Regulation 30 of the SEBI Listing Regulations (“**Materiality Policy**”).

In terms of the Materiality Policy, other than outstanding criminal proceedings, actions taken by any statutory or regulatory authority and claims for any direct or indirect tax liabilities mentioned in point (i) to (iii) above, all other pending litigation:

- A. involving our Company, Promoters and Subsidiaries (“**Relevant Parties**”):
- i. where the aggregate monetary claim made by or against the Relevant Parties, in any pending civil litigation proceeding is lower of (a) two percent of turnover, as per the last Financial Year included in the Restated Consolidated Financial Statements; or (b) two percent of net worth, except in case of the arithmetic value of the net worth is negative, as per the last Financial Year included in the Restated Consolidated Financial Statements; or (c) five percent of the average of absolute value of profit or loss after tax, as per the last three Restated Consolidated Financial Statements shall be considered material and will be disclosed in the Offer Documents. Five percent of the average of absolute value of profit or loss after tax, as per the last three Restated Consolidated Financial Statements accounts for the lowest of the above mentioned criteria. 5% of the average of absolute value of profit or loss after tax as per the Restated Consolidated Financial Statements amounts to ₹ 210 lakhs. Accordingly, all outstanding civil litigation proceedings where the aggregate monetary claim made by or against the Relevant Parties, in any such pending litigation proceeding is in excess of ₹ 210 lakhs shall be considered material; and
  - ii. where the monetary liability is not quantifiable, or which does not fulfil the threshold specified in (i) above, but the outcome of which could, nonetheless may have a material adverse effect on the position, business, operations, prospects or reputation of our Company will be considered “material” and will be disclosed in the Offer Documents.
- B. involving our Directors and our Promoters (individually or in aggregate), the outcome of which would materially and adversely affect the business, operations, prospects, financial position or reputation of our Company, irrespective of the amount involved, has been considered as material.

Further, except as disclosed in this section, there are no (i) disciplinary action taken against any of our Promoters by SEBI or the Stock Exchange in the five Fiscals preceding the date of this Letter of Offer; and (ii) litigation involving our Subsidiaries which may have a material impact on our Company.

Further, in accordance with the Materiality Policy, a creditor of our Company, shall be considered to be material creditor (except banks and financial institutions from whom our Company has availed financing facilities) for the purpose of disclosure in the offer documents, if amounts due to such creditor exceeds 10 per cent of the total trade payables of our Company as per the most recently completed Fiscal as per the Restated Consolidated Financial Information. Accordingly, we have disclosed consolidated information of outstanding dues owed to any creditors of our Company, separately giving details of number of cases and amount for all dues where each of the dues exceed ₹ 123 lakhs (being approximately 10% of total trade payables of our Company as at March 31, 2023 as per the Restated Consolidated Financial Information) (“**Material Dues**”). Further, in accordance with the Materiality Policy for the disclosure of the outstanding dues to any party which is a micro, small or a medium enterprise (“**MSME**”) will be based on information available with our Company regarding status of the creditor as defined under Section 2 of the Micro, Small and Medium Enterprises Development Act, 2006, as amended.

Unless stated to the contrary, the information provided in this section is as of the date of this Letter of Offer. All terms defined in a summary pertaining to a particular litigation shall be construed only in respect of the summary of the litigation where such term is used.

## 1. LITIGATION INVOLVING OUR COMPANY

### i. Litigation against our Company

#### 1. Criminal Proceedings

Our Company and Lokendra Pal Garg and others (“**Complainants**”) executed a Memorandum of Understanding dated December 7, 2017 (“**MoU**”) contemplating transfer of 100% equity shareholding of M/s Amrit Environmental Technologies Private Limited, an erstwhile subsidiary of our Company to the Complainants. In accordance with the terms of the MoU, the Complainants had amongst other terms, agreed to settle part of the term loan of our Company which was availed from Infrastructure Leasing & Financial Services Limited (“**IL&FS**”) and amounted to ₹ 3,900 lakhs, post which our Company was to provide a no-objection certificate from IL&FS for the leased land situated at RIICO Industrial Area, Village Keshwala, Tehsil Kotputli, District Jaipur (“**Land**”), which was mortgaged with IL&FS in the said loan. Thereafter, our Company and the Complainants also executed a Share Purchase Agreement dated June 27, 2018 in respect of the sale of the entire shareholding held by our Company in M/s Amrit Environmental Technologies Private Limited to the Complainants, which had a condition precedent obligating our Company to make the properties of our erstwhile free of all encumbrances. Since our Company could not obtain a no-objection certificate from IL&FS for removing the encumbrance created over the Land, the Complainants filed a first information report against our Company before Jalupura Police Station, Jaipur. The Police after due investigation closed the first information report on the grounds that a similar arbitration petition has been filed by the Complainants against our Company. Subsequently the Complainant filed a criminal revision petition bearing number 1851 of 2019 before the Hon’ble District Court, Jaipur challenging the closure report issued by the police in the first information report filed by him. The petition is currently pending.

#### 4. Other Material Litigations

- a) IL&FS Financial Services Limited (“**IL&FS**”) sanctioned a term loan of ₹ 3,900 lakhs in favour of one of our subsidiaries, M/s. Amrit Environmental Technologies Private Limited (“**AETPL**”) (such loan, the “**Loan**”) to adjust the existing bridge Loan of one of our Subsidiaries, namely Beta Wind Farm Private Limited and disbursed the same on July 09, 2014. Our Company had provided a corporate guarantee for the Loan and pledged 23% of its shareholding held in Beta Wind Farm Private Limited. An instalment in relation to the Loan was due on June 28, 2018 and demand notices seeking payment of the same were issued by IL&FS to AETPL and our Company. Our Company replied to all such demand notices, however IL&FS failed to reply to any of them, and an amount of ₹ 3,647.03 lakhs was outstanding against

the Loan on December 31, 2020. In the meantime, IL&FS had been taken over in accordance with the directions issued by the Government of India and accordingly a response to any of our letters was not provided by IL&FS. Subsequently, IL&FS filed a case before Hon'ble National Company Law Tribunal, having its bench at Chennai ("NCLT") filed an insolvency petition against our Company to recover the Loan. Thereafter, our Company submitted a one-time settlement proposal with IL&FS for repayment of the Loan and the same was recommended by IL&FS and filed before NCLT. Pursuant to an order dated October 18, 2022 passed by the NCLT, the insolvency proceedings filed by IL&FS were disposed off on account of finalization of one time settlement between the Company and IL&FS. The settlement terms are that a settlement amount of ₹ 3,000 lakhs against all outstanding dues shall be paid by the Company, in the following manner: (i) ₹ 800 lakhs to be paid down within 15 days from the date of receipt of sanction letter at acceptable terms; and (ii) the balance ₹ 2,200 lakhs to be paid within next seven months. Upon payment of the aforementioned settlement amount, IL&FS has agreed to waive all remaining dues including present and future interest dues and accordingly issue a no dues certificate. The aforementioned settlement has now been filed before the National Company Law Tribunal, Mumbai for approval. Upon approval, the Company shall proceed to pay the settlement amount to IL&FS in accordance with the one time settlement.

- b) Commercial summary suit bearing number 40 of 2021 was filed by Edelweiss Special Opportunities Fund ("Edelweiss") against one of our Promoters, SVL Limited ("SVL") and our Company before the Commercial Division of the Bombay High Court whereunder Edelweiss allegedly claimed that it was entitled to a sum of ₹ 2,959.34 lakhs by contending that the same constitutes agreed return and other contractual charges due and payable under the shareholder option agreement executed on November 26, 2018 between the Edelweiss and SVL (hereinafter, the "Option Agreement"). Our Company is not a party to the Option Agreement. The summary suit has been opposed by both SVL and our Company, on the grounds that *inter alia*, our Company is not a party to the Option Agreement and that the Option Agreement is void under the Indian Contract Act, 1872 and the Securities Contracts (Regulation) Act, 1956. This matter is currently pending.
- c) Our Company and Lokendra Pal Garg and others ("Claimants") executed a Memorandum of Understanding dated December 7, 2017 ("MoU") contemplating transfer of 100% equity shareholding of M/s Amrit Environmental Technologies Private Limited, an erstwhile subsidiary of our Company to the Claimants. In accordance with the terms of the MoU, the Claimants had amongst other terms, agreed to settle part of the term loan of our Company which was availed from Infrastructure Leasing & Financial Services Limited ("IL&FS") and amounted to ₹ 3,900 lakhs, post which our Company was to provide a no-objection certificate from IL&FS for the leased land situated at RIICO Industrial Area, Village Keshwala, Tehsil Kotputli, District Jaipur ("Land"), which was mortgaged with IL&FS in the said loan. Thereafter, our Company and the Claimants also executed a Share Purchase Agreement dated June 27, 2018 in respect of the sale of the entire shareholding held by our Company in M/s Amrit Environmental Technologies Private Limited to the Claimants, which had a condition precedent obligating our Company to make the properties of our erstwhile free of all encumbrances. Since our Company could not obtain a no-objection certificate from IL&FS for removing the encumbrance created over the Land, the Claimants invoked the arbitration clause of the MoU and of the share purchase agreement and filed a statement of claim before the Sole Arbitrator alleging that a dispute has arisen from the fact that there was a failure on part of our Company to perform its obligation to obtain a no-objection certificate from IL&FS, which led to the Claimants not being able to utilize the Land to establish and run a Biomass Electricity Generation plant, thereby causing a loss to the Claimants. The Claimants have prayed the Sole Arbitrator to pass an award directing *inter alia*, our Company (i) to obtain a no-objection certificate from IL&FS for removing the encumbrance created over the Land and transfer the remainder 75% shareholding held in M/s Amrit Environmental Technologies Private Limited to the Claimants; and (ii) to pay a sum of ₹ 2,091.88 lakhs on account of *inter alia* non-performance of obligations by our Company as per the MoU and the share purchase agreement, expenditure incurred by the Claimants on account of setting up electricity generation unit, construction of boundary wall at an alternate site, expenditure incurred towards maintenance of the Land, etc. Our Company has filed defence submissions dated February 4, 2020 and the arbitration is currently pending.

#### **Beta Wind Farm Private Limited**

Beta Wind Farm Private Limited had executed a power purchase agreement dated May 29, 2013 with Southern Power Distribution Company of Andhra Pradesh Limited (“**APDISCOM**”) for supply of wind energy from its project for 25 years from commissioning date, being, July 27, 2013 for Andhra Pradesh Electricity Regulatory Commission (“**APERC**”) determined tariff of Rs.4.70/unit. Unilaterally APDISCOM withheld the payment of ₹ 593.04 lakhs for 1,26,17,939 units for the period July 27, 2016 to July 27, 2017, which was considered by them as excess units supplied beyond capacity utilization factor (“**CUF**”) of 23%. Beta Wind Farm Private Limited filed a petition before APERC with a prayer to release the withheld amount. APERC passed an order dated September 26, 2022, wherein it held that Beta Wind Farm Private Limited was entitled to the tariff of Rs. 4.70/- per unit only on the CUF of 23 % and not on the entire generation. APERC also held that the CUF of 23 % is to be computed for the life of the PPA, and that Beta Wind Farm Private Limited is only entitled to the tariff of Rs. 0.50/- per unit for any generation over and above the same. Beta Wind Farm Private Limited has preferred an appeal against Southern Power Distribution Company of Andhra Pradesh Limited (“**Respondent**”) before the Appellate Tribunal For Electricity at New Delhi challenging an order dated September 26, 2022 passed by the Andhra Pradesh Electricity Regulatory Commission in O.P. 85 of 2021 (the “**Impugned Order**”). Beta Wind Farm Private Limited, in its appeal has prayed the Appellate Tribunal For Electricity to pass an order (i) allowing the appeal and set aside the Impugned Order to the extent challenged in the appeal; and (ii) direct APDISCOM to pay a sum of ₹ 593.04 lakhs together with interest in accordance with Article 5.2 of the PPA, computed from the date when the amounts became due till such time the payment is made. The total due receivable by Wind Farm Private Limited, in is ₹ 902 lakhs. The appeal is presently pending.

## SECTION VII – ISSUE INFORMATION

### TERMS OF THE ISSUE

*This Section applies to all Investors. ASBA Investors should note that the ASBA process involves procedures that may be different from that applicable to other Investors and should carefully read the provisions applicable to such Applications, in this Letter of Offer, the Abridged Letter of Offer, the Application Form and the Rights Entitlement Letter, before submitting an Application Form. Our Company and the Lead Managers are not liable for any amendments, modifications or changes in applicable law which may occur after the date of the Letter of Offer. Investors who are eligible to apply under the ASBA process, are advised to make their independent investigations and to ensure that the Application Form and the Rights Entitlement Letter is correctly filled up.*

*Please note that in accordance with the provisions of the SEBI Master Circular, all investors (including renounee) shall make an application for a rights issue only through ASBA facility.*

*The Rights Equity Shares proposed to be issued on a rights basis, are subject to the terms and conditions contained in this Letter of Offer, the Abridged Letter of Offer, including the Application Form and the Rights Entitlement Letter, the MOA and AOA of our Company, the provisions of the Companies Act, the terms and conditions as may be incorporated in the FEMA, applicable guidelines and regulations issued by SEBI or other statutory authorities and bodies from time to time, the SEBI Listing Regulations, terms and conditions as stipulated in the allotment advice or security certificate and rules as may be applicable and introduced from time to time.*

### OVERVIEW

The Issue and the Rights Equity Shares proposed to be issued on a rights basis, are subject to the terms and conditions contained in this Letter of Offer, the Abridged Letter of Offer, the Application Form and the Rights Entitlement Letter, the Memorandum of Association and the Articles of Association, the provisions of Companies Act, FEMA, the SEBI ICDR Regulations, the SEBI Listing Regulations and the guidelines, notifications and regulations issued by SEBI, the Government of India and other statutory and regulatory authorities from time to time, approvals, if any, from the SEBI, the RBI or other regulatory authorities, the terms of Listing Agreements entered into by our Company with the Stock Exchanges and terms and conditions as stipulated in the Allotment Advice.

#### **Important:**

#### *1) Dispatch and availability of Issue materials:*

In accordance with the SEBI ICDR Regulations, our Company will at least three days before the Issue Opening Date, dispatch the Abridged Letter of Offer, the Rights Entitlement Letter, Application Form and other issue material, only to the Eligible Equity Shareholders who have provided an Indian address to our Company and who are located in jurisdictions where the offer and sale of the Rights Entitlement or Rights Equity Shares is permitted under laws of such jurisdiction and does not result in and may not be construed as, a public offering in such jurisdictions. In case the Eligible Equity Shareholders have provided their valid e-mail address, the Issue Materials will be sent only to their valid e-mail address and in case the Eligible Equity Shareholders have not provided their e-mail address, then the Issue Materials will be dispatched, on a reasonable effort basis, to the Indian addresses provided by them.

Further, the Letter of Offer will be sent/ dispatched to the Eligible Equity Shareholders who have provided Indian address and who have made a request in this regard. In case such Eligible Equity Shareholders have provided their valid e-mail address, the Letter of Offer will be sent only to their valid e-mail address and in case such Eligible Equity Shareholders have not provided their e-mail address, then the Letter of Offer will be dispatched, on a reasonable effort basis, to the Indian addresses provided by them.

Investors can also access the Letter of Offer, the Abridged Letter of Offer and the Application Form (provided that the Eligible Equity Shareholder is eligible to subscribe for the Rights Equity Shares under applicable securities laws) on the websites of:

- a) Our Company at [www.orientgreenpower.com](http://www.orientgreenpower.com);
- b) the Registrar to the Issue at <https://rights.cameoindia.com/ogpl>;

- c) the Lead Managers at [www.gyrcapitaladvisors.com](http://www.gyrcapitaladvisors.com) and [www.saffronadvisor.com](http://www.saffronadvisor.com); and
- d) the Stock Exchanges at [www.bseindia.com](http://www.bseindia.com) and [www.nseindia.com](http://www.nseindia.com).

Eligible Equity Shareholders can obtain the details of their respective Rights Entitlements from the website of the Registrar at <https://rights.cameoindia.com/ogpl> by entering their DP ID and Client ID or Folio Number (in case of Eligible Equity Shareholders holding Equity Shares in physical form). The link for the same shall also be available on the website of our Company (i.e., [orientgreenpower.com](http://orientgreenpower.com)).

Our Company, Lead Managers and the Registrar will not be liable for non-dispatch of physical copies of Issue materials, including the Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter and the Application Form. Resident Eligible Shareholders, who are holding Equity Shares in physical form as on the Record Date, can obtain details of their respective Rights Entitlements from the website of the Registrar by entering their Folio Number.

2) *Credit of Rights Entitlements in demat accounts of Eligible Equity Shareholders:*

In accordance with Regulation 77A of the SEBI ICDR Regulations read with the SEBI Master Circular, the credit of Rights Entitlements and Allotment of Rights Equity Shares shall be made in dematerialized form only. Prior to the Issue Opening Date, our Company shall credit the Rights Entitlements to (i) the demat accounts of the Resident Eligible Equity Shareholders holding the Equity Shares in dematerialised form; and (ii) a demat suspense escrow account (namely, “OGPL Rights issue – Suspense Escrow Demat Account”) opened by our Company, for the Resident Eligible Equity Shareholders which would comprise Rights Entitlements relating to (a) Equity Shares held in a demat suspense account pursuant to Regulation 39 of the SEBI Listing Regulations; or (b) Equity Shares held in the account of IEPF authority; or (c) the demat accounts of the Resident Eligible Equity Shareholder which are frozen or details of which are unavailable with our Company or with the Registrar on the Record Date; or (d) credit of the Rights Entitlements returned/reversed/failed; or (e) the ownership of the Equity Shares currently under dispute, including any court proceedings.

Resident Eligible Equity Shareholders holding Equity Shares in physical form as on the Record Date i.e. Friday, August 18, 2023 are requested to provide relevant details (such as copies of self-attested PAN and details of address proof by way of uploading on Registrar website the records confirming the legal and beneficial ownership of their respective Equity Shares) not later than two Working Days prior to the Issue Closing Date i.e. **Wednesday, September 13, 2023** in order to be eligible to apply for this Issue. Such Resident Eligible Equity Shareholders are also requested to ensure that their demat account, details of which have been provided to the Company or the Registrar account is active to facilitate the aforementioned transfer.

In accordance with the SEBI Master Circular, the Resident Eligible Equity Shareholders, who hold Equity Shares in physical form as on Record Date and who have not furnished the details of their demat account to the Registrar or our Company at least two Working Days prior to the Issue Closing Date i.e. **Wednesday, September 13, 2023**, shall not be eligible to make an Application for Rights Equity Shares against their Rights Entitlements with respect to the equity shares held in physical form.

3) *Application by Resident Eligible Equity Shareholders holding Equity Shares in physical form:*

Please note that in accordance with Regulation 77A of the SEBI ICDR Regulations read with the SEBI Master Circular, the credit of Rights Entitlements and Allotment of Equity Shares shall be made in dematerialised form only. Accordingly, Eligible Equity Shareholders holding Equity Shares in physical form as on Record Date and desirous of subscribing to Equity Shares in this Issue are advised to furnish the details of their demat account to the Registrar or our Company at least two Working Days prior to the Issue Closing Date, to enable the credit of their Rights Entitlements in their respective demat accounts at least one day before the Issue Closing Date.

Such resident Eligible Equity Shareholders must check the procedure for Application by and credit of Rights Equity Shares in “*Procedure for Application by Resident Eligible Equity Shareholders holding Equity Shares in physical form*” on page 263.

4) *Application for Additional Equity Shares*

Investors are eligible to apply for additional Equity Shares over and above their Rights Entitlements, provided that they are eligible to apply for Equity Shares under applicable law and they have applied for all the Equity

Shares forming part of their Rights Entitlements without renouncing them in whole or in part. Where the number of additional Equity Shares applied for exceeds the number available for Allotment, the Allotment would be made as per the Basis of Allotment finalised in consultation with the Designated Stock Exchange. Applications for additional Equity Shares shall be considered and Allotment shall be made in accordance with the SEBI ICDR Regulations and in the manner as set out in “*Basis of Allotment*” beginning on page 270.

**Eligible Equity Shareholders who renounce their Rights Entitlements cannot apply for additional Equity Shares.** Non-resident Renounees who are not Eligible Equity Shareholders cannot apply for additional Equity Shares.

- 5) Investors to kindly note that after purchasing the Rights Entitlements through On Market Renunciation / Off Market Renunciation, an Application has to be made for subscribing to the Rights Equity Shares. If no such Application is made by the renounee on or before Issue Closing Date, then such Rights Entitlements will get lapsed and shall be extinguished after the Issue Closing Date and no Rights Equity Shares for such lapsed Rights Entitlements will be credited. For procedure of Application by shareholders who have purchased the Right Entitlement through On Market Renunciation / Off Market Renunciation, please refer to the heading titled “*Procedure for Application through the ASBA process*” on page 257 of this Letter of Offer.
- 6) *Important instructions while applying for Rights Equity Shares*

Investors should note that Rights Entitlements which are neither subscribed nor renounced on or before the Issue Closing Date shall lapse and shall be extinguished after the Issue Closing Date. Further, if no Application is made by the purchaser of Rights Entitlements on or before the Issue Closing Date then such Rights Entitlements will get lapsed and shall be extinguished after the Issue Closing Date. No Equity Shares against such lapsed Rights Entitlements will be credited, even if such Rights Entitlements were purchased from market and purchaser will lose the premium paid to acquire such Rights Entitlements.

Therefore, after purchase of Rights Entitlements, an Investor shall be required to make an Application in the Issue and apply for Rights Equity Shares offered in this Issue, in order to subscribe to the Rights Equity Shares offered in this Issue.

## **Renounees**

All rights or obligations of the Eligible Equity Shareholders in relation to Applications and refunds relating to the Issue shall, unless otherwise specified, apply to the Renounee(s) as well.

## **Authority for the Issue**

The Board of Directors in its meeting dated April 19, 2022 has authorised this Issue under Section 62(1)(a) of the Companies Act, 2013.

The Rights Issue Committee of the Board of Directors has, at its meeting held on August 10, 2023, determined the Issue Price as ₹ 10/- per Rights Equity Share in consultation with the Lead Managers, and the Rights Entitlement as nineteen (19) Rights Equity Shares for every sixty-two (62) Equity Shares held on the Record Date, being, Friday, August 18, 2023. The Issue Price has been arrived at in consultation with the Lead Managers.

Our Company has received in-principle approval from BSE and NSE in accordance with Regulation 28 of the SEBI Listing Regulations for listing of the Rights Equity Shares to be Allotted in the Issue pursuant to letters dated September 21, 2022 and September 19, 2022, respectively.

### **Basis for the Issue**

The Rights Equity Shares are being offered for subscription for cash to the Eligible Equity Shareholders whose names appear as beneficial owners as per the list to be furnished by the Depositories in respect of the Equity Shares held dematerialized form and on the register of members of our Company in respect of the Equity Shares held in physical form at the close of business hours on the Record Date, decided in consultation with the Designated Stock Exchange, but excludes persons not eligible under the applicable laws, rules, regulations and guidelines.

### **Rights Entitlement (“REs”) (Rights Equity Shares)**

Eligible Equity Shareholders whose names appear as a beneficial owner in respect of the Equity Shares held in dematerialized form or appear in the register of members as an Equity Shareholder of our Company in respect of the Equity Shares held in physical form as on the Record Date, i.e., **Friday, August 18, 2023**, are entitled to the number of Rights Equity Shares as set out in the Application Form.

Eligible Equity Shareholders can also obtain the details of their respective Rights Entitlements from the website of the Registrar to the Issue (<https://rights.cameoindia.com/ogpl>) by entering their DP ID and Client ID or Folio Number (in case of Eligible Equity Shareholders holding Equity Shares in physical form). The link for the same shall also be available on the website of our Company ([www.orientgreenpower.com](http://www.orientgreenpower.com)).

Rights Entitlements shall be credited to the respective demat accounts of Eligible Equity Shareholders before the Issue Opening Date only in dematerialised form. If the Eligible Equity Shareholders holding Equity Shares in physical form as on Record Date, have not provided the details of their demat accounts to our Company or to the Registrar, shall not be eligible to make an Application for Rights Equity Shares against their Rights Entitlements with respect to the equity shares held in physical form. Such Eligible Equity Shareholders can make an Application only after the Rights Entitlements is credited to their respective demat accounts, except in case of resident Eligible Equity Shareholders holding Equity Shares in physical form as on Record Date.

Our Company is undertaking this Issue on a rights basis to the Eligible Equity Shareholders and will send the Abridged Letter of Offer, the Rights Entitlement Letter and the Application Form to the Applicants who have provided an Indian address to our Company and who are located in jurisdictions where the offer and sale of the Rights Entitlement or Rights Equity Shares is permitted under laws of such jurisdiction and does not result in and may not be construed as, a public offering in such jurisdictions. In case the Eligible Equity Shareholders have provided their valid e-mail address, the Issue Materials will be sent only to their valid e-mail address and in case the Eligible Equity Shareholders have not provided their e-mail address, then the Issue Materials will be dispatched, on a reasonable effort basis, to the Indian addresses provided by them.

Further, the Letter of Offer will be sent/ dispatched to the Eligible Equity Shareholders who have provided Indian address and who have made a request in this regard. In case such Eligible Equity Shareholders have provided their valid e-mail address, the Letter of Offer will be sent only to their valid e-mail address and in case such Eligible Equity Shareholders have not provided their e-mail address, then the Letter of Offer will be dispatched, on a reasonable effort basis, to the Indian addresses provided by them.

The Letter of Offer, the Abridged Letter of Offer and the Application Form may also be accessed on the websites of the Registrar, our Company and the Lead Managers through a link contained in the aforementioned email sent to email addresses of Eligible Equity Shareholders (provided that the Eligible Equity Shareholder is eligible to subscribe for the Rights Equity Shares under applicable securities laws) and on the Stock Exchanges’ websites. The distribution of the Letter of Offer, Abridged Letter of Offer, the Rights Entitlement Letter and the issue of Rights Equity Shares on a rights basis to persons in certain jurisdictions outside India is restricted by legal requirements prevailing in those jurisdictions. No action has been, or will be, taken to permit this Issue in any jurisdiction where action would be required for that purpose, except that the Letter of Offer will be filed with SEBI and the Stock Exchanges. Accordingly, the Rights Entitlements and Rights Equity Shares may not be offered or sold, directly or indirectly, and the Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter, the Application Form or any Issue related materials or advertisements in connection with this Issue may not be

distributed, in any jurisdiction, except in accordance with legal requirements applicable in such jurisdiction. Receipt of the Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter or the Application Form (including by way of electronic means) will not constitute an offer in those jurisdictions in which it would be illegal to make such an offer and, in those circumstances, the Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter or the Application Form must be treated as sent for information only and should not be acted upon for making an Application and should not be copied or re-distributed. Accordingly, persons receiving a copy of the Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter or the Application Form should not, in connection with the issue of the Rights Equity Shares or the Rights Entitlements, distribute or send the Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter or the Application Form in or into any jurisdiction where to do so, would, or might, contravene local securities laws or regulations. If the Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter or the Application Form is received by any person in any such jurisdiction, or by their agent or nominee, they must not seek to make an Application or acquire the Rights Entitlements referred to in the Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter or the Application Form. Any person who acquires Rights Entitlements or makes an Application will be deemed to have declared, warranted and agreed, by accepting the delivery of the Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter and the Application Form, that it is entitled to subscribe for the Rights Equity Shares under the laws of any jurisdiction which apply to such person.

Our Company, Lead Managers and the Registrar will not be liable for non-dispatch of physical copies of Issue materials, including the Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter and the Application Form.

## **PRINCIPAL TERMS OF THE RIGHTS EQUITY SHARES ISSUED UNDER THIS ISSUE**

### **Face Value**

Each Rights Equity Share will have the face value of ₹ 10.

### **Issue Price**

Each Rights Equity Share is being offered at a price of ₹ 10/- per Rights Equity Share (including a premium of NIL per Rights Equity Share) in the Issue. The Issue Price has been arrived at by our Company in consultation with the Lead Managers prior to the determination of the Record Date.

The Rights Equity Shares issued in this Issue will be fully paid-up. The Issue Price and other relevant conditions are in accordance with Regulation 10(4) of the SEBI Takeover Regulations.

The Rights Issue Committee at its meeting held on August 10, 2023, has determined the Issue Price, in consultation with the Lead Managers.

### **Rights Entitlement Ratio**

The Rights Equity Shares are being offered on a rights basis to the Eligible Equity Shareholders in the ratio of nineteen (19) Rights Equity Shares for every sixty-two (62) Equity Share(s) held on the Record Date, being Friday, August 18, 2023.

### **Rights of instrument holder**

Each Rights Equity Share shall rank pari passu with the existing Equity Shares of the Company.

### **Terms of Payment**

The entire amount of the Issue Price of ₹ 10/- per Rights Equity Share shall be payable at the time of Application.

### **Fractional Entitlements**

The Rights Equity Shares are being offered on a rights basis to Eligible Equity Shareholders in the ratio of nineteen (19) Rights Equity Shares for every sixty-two (62) Equity Shares held on the Record Date. For Rights Equity Shares being offered on a rights basis under the Issue, if the shareholding of any of the Eligible Equity

Shareholders is less than three (03) Equity Shares or the Rights Entitlement calculated is not in the multiple of one (01), the fractional entitlement of such Eligible Equity Shareholders shall be ignored in the computation of the Rights Entitlement. However, the Eligible Equity Shareholders whose fractional entitlements are being ignored as above will be given preferential consideration for the Allotment of one Additional Rights Equity Share each if they apply for Additional Rights Equity Shares over and above their Rights Entitlement.

For example, if an Eligible Equity Shareholder holds four (04) Equity Shares, such Shareholder will be entitled to one (01) Rights Equity Shares on a rights basis and will also be given a preferential consideration for the Allotment of one Additional Rights Equity Share if the Shareholder has applied for additional Rights Equity Shares.

Also, those Equity Shareholders holding less than three (03) Equity Shares and therefore entitled to 'Zero' Rights Equity Share under this Issue shall be dispatched an Application Form with 'Zero' entitlement. Such Eligible Equity Shareholders are entitled to apply for Additional Rights Equity Shares and would be given preference in the Allotment of 1 (One) Additional Rights Equity Share, if such Equity Shareholders have applied for the Additional Rights Equity Shares. However, they cannot renounce the same to third parties. **Application Forms with zero entitlement will be non-negotiable/non-renounceable.**

### **Ranking**

The Rights Equity Shares to be issued and allotted pursuant to the Issue shall be subject to the provisions of the Memorandum of Association and the Articles of Association. The Rights Equity Shares to be issued and Allotted pursuant to the Issue shall rank *pari passu* with the existing Equity Shares of our Company, in all respects including dividends.

### **Mode of payment of dividend**

In the event of declaration of dividend, our Company shall pay dividend to the Eligible Equity Shareholders as per the provisions of the Companies Act and the provisions of the Articles of Association.

### **Listing and trading of the Rights Equity Shares to be issued pursuant to the Issue**

The existing Equity Shares of our Company are listed and traded under the ISIN: INE999K01014 on BSE (Scrip Code: 533263) and on NSE (Symbol: GREENPOWER). The Rights Equity Shares proposed to be issued on a rights basis shall be listed and admitted for trading on BSE and NSE subject to necessary approvals. As per the SEBI Master Circular, the Rights Entitlements with a separate ISIN would be credited to the demat account of the respective Eligible Equity Shareholders before the issue opening date. On the Issue Closing date the depositories will suspend the ISIN of REs for transfer and once the allotment is done post the basis of allotment approved by the designated stock exchange, the separate ISIN no. INE999K20014 for REs so obtained will be permanently deactivated from the depository system. Investors shall be able to trade their Rights Entitlements either through On Market Renunciation or through Off Market Renunciation. The trades through On Market Renunciation and Off Market Renunciation will be settled by transferring the Rights Entitlements through the depository mechanism.

The Rights Equity Shares proposed to be issued on a rights basis shall be listed and admitted for trading on BSE and NSE subject to necessary approvals. Our Company has received in-principle approval from BSE and NSE through letters no. DCS/RIGHT/JR/FIP/2597/2022-23 and NSE/LIST/32441 dated September 21, 2022 and September 19, 2022, respectively. All steps for completion of necessary formalities for listing and commencement of trading in the equity shares will be taken within 7 working days from the finalisation of the Basis of Allotment. Our Company will apply to BSE and NSE for final approval for the listing and trading of the Rights Equity Shares subsequent to their Allotment. No assurance can be given regarding the active or sustained trading in the Rights Equity Shares or the price at which the Rights Equity Shares offered under the Issue will trade after the listing thereof.

Upon receipt of such listing and trading approval, the Rights Equity Shares proposed to be issued pursuant to the Issue shall be debited from such temporary ISIN and credited in the existing ISIN and thereafter be available for trading under the existing ISIN as fully paid-up Equity Shares of our Company. The temporary ISIN shall be kept blocked till the receipt of final listing and trading approval from the Stock Exchanges.

The Rights Equity Shares allotted pursuant to the Issue will be listed as soon as practicable and all steps for completion of the necessary formalities for listing and commencement of trading of the Rights Equity Shares shall be taken within the specified time.

If permissions to list, deal in and for an official quotation of the Rights Equity Shares are not granted by BSE, our Company will forthwith repay, without interest, all moneys received from the Applicants in pursuance of the Letter of Offer. If such money is not repaid beyond eight days after our Company becomes liable to repay it, then our Company and every Director who is an officer in default shall, on and from such expiry of eight days, be liable to repay the money, with interest as applicable.

For details of trading and listing of Rights Equity Shares, please refer to the heading “*Terms of Payment*” at page 252 of this Letter of Offer.

### **Subscription to the Issue by our Promoters and Promoter Group**

For details of the intent and extent of the subscription by our Promoters and Promoter Group, see “*Capital Structure – Intention and extent of participation by our Promoters and Promoter Group in the Issue*” on page 82.

### **Compliance with SEBI (ICDR) Regulations**

Our Company shall comply with all requirements of the SEBI (ICDR) Regulations. Our Company shall comply with all disclosure and accounting norms as specified by SEBI from time to time.

### **Rights of holders of Equity Shares**

Subject to applicable laws, the Equity Shareholders shall have the following rights:

- The right to receive dividend, if declared;
- The right to vote in person, or by proxy;
- The right to receive offers for rights shares and be allotted bonus shares, if announced;
- The right to receive surplus on liquidation;
- The right of free transferability of Equity Shares;
- The right to attend general meetings and exercise voting powers in accordance with law, unless prohibited by law; and
- Such other rights as may be available to a shareholder of a listed public company under the Companies Act, the Memorandum of Association and the Articles of Association

### **General terms of the Issue**

#### **Market Lot**

The Equity Shares of our Company are tradable only in dematerialized form. The market lot for Equity Shares in dematerialized mode is one Equity Share.

#### **Joint Holders**

Where two or more persons are registered as the holders of any Equity Shares, they shall be deemed to hold such Equity Share as the joint holders with the benefit of survivorship subject to the provisions contained in the Articles of Association. Application Forms would be required to be signed by all the joint holders to be considered valid.

#### **Nomination**

Nomination facility is available in respect of the Rights Equity Shares in accordance with the provisions of the Section 72 of the Companies Act read with Rule 19 of the Companies (Share Capital and Debenture) Rules, 2014. An Investor can nominate any person by filling the relevant details in the Application Form in the space provided for this purpose.

**Since the Allotment of Rights Equity Shares is in dematerialized form only, there is no need to make a separate nomination for the Rights Equity Shares to be Allotted in the Issue. Nominations registered with**

**respective Depository Participant of the Investor would prevail. Any Investor desirous of changing the existing nomination is requested to inform its respective Depository Participant.**

#### **Arrangements for Disposal of Odd Lots**

Our Equity Shares are traded in dematerialized form only and therefore the marketable lot is one Equity Share and hence, no arrangements for disposal of odd lots are required.

#### **New Financial Instruments**

There are no new financial instruments like deep discount bonds, debentures with warrants, secured premium notes etc. issued by our Company.

#### **Restrictions on transfer and transmission of shares and on their consolidation/splitting**

There are no restrictions on transfer and transmission and on their consolidation/splitting of shares issued pursuant to this Issue.

However, the Investors should note that pursuant to provisions of the SEBI Listing Regulations, with effect from April 1, 2019, except in case of transmission or transposition of securities, the request for transfer of securities shall not effected unless the securities are held in the dematerialized form with a depository

#### **Notices**

Please note that on the Issue Closing Date, Applications through ASBA process will be uploaded until 5.00 p.m. (Indian Standard Time) or such extended time as permitted by the Stock Exchanges.

Applications submitted to anyone other than the Designated Branches of the SCSB are liable to be rejected.

Investors can also make Application on plain paper under ASBA process mentioning all necessary details as mentioned under the section "*Application on Plain Paper under ASBA process*" on page 260.

### **Additional Rights Equity Shares**

Investors are eligible to apply for additional Rights Equity Shares over and above their Rights Entitlements, provided that they are eligible to apply for Rights Equity Shares under applicable law and they have applied for all the Rights Equity Shares forming part of their Rights Entitlements without renouncing them in whole or in part. Applications for additional Rights Equity Shares shall be considered and allotment shall be made at the sole discretion of the Board, subject to applicable sectoral caps, and in consultation if necessary with the Designated Stock Exchange and in the manner prescribed under the section titled "*Terms of the Issue*" on page 248. Applications for additional Rights Equity Shares shall be considered and Allotment shall be made in accordance with the SEBI ICDR Regulations and in the manner prescribed under the section "*Basis of Allotment*" on page 270.

Eligible Equity Shareholders who renounce their Rights Entitlements cannot apply for additional Rights Equity Shares.

### **Applications by Overseas Corporate Bodies**

By virtue of the Circular No. 14 dated September 16, 2003, issued by the RBI, Overseas Corporate Bodies ("**OCBs**"), have been derecognized as an eligible class of investors and the RBI has subsequently issued the Foreign Exchange Management (Withdrawal of General Permission to OCBs) Regulations, 2003.

Accordingly, the existing Eligible Equity Shareholders of our Company who do not wish to subscribe to the Rights Equity Shares being offered but wish to renounce the same in favour of Renounee shall not be able to renounce the same (whether for consideration or otherwise), in favour of OCB(s). The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003, that OCBs which are incorporated and are not and were not at any time subject to any adverse notice from the RBI, are permitted to undertake fresh investments as incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000, under the foreign direct investment scheme with the prior approval of Government of India if the investment is through the government approval route and with the prior approval of RBI if the investment is through automatic route on case by case basis. Eligible Equity Shareholders renouncing their rights in favour of such OCBs may do so provided such Renounee obtains a prior approval from the RBI. On submission of such RBI approval to our Company at our Registered Office, the OCB shall receive the Abridged Letter of Offer and the Application Form.

### **Procedure for Renunciation of Rights Entitlements**

The Investors may renounce the Rights Entitlements, credited to their respective demat accounts, either in full or in part (a) by using the secondary market platform of the Stock Exchanges; or (b) through an off - market transfer, during the Renunciation Period. The Investors should have the demat Rights Entitlements credited/lying in his/her own demat account prior to the renunciation.

In accordance with the SEBI Master Circular, the resident Eligible Equity Shareholders, who hold Equity Shares

in physical form as on Record Date shall be required to provide their demat account details to our Company or the Registrar to the Issue for credit of REs not later than two working days prior to issue closing date i.e. **Wednesday, September 13, 2023**, such that credit of REs in their demat account takes place at least one day before issue closing date i.e. **Thursday, September 14, 2023**, thereby enabling them to renounce their Rights Entitlements through Off Market Renunciation.

Investors may be subject to adverse foreign, state or local tax or legal consequences as a result of trading in the Rights Entitlements. Investors who intend to trade in the Rights Entitlements should consult their tax advisor or stock broker regarding any cost, applicable taxes, charges and expenses (including brokerage) that may be levied for trading in Rights Entitlements. The Lead Managers and our Company accept no responsibility to bear or pay any cost, applicable taxes, charges and expenses (including brokerage), and such costs will be incurred solely by the Investors.

**(a) On Market Renunciation**

The Investors may renounce the Rights Entitlements, credited to their respective demat accounts by trading/selling them on the secondary market platform of the Stock Exchanges through a registered stock broker in the same manner as the existing Equity Shares of our Company.

In this regard, in terms of provisions of the SEBI ICDR Regulations and the SEBI Master Circular, the Rights Entitlements credited to the respective demat accounts of the Eligible Equity Shareholders shall be admitted for trading on the Stock Exchanges under ISIN INE999K20014 subject to requisite approvals. The details for trading in Rights Entitlements will be as specified by the Stock Exchanges from time to time. The Rights Entitlements are tradable in dematerialized form only. The market lot for trading of Rights Entitlements is 1 (one) Rights Entitlements.

The On Market Renunciation shall take place only during the Renunciation Period for On Market Renunciation, i.e., **Monday, August 28, 2023 to Monday, September 11, 2023 (both days inclusive)**. The Investors holding the Rights Entitlements who desire to sell their Rights Entitlements will have to do so through their registered stock brokers by quoting the ISIN INE999K20014 and indicating the details of the Rights Entitlements they intend to sell. The Investors can place order for sale of Rights Entitlements only to the extent of Rights Entitlements available in their demat account.

The On Market Renunciation shall take place electronically on secondary market platform of BSE and NSE under automatic order matching mechanism and on 'T+1 rolling settlement basis', where 'T' refers to the date of trading. The transactions will be settled on trade-for-trade basis. Upon execution of the order, the stock broker will issue a contract note in accordance with the requirements of the Stock Exchanges and the SEBI.

**(b) Off Market Renunciation**

The Investors may renounce the Rights Entitlements, credited to their respective demat accounts by way of an off-market transfer through a depository participant. The Rights Entitlements can be transferred in dematerialised form only. Eligible Equity Shareholders are requested to ensure that renunciation through off-market transfer is completed in such a manner that the Rights Entitlements are credited to the demat account of the Renounees on or prior to the Issue Closing Date.

The Investors holding the Rights Entitlements who desire to transfer their Rights Entitlements will have to do so through their depository participant by issuing a delivery instruction slip quoting the ISIN INE999K20014, the details of the buyer and the details of the Rights Entitlements they intend to transfer. The buyer of the Rights Entitlements (unless already having given a standing receipt instruction) has to issue a receipt instruction slip to their depository participant. The Investors can transfer Rights Entitlements only to the extent of Rights Entitlements available in their demat account.

The instructions for transfer of Rights Entitlements can be issued during the working hours of the depository participants. The detailed rules for transfer of Rights Entitlements through off-market transfer shall be as specified by the NSDL and CDSL from time to time.

The renunciation from non-resident Eligible Equity Shareholder(s) to resident Indian(s) and vice versa shall be subject to provisions of FEMA Rules and other circular, directions, or guidelines issued by RBI or the Ministry

of Finance from time to time. However, the facility of renunciation shall not be available to or operate in favour of an Eligible Equity Shareholders being an erstwhile OCB unless the same is in compliance with the FEMA Rules and other circular, directions, or guidelines issued by RBI or the Ministry of Finance from time to time.

**Please note that the Rights Entitlements which are neither renounced nor subscribed by the Investors on or before the Issue Closing Date shall lapse and shall be extinguished after the Issue Closing Date.**

*“I/We understand that neither the Rights Entitlement nor the Rights Equity Shares have been, and will be, registered under the United States Securities Act of 1933, as amended (“**US Securities Act**”) or any United States state securities laws, and may not be offered, sold, resold or otherwise transferred within the United States or to the territories or possessions thereof (“**United States**”) or to, or for the account or benefit of a United States person as defined in the Regulation S of the US Securities Act (“**Regulation S**”). I/ we understand the Rights Equity Shares referred to in this application are being offered in India but not in the United States. I/ we*

*understand the offering to which this application relates is not, and under no circumstances is to be construed as, an offering of any Rights Equity Shares or Rights Entitlement for sale in the United States, or as a solicitation therein of an offer to buy any of the said Rights Equity Shares or Rights Entitlement in the United States. Accordingly, I/ we understand this application should not be forwarded to or transmitted in or to the United States at any time. I/ we confirm that I/ we are not in the United States and understand that neither us, nor the Registrar, the Lead Managers or any other person acting on behalf of us will accept subscriptions from any person, or the agent of any person, who appears to be, or who we, the Registrar, the Lead Managers or any other person acting on behalf of us have reason to believe is a resident of the United States "U.S. Person" (as defined in Regulation S) or is ineligible to participate in the Issue under the securities laws of their jurisdiction.*

*"I/ We will not offer, sell or otherwise transfer any of the Equity Shares which may be acquired by us in any jurisdiction or under any circumstances in which such offer or sale is not authorized or to any person to whom it is unlawful to make such offer, sale or invitation except under circumstances that will result in compliance with any applicable laws or regulations. We satisfy, and each account for which we are acting satisfies, all suitability standards for investors in investments of the type subscribed for herein imposed by the jurisdiction of our residence.*

*I/ We understand and agree that the Rights Entitlement and Rights Equity Shares may not be reoffered, resold, pledged or otherwise transferred except in an offshore transaction in compliance with Regulation S, or otherwise pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the US Securities Act.*

*I/We (i) am/are, and the person, if any, for whose account I/we am/are acquiring such Rights Entitlement, and/or the Equity Shares, is/are outside the United States or a Qualified Institutional Buyer (as defined in the US Securities Act), and (ii) is/are acquiring the Rights Entitlement and/or the Equity Shares in an offshore transaction meeting the requirements of Regulation S or in a transaction exempt from, or not subject to, the registration requirements of the US Securities Act.*

*I/We acknowledge that the Company, the Lead Managers, their affiliates and others will rely upon the truth and accuracy of the foregoing representations and agreements."*

In cases where multiple Application Forms are submitted for Applications pertaining to Rights Entitlements credited to the same demat account or in demat suspense escrow account, including cases where an Investor submits Application Forms along with a plain paper Application, such Applications shall be liable to be rejected.

Investors are requested to strictly adhere to these instructions. Failure to do so could result in an Application being rejected, with our Company, Lead Managers and the Registrar not having any liability to the Investor. The plain paper Application format will be available on the website of the Registrar at . Our Company, the Lead Managers and the Registrar shall not be responsible if the Applications are not uploaded by SCSB or funds are not blocked in the Investors' ASBA Accounts on or before the Issue Closing Date.

#### **Last date for Application**

The last date for submission of the duly filled in Application Form is Friday, September 15, 2023. Our Board or any committee thereof may extend the said date for such period as it may determine from time to time, subject to the provisions of the Articles of Association, and subject to the Issue Period not exceeding 30 days from the Issue Opening Date.

If the Application together with the amount payable is either (i) not blocked with an SCSB; or (ii) not received by the Bankers to the Issue or the Registrar on or before the close of banking hours on the Issue Closing Date or such date as may be extended by our Board or any committee thereof, the invitation to offer contained in the Letter of Offer shall be deemed to have been declined and our Board or any committee thereof shall be at liberty to dispose of the Equity Shares hereby offered, as provided under "*Terms of the Issue - Basis of Allotment*" on page 270.

#### **Modes of Payment**

All payments against the Application Forms shall be made only through ASBA facility. The Registrar will not accept any payments against the Application Forms, if such payments are not made through ASBA facility.

In case of Application through ASBA facility, the Investor agrees to block the entire amount payable on Application with the submission of the Application Form, by authorizing the SCSB to block an amount, equivalent to the amount payable on Application, in the Investor's ASBA Account.

After verifying that sufficient funds are available in the ASBA Account details of which are provided in the Application Form, the SCSB shall block an amount equivalent to the Application Money mentioned in the Application Form until the Transfer Date. On the Transfer Date, pursuant to the finalization of the Basis of Allotment as approved by the Designated Stock Exchange, the SCSBs shall transfer such amount as per the Registrar's instruction from the ASBA Account into the Allotment Account which shall be a separate bank account maintained by our Company, other than the bank account referred to in sub-section (3) of Section 40 of the Companies Act, 2013. The balance amount remaining after the finalization of the Basis of Allotment on the Transfer Date shall be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the respective SCSB.

The Investors would be required to give instructions to the respective SCSBs to block the entire amount payable on their Application at the time of the submission of the Application Form.

The SCSB may reject the application at the time of acceptance of Application Form if the ASBA Account, details of which have been provided by the Investor in the Application Form does not have sufficient funds equivalent to the amount payable on Application mentioned in the Application Form. Subsequent to the acceptance of the Application by the SCSB, our Company would have a right to reject the Application on technical grounds as set forth hereinafter.

All payments against the Application Forms shall be made only through ASBA facility. The Registrar will not accept any payments against the Application Forms, if such payments are not made through ASBA facility.

#### ***Mode of payment for Resident Investors***

All payments against the Application Forms shall be made only through ASBA facility. The Registrar will not accept any payments against the Application Forms, if such payments are not made through ASBA facility.

#### ***Mode of payment for Non-Resident Investors***

As per Rule 7 of the FEMA Rules, RBI has given general permission to Indian companies to issue Equity Shares to non-resident shareholders including additional Equity Shares. Further, as per the Master Direction on Foreign Investment in India dated January 4, 2018 issued by RBI, non-residents may, amongst other things, (i) subscribe for additional shares over and above their Rights Entitlements; (ii) renounce the shares offered to them either in full or part thereof in favour of a person named by them; or (iii) apply for the shares renounced in their favour. Applications received from NRIs and non-residents for allotment of Equity Shares shall be, amongst other things, subject to the conditions imposed from time to time by RBI under FEMA in the matter of Application, refund of Application Money, Allotment of Equity Shares and issue of Rights Entitlement Letters/ letters of Allotment/Allotment advice. If a non-resident or NRI Investor has specific approval from RBI, in connection with his shareholding in our Company, such person should enclose a copy of such approval with the Application details and send it to the Registrar at [priya@cameoindia.com](mailto:priya@cameoindia.com).

As regards Applications by Non-Resident Investors, the following conditions shall apply:

- Individual non-resident Indian Applicants who are permitted to subscribe to Rights Equity Shares by applicable local securities laws can obtain Application Forms on the websites of the Registrar, our Company or the Lead Managers.

*Note: In case of non-resident Eligible Equity Shareholders, the Abridged Letter of Offer, the Rights Entitlement Letter and the Application Form shall be sent to their email addresses if they have provided their Indian address to our Company or if they are located in certain jurisdictions where the offer and sale of the Rights Equity Shares is permitted under laws of such jurisdictions. The Letter of Offer will be provided, only through email, by the Registrar on behalf of our Company to the Eligible Equity Shareholders who have provided their Indian addresses to our Company or who are located in jurisdictions where the offer and sale of the Rights Equity Shares is permitted under laws of such jurisdictions and in each case who make a request in this regard.*

- Application Forms will not be accepted from non-resident Investors in any jurisdiction where the offer or sale of the Rights Entitlements and Rights Equity Shares may be restricted by applicable securities laws.
- Payment by non-residents must be made only through ASBA facility and using permissible accounts in accordance with FEMA, FEMA Rules and requirements prescribed by the RBI.
- Eligible Non-Resident Equity Shareholders applying on a repatriation basis by using the Non-Resident Forms should authorize their SCSB to block their Non-Resident External (“NRE”) accounts, or Foreign Currency Non-Resident (“FCNR”) Accounts, and Eligible Non-Resident Equity Shareholders applying on a non-repatriation basis by using Resident Forms should authorize their SCSB to block their Non-Resident Ordinary (“NRO”) accounts for the full amount payable, at the time of the submission of the Application Form to the SCSB. Applications received from NRIs and non-residents for allotment of the Rights Equity Shares shall be inter alia, subject to the conditions imposed from time to time by the RBI under the FEMA in the matter of refund of Application Money, allotment of Rights Equity Shares and issue of letter of allotment. If an NR or NRI Investors has specific approval from RBI, in connection with his shareholding, he should enclose a copy of such approval with the Application Form.
- In case where repatriation benefit is available, interest, dividend, sales proceeds derived from the investment in Equity Shares can be remitted outside India, subject to tax, as applicable according to the Income-tax Act. In case Equity Shares are Allotted on a non-repatriation basis, the dividend and sale proceeds of the Equity Shares cannot be remitted outside India. Non-resident Renouncees who are not Eligible Equity Shareholders must submit regulatory approval for applying for additional Equity Shares in the Issue.

#### **Procedure for application by Resident Eligible Equity Shareholders holding Equity Shares in physical form**

Please note that in accordance with Regulation 77A of the SEBI ICDR Regulations read with the SEBI Master Circular, the credit of Rights Entitlements and Allotment of Equity Shares shall be made in dematerialised form only. Accordingly, Eligible Equity Shareholders holding Equity Shares in physical form as on Record Date and desirous of subscribing to Equity Shares in this Issue are advised to furnish the details of their demat account to the Registrar or our Company at least two Working Days prior to the Issue Closing Date i.e. **Wednesday, September 13, 2023**, to enable the credit of their Rights Entitlements in their respective demat accounts at least one day before the Issue Closing Date i.e. **Thursday, September 14, 2023**.

Resident Eligible Equity Shareholders, who hold Equity Shares in physical form as on Record Date and who have opened their demat accounts after the Record Date, shall adhere to following procedure for participating in this Issue:

1. The Eligible Equity Shareholders shall send a letter to the Registrar containing the name(s), address, e-mail address, contact details and the details of their demat account along with copy of self-attested PAN and self-attested client master sheet of their demat account either by e-mail, post, speed post, courier, or hand delivery so as to reach to the Registrar no later than two Working Days prior to the Issue Closing Date. Alternatively the said documents can be uploaded in the online portal of the RTA at <https://rights.cameoindia.com/ogpl>;
2. The Registrar shall, after verifying the details of such demat account, transfer the Rights Entitlements of such Eligible Equity Shareholders to their demat accounts at least one day before the Issue Closing Date;
3. The remaining procedure for Application shall be same as set out in “*Application on Plain Paper under ASBA process*” beginning on page 260.

In accordance with the SEBI Master Circular, the resident Eligible Equity Shareholders, who hold Equity Shares in physical form as on Record Date shall be required to provide their demat account details to our Company or the Registrar to the Issue for credit of REs not later than two working days prior to issue closing date i.e. **Wednesday, September 13, 2023**, such that credit of REs in their demat account takes place at least one day before issue closing date i.e. **Thursday, September 14, 2023**, thereby enabling them to renounce their Rights Entitlements through Off Market Renunciation.

**PLEASE NOTE THAT THE ELIGIBLE EQUITY SHAREHOLDERS, WHO HOLD EQUITY SHARES IN PHYSICAL FORM AS ON RECORD DATE AND WHO HAVE NOT FURNISHED THE DETAILS**

**OF THEIR RESPECTIVE DEMAT ACCOUNTS TO THE REGISTRAR OR OUR COMPANY AT LEAST TWO WORKING DAYS PRIOR TO THE ISSUE CLOSING DATE, SHALL NOT BE ELIGIBLE TO MAKE AN APPLICATION FOR RIGHTS EQUITY SHARES AGAINST THEIR RIGHTS ENTITLEMENTS WITH RESPECT TO THE EQUITY SHARES HELD IN PHYSICAL FORM.**

#### **Allotment of the Rights Equity Shares in Dematerialized Form**

**PLEASE NOTE THAT THE RIGHTS EQUITY SHARES APPLIED FOR IN THIS ISSUE CAN BE ALLOTTED ONLY IN DEMATERIALIZED FORM AND TO THE SAME DEPOSITORY ACCOUNT IN WHICH OUR EQUITY SHARES ARE HELD BY SUCH INVESTOR ON THE RECORD DATE.**

**FOR DETAILS, SEE “ALLOTMENT ADVICES/ REFUND ORDERS” ON PAGE 271.**

#### **General instructions for Investors**

- (a) Please read this Letter of Offer and Application Form carefully to understand the Application process and applicable settlement process.
- (b) In accordance with the SEBI Master Circular, the resident Eligible Equity Shareholders, who hold Equity Shares in physical form as on Record Date and who have not furnished the details of their demat account to the Registrar or our Company at least two Working Days prior to the Issue Closing Date, shall not be eligible to make an Application for Rights Equity Shares against their Rights Entitlements with respect to the equity shares held in physical form.
- (c) Please read the instructions on the Application Form sent to you.
- (d) The Application Form can be used by both the Eligible Equity Shareholders and the Renounees.
- (e) Application should be made only through the ASBA facility.
- (f) Application should be complete in all respects. The Application Form found incomplete with regard to any of the particulars required to be given therein, and/or which are not completed in conformity with the terms of this Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter and the Application Form are liable to be rejected.
- (g) In case of non-receipt of Application Form, Application can be made on plain paper mentioning all necessary details as mentioned under the section “*Application on Plain Paper under ASBA process*” on page 260.
- (h) In accordance with Regulation 76 of the SEBI ICDR Regulations, SEBI Master Circular, all Investors desiring to make an Application in this Issue are mandatorily required to use the ASBA process. Investors should carefully read the provisions applicable to such Applications before making their Application through ASBA.
- (i) An Investor, wishing to participate in this Issue through the ASBA facility, is required to have an ASBA enabled bank account with an SCSB, prior to making the Application.
- (j) Applications should be submitted to the Designated Branch of the SCSB or made online/electronic through the website of the SCSBs (if made available by such SCSB) for authorising such SCSB to block Application Money payable on the Application in their respective ASBA Accounts. Please note that on the Issue Closing Date, Applications through ASBA process will be uploaded until 5.00 p.m. (Indian Standard Time) or such extended time as permitted by the Stock Exchanges.
- (k) Applications should not be submitted to the Bankers to the Issue or Escrow Collection Bank (assuming that such Escrow Collection Bank is not an SCSB), our Company or the Registrar and the Lead Managers.

- (l) In case of Application through ASBA facility, Investors are required to provide necessary details, including details of the ASBA Account, authorization to the SCSB to block an amount equal to the Application Money in the ASBA Account mentioned in the Application Form.
- (m) All Applicants, and in the case of Application in joint names, each of the joint Applicants, should mention their PAN allotted under the Income-tax Act, irrespective of the amount of the Application. Except for Applications on behalf of the Central or the State Government, the residents of Sikkim and the officials appointed by the courts, Applications without PAN will be considered incomplete and are liable to be rejected. With effect from August 16, 2010, the demat accounts for Investors for which PAN details have not been verified shall be “suspended for credit” and no Allotment and credit of Rights Equity Shares pursuant to this Issue shall be made into the accounts of such Investors.
- (n) In case of Application through ASBA facility, all payments will be made only by blocking the amount in the ASBA Account. Cash payment or payment by cheque or demand draft or pay order or NEFT or RTGS or through any other mode is not acceptable for application through ASBA process. In case payment is made in contravention of this, the Application will be deemed invalid and the Application Money will be refunded and no interest will be paid thereon.
- (o) For physical Applications through ASBA at Designated Branches of SCSB, signatures should be either in English or Hindi or in any other language specified in the Eighth Schedule to the Constitution of India. Signatures other than in any such language or thumb impression must be attested by a Notary Public or a Special Executive Magistrate under his/her official seal. The Investors must sign the Application as per the specimen signature recorded with the SCSB.
- (p) In case of joint holders and physical Applications through ASBA process, all joint holders must sign the relevant part of the Application Form in the same order and as per the specimen signature(s) recorded with the SCSB. In case of joint Applicants, reference, if any, will be made in the first Applicant’s name and all communication will be addressed to the first Applicant.
- (q) All communication in connection with Application for the Rights Equity Shares, including any change in address of the Eligible Equity Shareholders should be addressed to the Registrar prior to the date of Allotment in this Issue quoting the name of the first/sole Applicant, Physical folio number and Application Form number, as applicable. In case of any change in address of the Eligible Equity Shareholders, the Eligible Equity Shareholders should send the intimation for such change to the respective depository participant for shares held in electronic form, and to our Company or the Registrar in case of Eligible Equity Shareholders holding Equity Shares in physical form.
- (r) Only persons outside restricted jurisdictions and who are eligible to subscribe for Rights Entitlement and Rights Equity Shares under applicable securities laws are eligible to participate.
- (s) Please note that subject to SCSBs complying with the requirements of SEBI Circular No. CIR/CFD/DIL/13/2012 dated September 25, 2012 within the periods stipulated therein, Applications made through ASBA facility may be submitted at the Designated Branches of the SCSBs. Application through ASBA facility in electronic mode will only be available with such SCSBs who provide such facility.
- (t) In terms of the SEBI circular CIR/CFD/DIL/1/2013 dated January 2, 2013, it is clarified that for making applications by banks on their own account using ASBA facility, SCSBs should have a separate account in own name with any other SEBI registered SCSB(s). Such account shall be used solely for the purpose of making application in public/ rights issues and clear demarcated funds should be available in such account for ASBA applications.
- (u) In case of change of status of holders, *i.e.*, from resident to non-resident, a new demat account must be opened. Any Application from a demat account which does not reflect the accurate status of the Applicant is liable to be rejected at the sole discretion of our Company and the Lead Managers.

*Additional general instructions for Investors in relation to making of an Application*

- (a) Please read the instructions on the Application Form sent to you. Application should be complete in all

respects. The Application Form found incomplete with regard to any of the particulars required to be given therein, and/or which are not completed in conformity with the terms of the Letter of Offer, the Abridged Letter of Offer, the Rights Entitlement Letter and the Application Form are liable to be rejected. The Application Form must be filled in English.

- (b) Ensure that the demographic details such as address, PAN, DP ID, Client ID, bank account details and occupation (“**Demographic Details**”) are updated, true and correct, in all respects. Investors applying under this Issue should note that on the basis of name of the Investors, DP ID and Client ID provided by them in the Application Form or the plain paper Applications, as the case may be, the Registrar will obtain Demographic Details from the Depository. Therefore, Investors applying under this Issue should carefully fill in their Depository Account details in the Application. These Demographic Details would be used for all correspondence with such Investors including mailing of the letters intimating unblocking of bank account of the respective Investor and/or refund. The Demographic Details given by the Investors in the Application Form would not be used for any other purposes by the Registrar. Hence, Investors are advised to update their Demographic Details as provided to their Depository Participants. The Allotment Advice and the e-mail intimating unblocking of ASBA Account or refund (if any) would be e-mailed to the address of the Investor as per the e-mail address provided to our Company or the Registrar or Demographic Details received from the Depositories. The Registrar will give instructions to the SCSBs for unblocking funds in the ASBA Account to the extent Equity Shares are not Allotted to such Investor. Please note that any such delay shall be at the sole risk of the Investors and none of our Company, the SCSBs, Registrar or the Lead Managers shall be liable to compensate the Investor for any losses caused due to any such delay or be liable to pay any interest for such delay. In case no corresponding record is available with the Depositories that match three parameters, (a) names of the Investors (including the order of names of joint holders), (b) DP ID, and (c) Client ID, then such Application Forms are liable to be rejected.
- (c) By signing the Application Forms, Investors would be deemed to have authorised the Depositories to provide, upon request, to the Registrar, the required Demographic Details as available on its records.
- (d) Investors are required to ensure that the number of Equity Shares applied for by them do not exceed the prescribed limits under the applicable law.
- (e) Do not apply if you are ineligible to participate in this Issue under the securities laws applicable to your jurisdiction.
- (f) Do not submit the GIR number instead of the PAN as the application is liable to be rejected on this ground.
- (g) Avoid applying on the Issue Closing Date due to risk of delay/ restrictions in making any physical Application.
- (h) Do not pay the Application Money in cash, by money order, pay order or postal order.
- (i) Do not submit multiple Applications.
- (j) No investment under the FDI route (i.e any investment which would result in the investor holding 10% or more of the fully diluted paid-up equity share capital of the Company or any FDI investment for which an approval from the government was taken in the past) will be allowed in the Issue unless such application is accompanied with necessary approval or covered under a pre-existing approval from the government. It will be the sole responsibility of the investors to ensure that the necessary approval or the pre-existing approval from the government is valid in order to make any investment in the Issue. The Lead Managers and our Company will not be responsible for any allotments made by relying on such approvals.
- (k) An Applicant being an OCB is required not to be under the adverse notice of RBI and in order to apply for this issue as a incorporated non-resident must do so in accordance with the FDI Circular 2020 and Foreign Exchange Management (Non-Debt Instrument) Rules, 2019.

**Do’s:**

- (m) Physical Application Forms not duly signed by the sole or joint Investors, as applicable.
- (n) Application Forms accompanied by stock invest, outstation cheques, post-dated cheques, money order, postal order or outstation demand drafts.

- (o) If an Investor is (a) debarred by SEBI; or (b) if SEBI has revoked the order or has provided any interim relief then failure to attach a copy of such SEBI order allowing the Investor to subscribe to their Rights Entitlements.
- (p) Applications which: (i) appears to our Company or its agents to have been executed in, electronically transmitted from or dispatched from the United States (other than from persons in the United States who are U.S. QIBs and QPs) or other jurisdictions where the offer and sale of the Equity Shares is not permitted under laws of such jurisdictions; (ii) does not include the relevant certifications set out in the Application Form, including to the effect that the person submitting and/or renouncing the Application Form is (a) both a U.S. QIB and a QP, if in the United States or a U.S. Person or (b) outside the United States and is a non-U.S. Person, and in each case such person is eligible to subscribe for the Equity Shares under applicable securities laws and is complying with laws of jurisdictions applicable to such person in connection with this Issue; and our Company shall not be bound to issue or allot any Equity Shares in respect of any such Application Form.
- (q) Applications which have evidence of being executed or made in contravention of applicable securities laws.
- (r) Application from Investors that are residing in U.S. address as per the depository records (other than from persons in the United States who are U.S. QIBs and QPs).

IT IS MANDATORY FOR ALL THE INVESTORS APPLYING UNDER THIS ISSUE TO APPLY THROUGH THE ASBA PROCESS, TO RECEIVE THEIR RIGHTS EQUITY SHARES IN DEMATERIALIZED FORM AND TO THE SAME DEPOSITORY ACCOUNT/ CORRESPONDING PAN IN WHICH THE EQUITY SHARES ARE HELD BY THE INVESTOR AS ON THE RECORD DATE. ALL INVESTORS APPLYING UNDER THIS ISSUE SHOULD MENTION THEIR DEPOSITORY PARTICIPANT'S NAME, DP ID AND BENEFICIARY ACCOUNT NUMBER/ FOLIO NUMBER IN THE APPLICATION FORM. INVESTORS MUST ENSURE THAT THE NAME GIVEN IN THE APPLICATION FORM IS EXACTLY THE SAME AS THE NAME IN WHICH THE DEPOSITORY ACCOUNT IS HELD. IN CASE THE APPLICATION FORM IS SUBMITTED IN JOINT NAMES, IT SHOULD BE ENSURED THAT THE DEPOSITORY ACCOUNT IS ALSO HELD IN THE SAME JOINT NAMES AND ARE IN THE SAME SEQUENCE IN WHICH THEY APPEAR IN THE APPLICATION FORM OR PLAIN PAPER APPLICATIONS, AS THE CASE MAY BE.

Investors applying under this Issue should note that on the basis of name of the Investors, Depository Participant's name and identification number and beneficiary account number provided by them in the Application Form or the plain paper Applications, as the case may be, the Registrar will obtain Demographic Details from the Depository. Hence, Investors applying under this Issue should carefully fill in their Depository Account details in the Application.

These Demographic Details would be used for all correspondence with such Investors including mailing of the letters intimating unblocking of bank account of the respective Investor and/or refund. The Demographic Details given by the Investors in the Application Form would not be used for any other purposes by the Registrar. Hence, Investors are advised to update their Demographic Details as provided to their Depository Participants. By signing the Application Forms, the Investors would be deemed to have authorised the Depositories to provide, upon request, to the Registrar, the required Demographic Details as available on its records.

The Allotment advice and the email intimating unblocking of ASBA Account or refund (if any) would be emailed to the address of the Investor as per the email address provided to our Company or the Registrar or Demographic Details received from the Depositories. The Registrar will give instructions to the SCSBs for unblocking funds in the ASBA Account to the extent Rights Equity Shares are not Allotted to such Investor. Please note that any such delay shall be at the sole risk of the Investors and none of our Company, the SCSBs, Registrar or the Lead Managers shall be liable to compensate the Investor for any losses caused due to any such delay or be liable to pay any interest for such delay.

In case no corresponding record is available with the Depositories that match three parameters, (a) names of the Investors (including the order of names of joint holders), (b) the DP ID, and (c) the beneficiary account number, then such Application Forms are liable to be rejected.

## Multiple Applications

A separate Application can be made in respect of each scheme of a Mutual Fund registered with the SEBI and such Applications shall not be treated as multiple applications. For details, see “*Investment by Mutual Funds*” below on page 275.

In cases where multiple Applications are submitted, including cases where an Investor submits Application Forms along with a plain paper Application or multiple plain paper Applications, such Applications shall be treated as multiple applications and are liable to be rejected (other than multiple applications submitted by any of the Promoters or members of the Promoter Group as described in *Capital Structure – Intention and extent of participation by our Promoters and Promoter Group in the Issue* ” on page 82).

## Underwriting

This Issue is not underwritten and our Company has not entered into any underwriting arrangement.

## Withdrawal of Application

An Investor who has applied in this Issue may withdraw their Application at any time during Issue Period by approaching the SCSB where application is submitted. However, no Investor, applying through ASBA facility, may withdraw their Application post the Issue Closing Date.

#Eligible Equity Shareholders are requested to ensure that renunciation through off-market transfer is completed in such a manner that the Rights Entitlements are credited to the demat account of the Renouncee(s) on or prior to the Issue Closing Date.

\*\*Investors are advised to ensure that the Application Forms are submitted on or before the Issue Closing Date. Our Company, the Lead Managers and/or the Registrar to the Issue will not be liable for any loss on account of non-submission of Application Forms or on before the Issue Closing Date.

## Basis of Allotment

Subject to the provisions contained in this Letter of Offer, the Abridged Letter of Offer, the Application Form, the Rights Entitlement Letter, the Articles of Association of our Company and the approval of the Designated Stock Exchange, our Board will proceed to allot the Rights Equity Shares in the following order of priority:

- (a) Full Allotment to those Eligible Equity Shareholders who have applied for their Rights Entitlement either in full or in part and also to the Renouncee(s) who has/have applied for Rights Equity Shares renounced in its/their favor, in full or in part.
- (b) As per SEBI Master Circular, the fractional entitlements are to be ignored, therefore those Equity Shareholders holding less than three (03) Equity Shares would be entitled to ‘Zero’ Rights Equity Shares under this Issue, Application Form with ‘Zero’ entitlement will be sent to such shareholders. Such Eligible Equity Shareholders are entitled to apply for Additional Rights Equity Shares and would be given preference in the allotment of 1 (One) Rights Equity Share if, such Equity Shareholders have applied for the Additional Rights Equity Shares, subject to availability of Rights Equity shares post allocation towards Rights Entitlement applied for. Allotment under this head shall be considered if there are any un-subscribed Equity Shares after Allotment under (a) above. If the number of Rights Equity Shares required for Allotment under

this head is more than number of Rights Equity Shares available after Allotment under (a) above, the Allotment would be made on a fair and equitable basis in consultation with the Designated Stock Exchange.

- (c) Allotment to the Eligible Equity Shareholders who have applied for the full extent of their Rights Entitlement and have also applied for Additional Rights Equity Shares shall be made as far as possible on an equitable basis having due regard to the number of Equity Shares held by them on the Record Date, provided there are unsubscribed Rights Equity Shares after making full Allotment under (a) and (b) above. The Allotment of such Equity Shares will be at the sole discretion of our Board in consultation with the Designated Stock Exchange, as a part of the Issue and will not be a preferential allotment.
- (d) Allotment to Renouncees who having applied for all the Rights Equity Shares renounced in their favour and also have applied for Additional Rights Equity Shares provided there is surplus available after making full Allotment under (a), (b) and (c) above. The Allotment of such Rights Equity Shares shall be made on a proportionate basis as part of the Issue and will not be a preferential allotment.
- (e) Allotment to any other person that our Board may deem fit provided there is surplus available after making Allotment under (a), (b), (c) and (d) above, and the decision of our Board in this regard shall be final and binding.
- (f) After taking into account Allotment to be made under (a) to (e) above, if there is any unsubscribed portion, the same shall be deemed to be 'unsubscribed' for the purpose of Regulation 3(1)(b) of the SEBI Takeover Regulations.

Upon approval of the Basis of Allotment by the Designated Stock Exchange, the Registrar shall send to the Designated Branches, a list of the ASBA Investors who have been Allotted Rights Equity Shares in the Issue, along with:

- (a) The amount to be transferred from the ASBA Account to the separate bank account opened by our Company for the Issue, for each successful ASBA Application;
- (b) The date by which the funds referred to above, shall be transferred to the aforesaid bank account; and
- (c) The details of rejected ASBA Applications, if any, to enable the SCSBs to unblock the respective ASBA Accounts.

In the event of over subscription, Allotment shall be made within the overall size of the Issue.

#### **Allotment Advices/Refund Orders**

Our Company will issue and dispatch Allotment advice, refund instructions or demat credit of securities and/or letters of regret, along with crediting the Allotted Rights Equity Shares to the respective beneficiary accounts (only in dematerialised mode) or unblocking the funds in the respective ASBA Accounts, if any, within a period of 15 days from the Issue Closing Date. In case of failure to do so, our Company shall pay interest at 15% p.a. and such other rate as specified under applicable law from the expiry of such 15 days' period.

Investors residing at centers where clearing houses are managed by the RBI will get refunds through National Automated Clearing House ("NACH") except where Investors have not provided the details required to send electronic refunds or where the investors are otherwise disclosed as applicable or eligible to get refunds through direct credit and real-time gross settlement ("RTGS").

In case of those investors who have opted to receive their Rights Entitlement in dematerialized form using electronic credit under the depository system, and the Allotment advice regarding their credit of the Rights Equity Shares shall be sent at the address recorded with the Depository. Investors to whom refunds are made through electronic transfer of funds will be sent a letter through ordinary post or email intimating them about the mode of credit of refund within 15 days of the Issue Closing Date.

**In accordance with the SEBI ICDR Regulations, the option to receive the Rights Equity Shares in physical form was available only for a period of six months from the date of coming into force of the SEBI ICDR Regulations, i.e., until May 10, 2019.**

The letter of allotment or refund order would be sent by registered post, email or speed post to the sole/ first Investor's address or the email address provided by the Eligible Equity Shareholders to our Company. Such refund orders would be payable at par at all places where the Applications were originally accepted. The same would be marked 'Account Payee only' and would be drawn in favor of the sole/ first Investor. Adequate funds would be made available to the Registrar for this purpose.

In the event, our Company fails to obtain listing or trading permission from the Stock Exchanges, we shall refund the entire proceeds of the Issue within four days of receipt of intimation from the Stock Exchanges rejecting the application for listing of Equity Shares, and if any such money is not repaid within four days after our Company becomes liable to repay we shall, on and from the expiry of the fourth day, be liable to repay that money with interest at the rate of fifteen per cent. per annum.

## **Payment of Refund**

### ***Mode of making refunds***

In case of Applicants not eligible to make an application through ASBA process, the payment of refund, if any, including in the event of oversubscription or failure to list or otherwise would be done through any of the following modes:

1. Unblocking amounts blocked using ASBA facility;

**2. National Automated Clearing House ("NACH")** – NACH is a consolidated system of electronic clearing service. Payment of refund would be done through NACH for Applicants having an account at one of the centers specified by the RBI, where such facility has been made available. This would be subject to availability of complete bank account details including MICR code wherever applicable from the depository. The payment of refund through NACH is mandatory for Applicants having a bank account at any of the centers where NACH facility has been made available by the RBI (subject to availability of all information for crediting the refund through NACH including the MICR code as appearing on a cheque leaf, from the Depositories), except where the Applicant is otherwise disclosed as eligible to get refunds through NEFT, Direct Credit or RTGS.

**3. National Electronic Fund Transfer ("NEFT")** – Payment of refund shall be undertaken through NEFT wherever the Investors' bank has been assigned the Indian Financial System Code ("**IFSC Code**"), which can be linked to a MICR, allotted to that particular bank branch. IFSC Code will be obtained from the website of RBI as on a date immediately prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Investors have registered their nine digit MICR number and their bank account number with the Registrar to our Company or with the Depository Participant while opening and operating the demat account, such MICR number and the bank account number will be duly mapped with the IFSC Code of that particular bank branch and the payment of refund will be made to the Investors through this method.

**4. Direct Credit** – Investors having bank accounts with the Bankers to the Issue shall be eligible to receive refunds through direct credit. Charges, if any, levied by the relevant bank(s) for such refund would be borne by our Company.

**5. RTGS** – If the refund amount exceeds ₹ 200,000, Investors have the option to receive refund through RTGS. Such eligible Investors who indicate their preference to receive refund through RTGS are required to provide the IFSC Code in the Application Form. In the event such IFSC Code is not provided, refund shall be made through NACH or any other eligible mode. Charges, if any, levied by the refund bank(s) for such refund would be borne by our Company. Charges, if any, levied by the Investor's bank receiving the credit would be borne by the Investor.

6. For all other Investors, the refund orders will be dispatched through speed post or registered post. Such refunds will be made by cheques, pay orders or demand drafts drawn in favor of the sole/first Investor and payable at par.

7. Credit of refunds to Investors in any other electronic manner, permissible under the banking laws, which are in force, and is permitted by SEBI from time to time.

### ***Refund payment to Non-residents***

The Application Money will be unblocked in the ASBA Account of the non-resident Applicants, details of which were provided in the Application Form.

### **Printing of Bank Particulars on Refund Orders**

As a matter of precaution against possible fraudulent encashment of refund orders due to loss or misplacement, the particulars of the Investor's bank account are mandatorily required to be given for printing on the refund orders. Bank account particulars, where available, will be printed on the refund orders or refund warrants which can then be deposited only in the account specified. Our Company will, in no way, be responsible if any loss occurs through these instruments falling into improper hands either through forgery or fraud.

### **Allotment advice or Demat Credit**

The demat credit of securities to the respective beneficiary accounts or the demat suspense account (pending with IEPF authority/ in suspense, etc.) will be credited within 15 days from the Issue Closing Date or such other timeline in accordance with applicable laws.

### **Option to receive Right Equity Shares in Dematerialised Form**

**PLEASE NOTE THAT THE RIGHTS EQUITY SHARES APPLIED FOR UNDER THIS ISSUE CAN BE ALLOTTED ONLY IN DEMATERIALIZED FORM AND TO (A) THE SAME DEPOSITORY ACCOUNT/ CORRESPONDING PAN IN WHICH THE EQUITY SHARES ARE HELD BY SUCH INVESTOR ON THE RECORD DATE, OR (B) THE DEPOSITORY ACCOUNT, DETAILS OF WHICH HAVE BEEN PROVIDED TO OUR COMPANY OR THE REGISTRAR AT LEAST TWO WORKING DAYS PRIOR TO THE ISSUE CLOSING DATE BY THE RESIDENT ELIGIBLE EQUITY SHAREHOLDER HOLDING EQUITY SHARES IN PHYSICAL FORM AS ON THE RECORD DATE, OR (C) DEMAT SUSPENSE ACCOUNT WHERE THE CREDIT OF THE RIGHTS ENTITLEMENTS RETURNED/REVERSED/FAILED.**

Investors shall be Allotted the Rights Equity Shares in dematerialized (electronic) form.

**INVESTORS MAY PLEASE NOTE THAT THE EQUITY SHARES OF OUR COMPANY CAN BE TRADED ON THE STOCK EXCHANGES ONLY IN DEMATERIALIZED FORM.**

The procedure for availing the facility for Allotment of Rights Equity Shares in the Issue in the electronic form is as under:

- Open a beneficiary account with any Depository Participant (*care should be taken that the beneficiary account should carry the name of the holder in the same manner as is registered in the records of our Company. In the case of joint holding, the beneficiary account should be opened carrying the names of the holders in the same order as registered in the records of our Company*). In case of Investors having various folios in our Company with different joint holders, the Investors will have to open separate accounts for each such holding. Those Investors who have already opened such beneficiary account(s) need not adhere to this step.
- It should be ensured that the depository account is in the name(s) of the Investors and the names are in the same order as in the records of our Company or the Depositories.
- The responsibility for correctness of information filled in the Application Form vis-a-vis such information with the Investor's depository participant, would rest with the Investor. Investors should ensure that the names of the Investors and the order in which they appear in Application Form should be the same as registered with the Investor's depository participant.
- If incomplete or incorrect beneficiary account details are given in the Application Form, the Investor will not get any Rights Equity Shares and the Application Form will be rejected.

- The Rights Equity Shares will be allotted to Applicants only in dematerialized form and would be directly credited to the beneficiary account as given in the Application Form after verification or demat suspense account (pending receipt of demat account details for resident Eligible Equity Shareholders whose Equity Shares are with IEPF authority/ in suspense, etc.). Allotment advice, refund order (if any) would be sent directly to the Applicant by email and, if the printing is feasible, through physical dispatch, by the Registrar but the Applicant's depository participant will provide to him the confirmation of the credit of such Rights Equity Shares to the Applicant's depository account.
- Renounees will also have to provide the necessary details about their beneficiary account for Allotment of Rights Equity Shares in the Issue. In case these details are incomplete or incorrect, the Application is liable to be rejected.
- Non-transferable allotment advice/ refund orders will be sent directly to the Investors by the Registrar to the Issue.
- Dividend or other benefits with respect to the Equity Shares held in dematerialized form would be paid to those Equity Shareholders whose names appear in the list of beneficial owners given by the Depository Participant to our Company as on the date of the book closure.

**Resident Eligible Equity Shareholders, who hold Equity Shares in physical form and who have not furnished the details of their demat account to the Registrar or our Company at least two Working Days prior to the Issue Closing Date, shall not be able to apply in this Issue for further details, please refer to “*Procedure for Application by Eligible Equity Shareholders holding Equity Shares in physical form*” on page 263.**

#### **Investment by FPIs**

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the multiple entities having common ownership, directly or indirectly, of more than 50% or common control) must be below 10% of our post- Issue Equity Share capital. Further, in terms of FEMA Rules, the total holding by each FPI shall be below 10% of the total paid-up equity share capital of a company on a fully-diluted basis and the total holdings of all FPIs put together shall not exceed 24% of the paid-up equity share capital of a company on a fully diluted basis.

Further, pursuant to the FEMA Rules the investments made by a SEBI registered FPI in a listed Indian company will be reclassified as FDI if the total shareholding of such FPI increases to more than 10% of the total paid-up equity share capital on a fully diluted basis or 10% or more of the paid up value of each series of debentures or preference shares or warrants.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time. The FPIs who wish to participate in the Issue are advised to use the ASBA Form for non-residents. Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, only Category I FPIs, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by an FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons eligible to be registered as Category I FPIs; and (ii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms. An FPI may transfer offshore derivative instruments to persons compliant with the requirements of Regulation 21(1) of the SEBI FPI Regulations and subject to receipt of consent, except where pre-approval is provided.

All non-resident investors should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of bank charges and commission.

#### **Investment by Systemically Important Non-Banking Financial Companies (NBFC – SI)**

In case of an application made by Systemically Important NBFCs registered with the RBI, (a) the certificate of registration issued by the RBI under Section 45 –IA of the RBI Act, 1934 and (b) net worth certificate from its

statutory auditors or any independent chartered accountant based on the last audited financial statements is required to be attached to the application.

### **Investment by AIFs, FVCIs and VCFs**

The SEBI (Venture Capital Funds) Regulations, 1996, as amended (“**SEBI VCF Regulations**”) and the SEBI (Foreign Venture Capital Investor) Regulations, 2000, as amended (“**SEBI FVCI Regulations**”) prescribe, among other things, the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the SEBI (Alternative Investments Funds) Regulations, 2012 (“**SEBI AIF Regulations**”) prescribe, among other things, the investment restrictions on AIFs.

**As per the SEBI VCF Regulations and SEBI FVCI Regulations, VCFs and FVCIs are not permitted to invest in listed companies pursuant to rights issues. Accordingly, applications by VCFs or FVCIs will not be accepted in this Issue.**

Venture capital funds registered as Category I AIFs, as defined in the SEBI AIF Regulations, are not permitted to invest in listed companies pursuant to rights issues. Accordingly, applications by venture capital funds registered as category I AIFs, as defined in the SEBI AIF Regulations, will not be accepted in this Issue. Other categories of AIFs are permitted to apply in this Issue subject to compliance with the SEBI AIF Regulations.

Such AIFs having bank accounts with SCSBs that are providing ASBA in cities / centres where such AIFs are located are mandatorily required to make use of the ASBA facility. Otherwise, applications of such AIFs are liable for rejection

### **Applications will not be accepted from FPIs in restricted jurisdictions.**

FPIs which are QIBs, Non-Institutional Investors or whose application amount exceeds ₹ 2 lacs can participate in the Rights Issue only through the ASBA process. Further, FPIs which are QIB applicants and Non-Institutional Investors are mandatorily required to use ASBA, even if application amount does not exceed ₹ 2 lacs.

### **Investment by NRIs**

Investments by NRIs are governed by Rule 12 of FEMA Rules. Applications will not be accepted from NRIs in Restricted Jurisdictions.

NRIs may please note that only such Applications as are accompanied by payment in free foreign exchange shall be considered for Allotment under the reserved category. The NRIs who intend to make payment through NRO accounts shall use the Application form meant for resident Indians and shall not use the Application forms meant for reserved category.

As per Rule 12 of the FEMA Rules read with Schedule III of the FEMA Rules, an NRI or OCI may purchase or sell capital instruments of a listed Indian company on repatriation basis, on a recognised stock exchange in India, subject to the conditions, inter alia, that the total holding by any individual NRI or OCI will not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together will not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants. The aggregate ceiling of 10% may be raised to 24%, if a special resolution to that effect is passed by the general body of the Indian company.

### **Investment by Mutual Funds**

Applications made by asset management companies or custodians of Mutual Funds should clearly and specifically state names of the concerned schemes for which such Applications are made.

In case of a Mutual Fund, a separate Application can be made in respect of each scheme of the Mutual Fund registered with SEBI and such Applications in respect of more than one scheme of the Mutual Fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

No Mutual Fund scheme shall invest more than 10% of its net asset value in equity shares or equity related instruments of any single company provided that the limit of 10% shall not be applicable for investments in case of index funds or sector or industry specific schemes. No Mutual Fund under all its schemes should own more than 10% of any company's paid-up share capital carrying voting rights.

### **Procedure for applications by Systemically Important NBFCs**

In case of application made by Systemically Important NBFCs registered with the RBI, (i) the certificate of registration issued by the RBI under Section 45 –IA of the RBI Act, 1934 and (ii) networth certificate from its statutory auditors or any independent chartered accountant based on the last audited financial statements is required to be attached to the application.

### **Payment by stock invest**

In terms of RBI Circular DBOD No. FSC BC 42/24.47.00/2003- 04 dated November 5, 2003, the stock invest Scheme has been withdrawn. Hence, payment through stock invest would not be accepted in this Issue.

### **Impersonation**

As a matter of abundant caution, attention of the Investors is specifically drawn to the provisions of Section 38 of the Companies Act, 2013 which is reproduced below:

*“Any person who:*

- (i) makes or abets making of an application in a fictitious name to a company for acquiring, or subscribing for, its securities; or*
- (ii) makes or abets making of multiple applications to a company in different names or in different combinations of his name or surname for acquiring or subscribing for its securities; or*
- (iii) otherwise induces directly or indirectly a company to allot, or register any transfer of, securities to him, or to any other person in a fictitious name,*

*shall be liable for action under Section 447.”*

The liability prescribed under Section 447 of the Companies Act, 2013 for fraud involving an amount of at least ₹ 10 lacs or 1% of the turnover of the Company, whichever is lower, includes imprisonment for a term which shall not be less than six months extending up to ten years (provided that where the fraud involves public interest, such term shall not be less than three years) and fine of an amount not less than the amount involved in the fraud, extending up to three times of such amount. Where such fraud (i) involves an amount which is less than ₹ 10 lacs or 1% of the turnover of the Company, whichever is lower, and (ii) does not involve public interest, then such fraud is punishable with imprisonment for a term extending up to five years or fine of an amount extending up to ₹ 50 lacs or with both.

### **Dematerialised Dealing**

Our Company has entered into tripartite agreements dated April 6, 2010 and April 12, 2010 with NSDL and CDSL, respectively, and our Equity Shares bear the ISIN: INE999K01014.

### **Disposal of Applications and Application Money**

No acknowledgment will be issued for the Application Money received by our Company. However, the Designated Branch of the SCSBs receiving the Application Form will acknowledge its receipt by stamping and returning the acknowledgment slip at the bottom of each Application Form. Our Board reserves its full, unqualified and absolute right to accept or reject any Application, in whole or in part, and in either case without assigning any reason thereto.

In case an Application is rejected in full, the whole of the Application Money will be unblocked in the respective ASBA Accounts, in case of Applications through ASBA. Wherever an Application is rejected in part, the balance of Application Money, if any, after adjusting any money due on Rights Equity Shares Allotted, will be unblocked in the respective ASBA Accounts of the Investor within a period of 15 days from the Issue Closing Date.

For further instructions, please read the Application Form carefully.

## RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991, of the Government of India and FEMA. While the Industrial Policy, 1991, of the Government of India, prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. The Union Cabinet, as provided in the Cabinet Press Release dated May 24, 2017, has given its approval for phasing out the FIPB. Under the Industrial Policy, 1991, unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Accordingly, the process for foreign direct investment (“**FDI**”) and approval from the Government of India will now be handled by the concerned ministries or departments, in consultation with the Department for Promotion of Industry and Internal Trade, Ministry of Commerce and Industry, Government of India (formerly known as the Department of Industrial Policy and Promotion) (“**DPIIT**”), Ministry of Finance, Department of Economic Affairs, FIPB section, through a memorandum dated June 5, 2017, has notified the specific ministries handling relevant sectors.

The Government has, from time to time, made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated FDI Policy Circular of 2017 (“**FDI Circular 2017**”), which, with effect from August 28, 2017, consolidated and superseded all previous press notes, press releases and clarifications on FDI issued by the DPIIT that were in force and effect as on August 28, 2017. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Circular 2017 will be valid until the DPIIT issues an updated circular.

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases which are notified by RBI as amendments to FEMA. In case of any conflict between FEMA and such policy pronouncements, FEMA prevails. The Consolidated FDI Policy, issued by the DIPP, consolidates the policy framework in place as on August 27, 2017, and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore the Consolidated FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company falls under the automatic route as provided in the FDI Policy and FEMA and transfer does not attract the provisions of the SEBI Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI and RBI.

As per the existing policy of the Government of India, erstwhile OCBs cannot participate in this Issue.

*The above information is given for the benefit of the Applicants / Investors. Our Company and the Lead Managers are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Letter of Offer. Investors are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.*

## **SECTION VIII – STATUTORY AND OTHER INFORMATION**

Please note that the Rights Equity Shares applied for under this Issue can be allotted only in dematerialized form and to (a) the same depository account/ corresponding pan in which the Equity Shares are held by such Investor on the Record Date, or (b) the depository account, details of which have been provided to our Company or the Registrar at least two working days prior to the Issue Closing Date by the Eligible Equity Shareholder holding Equity Shares in physical form as on the Record Date.
