

# Brent slumps below \$100/bbl

**ARATHY SOMASEKHAR**  
Houston, July 12

**GLOBAL BENCHMARK**  
BRENT crude tumbled to below \$100 a barrel on Tuesday due to a stronger dollar, demand-sapping COVID-19 curbs in top crude importer China and fears of a global economic slowdown.

Brent crude futures were down by \$7.62, or 7.1%, at \$99.48 a barrel by 11:04 am ET (1504 GMT). US West Texas Intermediate crude was down

\$7.69, or 7.3%, at \$96.42. "Crude trading under extreme pressure this AM as a defensive posture continues

with consumer sentiment still in a depressed mode along with a COVID re-surface in China," said Dennis Kissler, senior vice president for trading at BOK Financial, adding that a record dollar was triggering more selling liquidation.

The dollar index, which tracks the unit against a basket of six counterparts, earlier climbed to 108.56, its highest since October 2002. A stronger greenback usually weighs on oil prices as it makes the dollar-priced commodity more expensive for holders of other currencies.

Investors have been dumping petroleum-related derivatives at one of the fastest rates of the pandemic era as recession fears intensified. Hedge funds and other money managers sold the equivalent of 1.10 million barrels in the six most important petroleum-related futures and options contracts in the week to July 5.

Fears of an economic downturn also pushed down the S&P 500 and the Nasdaq. —REUTERS

# HFC loan portfolio seen growing 12%: Report

**FE BUREAU**  
Mumbai, July 12

**THE HOUSING FINANCE** sector is poised for a higher growth in loan disbursements and improvement in asset quality during the current financial year. The loan portfolio of housing finance companies (HFC) is expected to grow by around 12% on year in the current financial year on steady growth in disbursements and improving real estate sector and macro-economic environment, CareEdge said in a report.

HFCs are gaining market share in the housing portfolio market as compared to banks due to a higher growth in loan disbursements. This trend is likely to continue going ahead, the ratings agency said. HFCs wit-

nessed a higher growth rate in loan disbursement compared to banks. HFCs posted a double-digit growth rate at 11% on year, surpassing the 7% growth rate reported by the banks. The growth in the HFC sector in FY22 was driven largely by the prime segment, which grew at 9% on year, an improvement of 100 bps compared to the previous year.

In the affordable HFC space, loan against property (LAP) drove the loan growth with the share of LAP increasing to 25% from 19% on year. Affordable HFCs also benefited from a smaller base due to moderation in growth during pandemic years and the underwriting of loans in the below-prime segment.

Going ahead, the profitability of HFCs is likely to come under pressure on account of rising interest rate scenario. Large HFCs have already started increasing lending rates in line with the increase in their borrowing costs. The full impact of the re-pricing will be visible in FY24 as a lot of resets may happen during the current year, the ratings agency said.

# Jewar airport: Farmers demand enhanced compensation

**DEEPA JAINANI**  
Lucknow, July 12

**FOR THE 3,200** villagers of Ranhera, Dayantpur, Veerampur, Kureb, Karauli Bangar and Mundhera, the six villages that are to be acquired for the second phase of the greenfield Jewar International Airport, it's a choice between the devil and the deep sea.

While on the one hand they are looking forward for development to step into the region on the back of Asia's largest and the world's fourth-largest airport after completion, they are adamant on not parting with their lands until the administration gives in to their demands of adequate compensation and proper rehabilitation and resettlement benefits. These include four times compensation on enhanced circle rates for their lands and a proper resettlement policy.

The overall land requirement for the airport is estimated at 5,000 hectare. The first phase of the airport is expected to be completed by September 2024 and will have a capacity to cater to 12 million passengers per year. The second phase is due to be completed by

**As per district administration data, a total of 7,164 villagers are to be affected by land acquisition. Of those, the consent of 5,014 is mandatory**

are due to be finished by FY36 and FY40, respectively, further enhancing its capacity to 50 million and 70 million passengers, respectively.

The state government has already handed over 1,334 hectare in Jewar to the Yamuna International Airport Private Limited (YIAPL) — a 100% subsidiary of Zurich Airport International, which has been incorporated as a special purpose vehicle (SPV) to develop Jewar airport, last year.

According to the agreement, another 1,385 hectare is to be provided adjacent to the existing airport site for the second phase, which would facilitate the third runway and a maintenance, repair and overhaul (MRO) centre for aircrafts. Out of this 1,385 hectare of land, nearly 1,185 hectare is to be acquired from the farmers of these six villages.

As per district administration data, a total of 7,164 villagers are to be affected by the land acquisition, out of which, the consent of 5,014 is mandatory, as per the LARR which stipulates that at least 70% of the land owners must give their consent for a PPP project. However, as on July 6, only 1,814 residents had given their consent, while 3,200 disagreed to give their consent due to the land price.

"We have seen the condition, farmers of the six villages who had given their lands for the first phase, are living in. They fell for the promises of a better future and accepted the two-time compensation. Now, they have been relocated to a rehabilitation site, which does not have even the most basic facilities such as sanitation, electricity and water. They also did not get any of the jobs promised by the administration" said Pitam Singh, a farmer from Ranhera, adding that the farmers have now decided they would not give their consent until the administration agreed to their demands.
